

EVERY MEMBER CANVASS WILL START SUNDAY

Is Taken as Topic for Sermons in Many of the Lutheran Churches Yesterday.

The "every member canvass" which will be made in Lutheran churches of Omaha, beginning next Sunday, was the topic in numerous Lutheran churches yesterday.

My HEART and My HUSBAND Adele Garrison's New Phase of Revelations of a Wife

The Reason Major Grantland and Made Changed Their Plans. Major Grantland did not speak until we had rounded a turn in the road. We were out of sight of Dicky, and indeed of anyone else, for the thoroughfare, one with no houses upon it, was deserted as far as we could see.

carry you in," he said firmly, scrutinizing my face. "If you attempt to walk I am afraid you may fall."

Pastor Thinks Savior Himself Would Strike Denver, Nov. 16.—Rev. W. O. Rodgers, pastor of the Fourth avenue Congregational church, this city, thinks that Jesus would go on a strike himself if he were on earth today.

MRS. C. S. BROWN COULD HARDLY HOLD UP HEAD

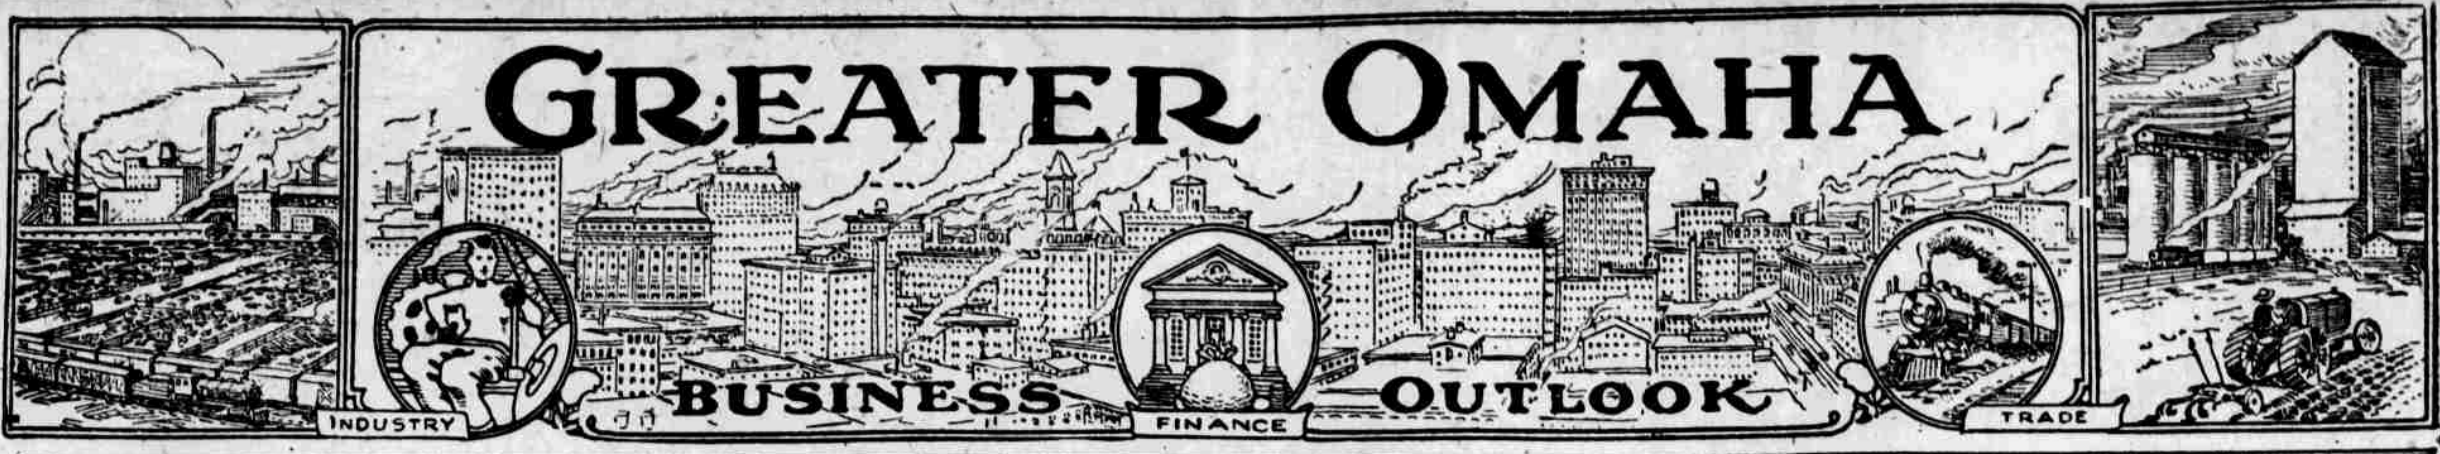

Was So Run-Down She Had to Spend Much of Her Time in Bed.

"I am the happiest woman in Galesburg, and I make no secret about what Tanlac has done for me, for I want the whole world to know about it," said Mrs. C. S. Brown, who lives at 913 Kellogg St., Galesburg, Ill., a few days ago.

"I had given up all hope of ever being well another day in my life," continued Mrs. Brown, "and just to think, here I am today as strong and healthy as I have ever been before. Only my neighbors know what the last three years have meant to me, for since my health broke down I have suffered what I believe no other woman ever went through and still came out alive. I was almost a complete nervous and physical wreck, had to spend much of my time in bed, and was so extremely nervous that I couldn't stand for even my own little children to be around my bed or in the same room where I was. I had headaches constantly and it looked like they would almost drive me wild and my nerves were on edge so bad that it seemed the harder I tried to sleep the more wakeful I felt, and many times I lay awake most all night long. I had indigestion so bad that I haven't been able to properly digest a meal for the past two years, and just about every bite I took gave me terrible cramping pains, and when gas began to form I was simply in torment. I reached my lowest point last winter when I had the flu, and hardly see how I pulled through it, and for months after I got up, so weak I could hardly hold my head up, and when I would start to walk across the room I had to steady myself with a chair to keep from falling to the floor. I was in a pitiful condition, just about as bad off as a person ever gets, and my husband had to take care of the children besides do all the housework."

"I'll never forget the first bottle of Tanlac I bought, why, it actually helped me so much that my husband said he could almost see me getting better. That gave me more encouragement than I had ever had and I kept right on taking Tanlac, and now it has taken nine bottles to give me back my health, but I never felt any better or stronger in my whole life than I do now. I never had a better appetite, never had more sound, restful sleep, and my nerves were never in better condition. What I eat digests perfectly, and I don't have any more headaches. I can hardly realize the change that has come over me and I wish I could tell every person in the whole world about it. Tanlac has been the most wonderful thing to me in my whole life, and there is nothing this world could offer that I would take for what this medicine has done for me."

Tanlac is sold in Omaha at all Sherman & McConnell Drug Company's stores, Harvard Pharmacy and West End Pharmacy. Also Forest and Meany Drug Company in South Omaha and the leading druggist in each city and town throughout the state of Nebraska.—Adv.

OMAHA, The Second Live Stock Market of The World.

It has the most modern Stock Yards in the World today—no expense has been spared to make it so.

It is situated in the center of a territory producing more food products than any in the World—hence the largest demand for feeder sheep and for this reason OMAHA is the LARGEST FEEDER SHEEP MARKET IN THE WORLD.

The Girl on the Burning Roof; Community Service and Business in Omaha By WILLIAM TANQUERY.

It is not good for man to live his life alone. He can do it, and get along. But a wastebasket full of argument can be written to support the contention that he will get along better by living his life with his fellows.

Help the other man and he will help you. You can do something better than he can, and he can do some things better than you can. Help him make his dollar, and he will help you make yours.

One manufacturer or business man can make a pretty big noise, especially if he is an Omahan, but two can make more, half a dozen can be heard in Chicago, and the Omaha Chamber of Commerce can be heard around the world.

Association does it, the spirit of get-together, and boost. One man might be able to persuade a friend or a stranger, to come here, but the chamber can bring a hundred—and everybody benefits.

All of this is to arrive at the real subject—community service. Community service is merely the spirit of the brotherhood of man applied to business principles, in everyday life.

Get acquainted with your neighbor and each help the other. That is one of the missions of community service. The Chamber of Commerce is doing community service for the city.

Other bodies are doing community service for the individual. The first thing is to bring people together. To introduce next door neighbors who have lived within 10 feet of each other for years without hardly nodding "good morning," as if each were afraid that an introduction would merely pave the way to request the loan of a flatiron or a pound of sugar.

This lack of acquaintanceship, this living of life alone and selfish pursuit of one's own happiness without even a glance into the darkened rooms of the neighbor was brought out in one paragraph, a few words that contained volumes, in an interview published in Friday's issue of The Bee by E. C. Thomas. He said:

"Put an unknown girl on the roof of a burning house, and in five minutes you will have the entire city aghast—the men yelling and the women weeping. But if that girl smolders in a darkened room in the fires of loneliness for years, who cares? Do you?"

A more striking illustration of the situation would be hard to find. In other words, if you really want to "wake up" things, build a fire with a girl on the roof.

Shoot off a gun that will throw shot in all directions—one like the Germans needed and like the United States will need if Japan, the bolsheviks in Siberia and the balance of the European mass keeps on growing—one with barrels pointing in all directions and that loads in the middle.

Who's the girl, and where's the gun? The girl story, of course, is merely to illustrate the fact that when something has got to be done people get out and do it.

And when everybody helps, it is done best. Therefore, when the Chamber of Commerce starts something, remember that it is "community" service and help. By helping the city you help yourself, for the more money brought here the more there will be to go around.

The more there is the more chance there is to get some of it. A man might get hold of a dollar in Wall street, but he wouldn't have a chance in the desert of Sahara.

Wake up, jump in and help. become a community service worker, and don't let the Spirit of Progress sit in a darkened room unnoticed, waiting for someone to build a fire and put her on the roof to call your attention and enlist your aid.
