FUGITIVE WORKS IN
SIGHT OF PRISON.

Lincoln, Neb., Nov. 14.—Clarence Lackey was in a cell at police headquarters singing and whistling Friday despite the fact he faced a prison term.

He was happy because his mind had been relieved of the thought that he was a parole violator from the Nebraska state penitentiary at Lincoln.

Arrested for begging, Lackey voluntarily told a city detective the story of how in May, 1901, he fled from the state after he had accidentally set fire to a barn near the place of a farmer to whom he had been paroled. He was sent to the penitentiary, he said, for the theft of a small amount of money. That was back in 1897.

For six months past the prisoner said he had been working with a grading gang on a road in front of the state prison, without being detected. He still has about 10 years to serve and was taken back to the state penitentiary late Friday.

DOGS FIND FROZEN
BODIES OF WARRIORS.

Geneva, Nov. 14.—The frozen bodies of several Austrian artillerymen, perfectly preserved, have been discovered by St. Bernard dogs in an Alpine trench near the summit of Stelvio pass, about 10,000 feet above sea level. It is believed that a whole battery was buried in the deep snow. Searching parties already have uncovered seven bodies.

BELLS ON TURKEYS WILL
TOLL THEIR DEATH KNEE.

Marysville, Cal., Nov. 14.—With the double object in view of frightening off the detested coyote and the easy location of their flocks in the heavy undergrowth, the turkey raisers of the Willow Glen section of Yuba county have attached bells to their birds.

Gobblers are honored with a bell heavier than the hen turkey in recognition of their leadership.

Many of the bells will toll the death knell of the turkeys in a very short time as a prelude to the appearance on Thanksgiving tables.

The pugilist will appear in five feature plays written expressly for him. None of his parts will include a boxing contest.

The picture, according to Dempsey's announcement, will be on the order of "The Birth of a Nation." One thousand persons will take part in the production and in several scenes as many as 400 actors will participate.

ASK NEW LAWS FOR
ILLEGITIMATE CHILDREN.

St. Louis, Mo., Nov. 14.—Laws legitimizing children born out of wedlock were urged before the national women's council in the resolutions presented by Mrs. Ellen Spencer Mussey, chairman of the department of legal status of women and children. The resolution, which was unanimously adopted, included the rights of the child to the father's name and to inherit property of both parents.

Other resolutions presented by Mrs. Mussey advocated the establishment of minimum wage boards in all states, urged laws giving joint and equal guardianship of parents over minor children, and for raising the age necessary for making a contract, and appealed to congress to pass laws to allow women marrying aliens to retain their citizenship.

Plymouth, Nov. 14.—Lady Astor has begged the voters of Plymouth not to call her "Our Nancy." She added: "If you keep it up, the first thing you know my children will call me by my first name—and that wouldn't be right and dignified, would it?"

The Astors have three sons and one daughter.

"Underground Line" From Soviet Russia to United States Runs Through Southern Republic, Agents Learn.

NEW CONSTITUTION
ATTRACTS RADICALS

Government Officials Gather Evidence Showing Distribution of Red Propaganda in America Via Mexico.

Washington, Nov. 14.—Disclosures of large orders for arms and ammunition placed by Mexico in Europe were followed by revelations tending to show that the "reds" underground line" from Soviet Russia to the United States runs by way of Mexico.

It became known that the immigration service and the Department of Justice both are concerned at the influx of Russian radicals and other aliens of "red" tendencies over the Mexican border. Furthermore, government agents have traced much red propaganda over the Mexican line.

A letter written October 23, by Raymond P. De Negri, Mexican consul general in New York, to Flavia Borquez, a Mexican senator, endorsing the principle of "nationalization" has come into the hands of the government and already has been called to the attention of the State department by at least two senators as showing De Negri's association with "radical socialists" in the United States.

Embarrassing Situation. In the opinion of officials here the publication of the letter may lead to an embarrassing situation. It is known that the senators who called the attention of Secretary Lansing to it recommended cancellation of the consul general's exequaturs.

Government investigators have reported that radicals seemed to have been first attracted to Mexico by certain so-called "ultra-modern" provisions of the new constitution. De Negri in his letter writes that "only Russia by nationalizing lands has gone further than we have."

Agents Have Been Busy. Government agents also have gathered evidence showing distribution of red propaganda in the United States through Mexican sources and this is expected to be shown publicly soon.

Secretary Lansing explained today that a diplomatic inquiry had been made at Brussels respecting the placing of munitions orders by Mexico in Belgium. The government adopted that course rather than that of a protest and is now satisfied that no shipments are to be made. The extensive orders placed by Mexico in Spain, Secretary Lansing refused to discuss, although it is known that the government has full knowledge of them and it is expected that a satisfactory means will be found to prevent others.

The international arms convention, in violation of which the recent shipments have been made is as yet an unpublished document. It is understood here that it was signed in Paris on September 14, by the signatories to the league of nations covenant and provides that no nation which intends to become a member of the league may permit shipments of arms while the world is passing through the transition period from war to peace.

Charge Woman Killed
Ranchman Who Was
Attentive to Sister

Marysville, Cal., Nov. 14.—Mrs. Fred J. Wilson, wife of a San Francisco newspaper man, and her brother, Frank A. McCormick, must stand trial for first degree murder for the killing on November 1 of Charles Brown, a wealthy sheep raiser, it was announced today following a preliminary hearing.

Brown was shot to death on the Wilson ranch, near here, during a quarrel that was alleged to have been precipitated by charges of Mrs. Wilson and McCormick that Brown had been paying undue attention to Mrs. O. J. Howard, a sister of McCormick and Mrs. Wilson.

Jury Disagrees in Case
Of Murdered Detective

Onawa, Ia., Nov. 14.—The jury in the case of Jim Davis, on trial here for the murder of Detective James Britton of Sioux City, have disagreed, and the men were discharged by the court after deliberating 27 hours. They stood 9 to 3 for conviction. The case was brought here from Sioux City on a change of venue, the defendant's attorneys alleging perjury. Detective Britton was killed July 22 last, in a battle with gangsters in Sioux City. Harry Burzette, the leader of the band, was shot and killed by Britton.

GET READY TO
REPEL INVASION
OF 2,000 I. W. W.

Members of the American Legion in Spokane Sworn in And Given Arms.

Spokane, Nov. 14.—Orders for the mobilization of the two companies of the National Guardsmen were issued tonight by Major Thomas G. Aston.

Spokane, Nov. 14.—Members of the American legion here were being sworn in as special policemen this evening to meet what was declared to be an invasion of 1,000 to 2,000 members of the I. W. W. due to arrive here tonight from Montana and other parts of the northwest.

Arrangements were being made with officers at Fort George Wright, here, for arms and ammunition for the American legion sheriffs, who were to be held in readiness for immediate action. Maj. Thomas Aston, commander of the Third battalion of the National guard, announced he had telegraphed Adjutant General Moore recommending that the two local companies of guardsmen be mobilized.

All I. W. W. suspects are to be arrested, according to an agreement reached at a conference here late today between Commissioner Tilsen, chief of department of public safety, Chief of Police Wier, Sheriff Reid and other officers, and representatives of the American legion. After jails have been filled, prisoners will be held elsewhere under guard.

Wreck I. W. W. Hall.

Los Angeles, Nov. 14.—Industrial Workers of the World headquarters at German hall was raided by uniformed police and ex-service men armed with clubs and the place wrecked, after a melee in which several supposed members of the radical organization were injured. Two were taken to the receiving hospital.

About 50 alleged I. W. W. including five women, were holding a meeting behind closed doors when the raiders, 20 to 30 strong, broke in the doors. Less than three minutes afterward, it is declared, the I. W. W. were fleeing in wild disorder, and the former service men were systematically breaking furniture, smashing windows and tearing down signs.

DUB PUSSYFOOT
"GOOD SPORT" IN
"LUNNON TOWN"

American Prohibitionist Who Rode Plank Thursday Usurps Newspaper Headlines.

London, Nov. 14.—William E. ("Pussyfoot") Johnson, the American prohibitionist whose campaign in England was rudely interrupted Thursday by a band of students, today as a result of his attitude toward the adventure is one of the most talked of and popular figures of the day. He commanded the biggest headlines in today's newspapers and the general verdict of the headlines written was that he is a "good sport."

Mr. Johnson could not have desired a better advertisement than Thursday's incident for his campaign against the liquor traffic, and his future public appearances likely will command attention by reason of the fact that he has announced himself as considering the hazing he underwent a good joke. The students who marched about with him yesterday, upsetting traffic in a goodly part of the west end now propose to tender Mr. Johnson a banquet and present to him their tributes of respect.

The opposition to the Anti-Saloon league organizer, London, it is said, has been based on the feeling that it was impertinent for an American prohibitionist to come across seas to lecture the English on what they should do.

Landis Charges That
Jury Bribing Tried in
Motor Head's Trial

Chicago, Nov. 14.—Charges of attempts to influence the jury and the activity of detectives in following the defendants and the lawyers in the case were made today at the trial of S. C. Pandolfo and 12 other officials of the Pan-Motor company accused of using the mails to defraud.

"When a woman all but embraces the jury and has to be kicked out of the case, the matter is a serious one for the men who send her and for the counsel connected with the case," said Judge Landis.

"I'll tell you gentlemen, efforts have been made to engraft things in this case that would have disgraced the old North Side state criminal court."

Sec. Wilson Says in Opening Conference Demands for 30-Hour Week and 60 Per Cent Boost Are Impossible.

PEOPLE INTERESTED IN
STRIKE SETTLEMENT

Not "Shylocks" and Do Not Want to Exact "Technical Provisions of Bond When Conditions Have Changed."

Washington, Nov. 14.—Demands of coal miners for a 30-hour week and a 60 per cent increase in wages and an unyielding position by the operators, alike were declared "impossible" by Secretary Wilson in opening today the conference called to bring peace to the bituminous coal fields of the nation. To obtain this peace the secretary proposed three plans of procedure.

Declaring that the Washington wage agreement still is legally in force, Mr. Wilson told the operators and miners that the people of the United States were not "shylocks" and do not want to exact "the technical provisions of a bond when the conditions under which the bond was made have changed." He added that "if any great change is made in the contracts the people of the United States are the ones who will have to pay" and throughout his remarks emphasized the public interest in the coal settlement.

The three proposals expected to aid the two factions in arranging the new wage agreement were set forth by the secretary as follows:

Three Proposals. "First negotiation through joint wage scale committees representing all districts; second, negotiation through concurrent sessions of committees from the various districts and, third, negotiation first of an agreement in the central competitive field and then of agreements for other fields with that of the central district as a basis."

After hearing Secretary Wilson the conference adjourned until 10 o'clock tomorrow to permit the miners and operators to discuss separately the plan which would be most acceptable to each.

Prince of Wales Quits
Washington for South
Will Remain Incognito

Washington, Nov. 14.—The prince of Wales left Washington Friday night accompanied by only his immediate personal staff for a three-day stay in a southern winter resort, where he proposes to remain in strict incognito. His next public appearance will be Tuesday, when he arrives in New York to remain until he sails for England the following Saturday.

The prince called on Mrs. Marshall, wife of Vice President Marshall, who has been slightly indisposed. On his return from a trip to the naval academy at Annapolis he paid a visit to Cardinal Gibbons, the venerable head of the Roman Catholic church in America. He was received by the cardinal in the rectory of St. Patrick church and chatted with him for 10 minutes. Afterwards he drove to the Belmont home where he dined privately.

At the door of the rectory the prince was greeted by James Burns, a veteran of the Boer war and a former trooper in the Tenth Royal Hussars, "The Prince's Own." Burns told the prince that he had formed one of the guard of honor at the wedding of his father and mother.

Noted Texas Cattleman
Held in Murder Case

San Antonio, Tex., Nov. 14.—James Callan, a widely known ranchman and for several years president of the Texas Cattle Raisers' association, is in the county jail at Menard awaiting an examining trial in connection with the death of T. R. Billings, a young stockman of Dewitt county. Billings was shot and killed near the Callan ranch last Wednesday. Callan, who phoned for the sheriff, the coroner and an undertaker immediately after the shooting, refused to discuss the affair before the trial.

War-time Prohibition
Upheld in New York

New York, Nov. 14.—Three attempts to prevent enforcement of the wartime prohibition and Volstead enforcement acts failed in federal courts here. Federal Judges Hand, Knox and Rose of Baltimore, each in a different case, upheld the constitutionality of the law in denying petitions seeking injunctions to restrain interference in manufacture and withdrawal liquor from bond.

DEATH NOTE SENT
TO 8 MEMBERS OF
LEGION BY I. W. W.

Threatened With Same Fate That Befell Comrades In Centralia on Armistice Day.

Seattle, Nov. 14.—Renewed activity by both factions today marked the fight in the northwest of government agents against the I. W. W. organization. The establishment of the Seattle Union Record was seized for the second time in 24 hours and the American Legion in Spokane received a letter in which eight local members of the organization were threatened with the fate of former soldiers killed at Centralia Tuesday.

The plant of the newspaper was seized this afternoon by John M. Boyle, United States marshal, and publication stopped. "My office," said Boyle late today, "received instructions to seize the entire plant and keep possession of it indefinitely."

The government probably thought it best to hold the entire Record plant until the case against its editor and directors is disposed of," Boyle added.

Death Letter Signed.

The letter received in Spokane was signed "Industrial Workers of the World, Fred Rusman, managing secretary." It was typewritten and mailed in Spokane yesterday. The men named in the letter as "marked" were: Frank McKeivitt, Lester Mallette, Frank O'Leary, Henry Wise, Ralph Gordon, Russell Alexander, H. E. T. Homan, James Albi and Harold Pitts. With but one or two exceptions these men are overseas veterans and held commissions in the army. Wise is an officer of the Spokane American Legion post.

Federal Judge Knox, before whom the case was tried, intimated that he would send the men to prison.

UNION PLAN IN
ESCH RAILROAD
BILL ADOPTED

Workers Score Victory in House—Compulsory Arbitration Rejected.

Washington, Nov. 14.—Railway workers scored a complete victory in the house today through incorporation of their plan for voluntary conciliation of labor disputes in the Esch bill. The house rejected a plan of compulsory arbitration, including an anti-strike provision, and also the plan written into the bill by the house interstate commerce committee, which was described as a "middle ground" between that adopted and compulsory arbitration. No direct vote on the anti-strike proposal was taken.

On both votes the proponents of the union's plan won by large majorities. First, by a vote of 151 to 75, the house substituted the union's plan for compulsory arbitration, and then 161 to 108, cast aside the committee plan for that endorsed by the workers.

Final action came after practically the entire day had been devoted to debate of the three plans and after adoption of the worker's plan, renewed efforts to include anti-strike provision met with defeat through parliamentary tactics.

Plan Drafted by Iowan.

The plan approved by the railroad employees, which was drafted by Representative Sweet, republican, Iowa, and offered in the house by Representative Anderson, republican, Minnesota, would legalize the machinery used by the railroads and their employees before and during federal control for the settlement of disputes, with commissions on labor disputes being added to consider cases appealed from the joint boards that first consider them.

In brief, the plan divides the railroad workers into three classes, and for each it establishes an adjustment board and an appeal commission. No penalty against strike or lockout is imposed, and membership on all six of the boards would be restricted to the workers and their employers, and divided equally between them.

Both the roads and the employees would be directed by the plan as written into the bill, "to exert every reasonable effort and adopt every available means to avoid an interruption of traffic, and to this end the three boards of adjustment would be created, these being substantially the same as those existing under the railroad administration."

Deal With Separate Disputes.

The three adjustment boards would each deal with disputes of certain classes of the 14 railway unions. One board would include representatives of the four big brotherhoods—the engineers, the (Continued on Page Two, Column Three.)

GRAND JURY ENDS

HAZE CLEAN BILL

Although Boys Stick to Their Story of Frameup Against Bee Reporter Police Officer Is Exonerated.

Captain Henry P. Haze of the Omaha police department, who was charged with criminal conspiracy and subornation of perjury in connection with the indictment recently returned against J. Harry Moore, Bee reporter, for alleged complicity in the riot of September 28, yesterday was exonerated by the grand jury.

In sworn statements Ernest Morris and Harold Thorp, now serving 90-day sentences in the county jail for rioting, upon whose testimony Moore was indicted, declared they had been induced by Captain Haze to give false testimony before the grand jury in order to procure the reporter's indictment.

The grand jury spent parts of five days investigating the charges against the police captain and examined 17 witnesses.

Promised Their Freedom. Morris and Thorp stated in their affidavits published in The Bee that they entered into the agreement with Captain Haze to "frameup" on Mr. Moore. They declared that Captain Haze told them he would see to it that they would not serve jail sentences for their own complicity in the riot.

While the grand jury exonerated Captain Haze, the boys who brought the charges against the police captain yesterday reiterated their published statements to the effect that Captain Haze did induce them to (Continued on Page Two, Column Two.)

HINDENBURG

Demonstrators Refuse to Permit Field Marshal to Enter Reichstag Building to Testify Before Investigators.

"HOCH" FOR ONETIME
RULER AND EMPIRE

Thousands of Persons Follow Ex-Soldier's Auto Singing "Die Wacht Am Rhein" and "Deutschland Uber Alles."

Berlin, Nov. 14.—(By The Associated Press.) Pan-German students today refused to permit Field Marshal Von Hindenburg to enter the Reichstag building to testify before a subcommittee which is investigating war responsibilities, and forced the field marshal's chauffeur to return with the former commander-in-chief to his home.

The demonstration occurred this morning. As the field marshal's automobile was being driven toward the Reichstag building, the students surrounded it and declared their unwillingness to allow him to be questioned by the subcommittee.

Von Hindenburg begged the students, who clung to the running board of the machine, to allow the automobile to pass, as he was due at the Reichstag. The students, however, replied by ordered the street closed, declaring that they were unwilling to allow the subcommittee to interrogate him. Again Von Hindenburg protested, but he was unable to quell the demonstration.

Nationalist Demonstration.

It was a nationalist demonstration for both Von Hindenburg and General Ludendorff, and for a time it assumed serious proportions. The crowd which gathered consisted mostly of students of both sexes, who carried with them an old German flag.

When Hindenburg's automobile was waylaid the crowd cheered both Von Hindenburg and Ludendorff and shouted, "Down with the Jewish government." After Von Hindenburg's protests that he be at least a student again sprung on the automobile, nevertheless slowly began to pierce its way through the crowd toward the reichstag, thousands of persons following, singing "Die Wacht Am Rhein" and "Deutschland Uber Alles."

There also were shouts of "Brothers, we will not allow such a disgrace." "For us there is only one kaiser and empire" and "We will not endure that our glorious kaiser be besmirched."

Along the route was a statue of the former emperor, the name on which was hidden under a canvas.

"Hoch" for the Kaiser.

The students tore off the canvas with cries of "Hoch" for the onetime ruler and the empire.

At the Reichstag building was reached a student again sprang on the running boards of Von Hindenburg's machine and delivered an impassioned speech, dealing with Von Hindenburg's services to the Fatherland and demanding that it should do its utmost to prevent Von Hindenburg appearing before the "stupid youths" of the subcommittee.

Finally, Von Hindenburg, seeing the futility of endeavoring to calm the mob, permitted the chauffeur to drive homeward. First, however, he thanked the crowd for the respect to him implied by the demonstration.

In official quarters it was announced that the students had violated the conditions imposed by martial law and that troops would be ordered to suppress any similar demonstrations.

De Valera Compelled
To Remove Irish Flag
From His Automobile

Portland, Ore., Nov. 14.—A flag of the Irish republic was removed from the automobile of Eamonn De Valera, president of the Irish republic, here by request of a party of former service men headed by Ensign A. T. Kurtz.

De Valera's car had been parked near the Liberty temple. On one side of the radiator it bore an American flag and on the other side a flag of the Irish independence party. Kurtz and 25 ex-service men, who were on duty at the Liberty temple, asked the man in charge of the car to remove the party flag, in view of the fact that the United States government did not recognize the Irish republic. The flag was removed.

Mayor George I. Baker issued a statement saying the use of the flag was objectionable and would not be permitted publicly during the remainder of De Valera's stay here.
