SUPERFLUOUS HAIR WHY IT INCREASES

Hair growth is stimulated and its frequent removal is necessary when merely removed from the surface of the skin. The only logical and practical way to remove hair is to attack it under the skin. DeMitrac, the original sanitary liquid, does this by absorption. Only genuine DeMitrac has a money-back guarantee in each package. At toilet counters in 60c, 81 and 83 sizes, or by mail from us in plain wrapper at the special price. FREE! Book mailed in plain sealed envelope on request. DeMitrac, 125th St. and Park Ave., New York.

NOSE CLOGGED FROM A COLD OR CATARRH

Apply Cream in Nostrils To Open Up Air Passages.
Ah! What relief! Your clogged nostrils open right up, the air passes over your head as clear and you can breathe freely. No more yawning, snuffing, mucous, headache, dryness—no struggling for breath at night, your cold or catarrh is gone.
Don't stay stuffed up! Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, giving you instant relief. Ely's Cream Balm is just what every cold and catarrh sufferer has been seeking. It's just splendid!

Face Paint Tabooed—Remove Skin Instead
"A few years ago only one class of women painted their faces," says Dr. J. W. Woodruff. "It was a sign of social ostracism and was tabooed in refined circles. The custom has become so universal we must think it is a sign of refinement and to be avoided as soon as possible."
How foolish to seek artificial "beauty" of this sort, obnoxious from artistic and moral standpoint, when it is so easy to obtain a truly natural complexion by the use of ordinary mercurized wax, which he had at any drug store in one-ounce package. This mercurized wax is so effective and so harmless, no one need think of using anything else for the purpose. Applied like cold cream at night, and washed off in the morning, it at once begins to show its beautifying and skin-purifying effects. It gently absorbs the once surface skin in fine particles, gradually showing the fresher, livelier, healthier under-skin. Naturally it takes with it surface defects, like pimples, freckles, chaps, moth patches and liver spots.

HAVE COLOR IN CHEEKS
Be Better Looking—Take Olive Tablets
If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.
Dr. Edwards' Olive Tablets—a substitute for calomel—are prepared by Dr. Edwards after 17 years of study. Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days—you must get the cause. Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.
They start the bile and overcome constipation. Millions of boxes are sold annually at 10c and 25c. Take one or two nightly and note the pleasing results.

Everyone Should Drink Hot Water in the Morning

Wash away all stomach, liver, and bowel poisons before breakfast.
To feel your best day in and day out, to feel clean inside, no sour bile to coat your tongue and sicken your breath or dull your head; no constipation, bilious attacks, sick headache, colds, rheumatism or gassy, acid stomach, you must bathe on the inside like you bathe outside. This is vastly more important, because the skin pores do not absorb impurities into the blood, while the bowels do.
To keep these poisons and toxins well flushed from the stomach, liver, kidneys and bowels, drink before breakfast each day, a glass of hot water with a teaspoonful of limestone phosphate in it. This will cleanse, purify and freshen the entire alimentary tract before eating more food.
Get a quarter pound of limestone phosphate from your pharmacist. It is inexpensive and almost tasteless. Drink phosphated hot water every morning to rid your system of these vile poisons and toxins; also to prevent their formation.

Tips to Press Chairmen.

Now that the club season has arrived, and each mail brings notices for the daily and Sunday club page, it is well for the press chairmen to have a little visit with the club editor, if not in person, then through the columns of the paper.
The most essential features of club notices naturally is the name, the place of meeting, the date and the hour.
If the sender will sign her name with her address and telephone number it will facilitate matters greatly, as it is possible the club editor may send a news story with pictures in the notice, in which case she will wish to communicate at once with the press chairman and arrange for it. Keep to facts—do not embellish, tell the story simply, but tell it all. Another essential point is the dating of the communication. One may say "the club will meet next Tuesday," but unless it is dated, the club editor is in doubt how long some "hubby" has carried it in his pocket before mailing it.
Always use full Christian name or two initials in giving the name of any one connected with an affair. Do not say Mrs. Smith will give an address. Give her full title. She will appreciate it.
If possible, always send advance notices rather than those of past events.
On the day of an affair a notice of what takes place, if reaching the office not later than 5 o'clock, may be formulated into an interesting little story for the following day's club column.
Sunday club notices must reach the office not later than Friday at 5 o'clock. When pictures are to be used on the club page they must be in the hands of the editor on Wednesday preceding the Sunday issue. Many notes reach the desk inquiring whether there is a charge for the use of club notes.
There is no charge. The department is run for the purpose of promoting the interests of club women, whose work at the present time covers a broad field of endeavor. It is the desire of the club editor to co-operate with the officers and members of every woman's organization in Omaha and the various suburbs.
She does not feel that she is doing the club women a favor by using the notices. She wants to use them, and welcomes the heavy mail which puts her in touch, as later it will put thousands of readers in touch, with

TRY A LITTLE SALTS IF KIDNEYS AND BLADDER ARE TROUBLING YOU
Salts Flushes Kidneys Without Injury; Also Neutralizes Uric Acid, Ending, Bladder Irritation.
Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.
Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful,

it is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.
Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.
Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.

WHY SOCIETY WOMEN WASH THEIR OWN HAIR
They do, not because it is a fad, but because they wish to obtain the greatest possible hair beauty and be sure they are not using anything harmful. They have found that in washing the hair it is never wise to use a makeshift, but is always advisable to use a preparation made for shampooing only. Many of our friends say they get the best results from a simple home-made canthox mixture. You can use this at a cost of about 3 cents a shampoo by getting some canthox from your druggist and dissolving a teaspoonful in a cup of hot water. This makes enough shampoo liquid to apply to all the hair instead of just the top of the head, as with most preparations. Dandruff, excess oil and dirt are dissolved and entirely disappear in the rinsing water. Your hair will be so fluffy that it will look much heavier than it is. Its luster and softness will also delight you.

Answer: Yes, your weakness is due to the coughing, but you should be well relieved by the following: Get a 2 1/2-oz. package of essence Mentho-Laxene and pack according to directions on the bottle. Take a teaspoonful every hour or two until the cough is cured. This makes a full pint of the very best and safest cough syrup.

"Mrs. P. G." writes: "I have taken medicine from several doctors for liver and kidney trouble and constipation, but it does not seem to help me at all. My skin is yellow, I have constant headaches and dizzy spells. What shall I do?"
Answer: The best remedy that I know for your trouble is 2-grain Sulphur Tablets (not sulphur tablets). These are packed in sealed tubes with full directions. Most of the remedies only aggravate, but if you take the Sulphur Tablets regularly for a few weeks you should be well. This will purify the blood and your skin will lose that sallow look.

I fear I will become a nuisance to my husband if this continues."
Answer: Your nervous system has been depleted. You need a tonic invigorating medicine that will add to supplying more food-energy to your nerves. Take three grains of Nuxated Iron regularly for several months.

WHY SOCIETY WOMEN WASH THEIR OWN HAIR
They do, not because it is a fad, but because they wish to obtain the greatest possible hair beauty and be sure they are not using anything harmful. They have found that in washing the hair it is never wise to use a makeshift, but is always advisable to use a preparation made for shampooing only. Many of our friends say they get the best results from a simple home-made canthox mixture. You can use this at a cost of about 3 cents a shampoo by getting some canthox from your druggist and dissolving a teaspoonful in a cup of hot water. This makes enough shampoo liquid to apply to all the hair instead of just the top of the head, as with most preparations. Dandruff, excess oil and dirt are dissolved and entirely disappear in the rinsing water. Your hair will be so fluffy that it will look much heavier than it is. Its luster and softness will also delight you.
