of our ability, and with the means at our command, to indict any and all persons who were probably guilty of said unlawful acts.

If we failed to indict all such persons the reasons, therefor, lie in some or all of the obstacles to such indictments, as:

(1) We have been unable to learn any eye witness who could identify the persons who killed William Brown.

(2) We had sufficient evidence that persons put a rope around Mayor Smith's neck, beat him over the head with a revolver and otherwise assaulted him and we returned indictments covering as many of these unlawful acts as we thought

probably guilty.

(3) We have been unable to learn of any eye witness who could identify the man who broke in the windows of the court house, with an iron bar, although there was testimony to the effect that it was skillfully and coolly done by an unidentified man.

Easy to Make This Pine Cough Remedy

Thousands of families swear by its promps results. Inexpensive, and saves about \$2.

You know that pine is used in nearly all prescriptions and remedies for coughs. The reason is that pine contains several peculiar elements that have a remarkable effect in soothing and healing the membranes of the throat and chest.

and healing the membranes of the throat and chest.

Pine cough syrups are combinations of pine and syrup. The "syrup" part is usually plain sugar syrup.

To make the best pine cough remedy that money can buy, put 2½ ounces of Pinex in a pint bottle, and fill up with home-made sugar syrup. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you make a full pint—more than you can buy ready-made for three times the money. It is pure, good and very pleasant—children like it.

You can feel this take hold of a cough tr cold in a way that means business. The cough may be dry, hearse and tight, or may be persistently loose from the formation of phlegm. The cause is the same—intermed membranes—and this Pinex and Syrup combination will ston it—usually in 24 hours or less. Splendid, too, for bronchial asthma, hoarseness, or any ordinary throat ailment.

Pinex is a highly concentrated compound of genuine Norway pine extract, and is famous the world over for its prompt effect upon coughs.

Beware of substitutes. Ask your druggist for "2½ ounces of Pinex" with directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded.

The contributing causes are many and are known to a large part of the public, as well as to this jury. They are:

First: Unmentionable crimes and assaults upon women and girls. Second: Contempt for law and constituted authority, no matter how such contempt was epgendered.

Third: Organized and strong propaganda existing and prevalent whose purpose is the downfall of our institutions, the destruction of our economic policies, and the engendering of class hatred. It matters not by what name this effort is called, its purpose is no less deadly whether it be styled I. W. deadly whether it be styled I. W. Fourth: The general prevalence of the greatest social unrest that police department made up of ca-ever before existed. The people pable, brave men willing to follow are irritated and restless. The reasons for this conditon are many. A few may be cited, particularly, for example:

find no evidence that this crowd of young men and boys were dispersed. On the other hand we have evidence that their journey was continued tol the court house. We find that Capt, H. P. Haze went off duty at 3 o'clock p. m., and was succeeded by Captain Heit-feldt. While the change was being

made reports came in that a mob was forming at the court house. Captain Haze volunteered to go to the court house and investigate. Upon his arrival he found a large and apparently good natured crowd which with the assistance of the policemen on duty there were driven back to the sidewalk across the street all around the court house square. We feel that the absence of the cheif of police and the police commisioner at the critical and crucia, period between 3:30 and 6 o'clock was unfortunate, and we feel that they should have been on the jon before 6 o'clock. It was apparent that there was a lack of co-ordination and leadership among the heads of the police force.

From all the witnesses examined in reference to the actions of the police on the night of September 28 we were unable to find one witness who saw any concerted action on required in a police force in order the part of the police to disperse to attract and hold good men as the crowds after 3:30 p. m. It seems that every officer was left to his own resources, with the result that no effective work was accomplished.

Ten men were arrested on lower Douglas street yesterday, charged with vagrancy and investigation. Six of them gave out-of-town addresses. Five robberies of Omaha homes and two holdups were committed Tuesday night, according to reports to police. Six robberies were committed the night before.

Found Home Ransacked.

Jewelry, clothes and pistols valued at \$230 were stolen out of the house of Dr. Roy Young, 1904 Spencer street, according to a report to police. Dr. Young had been out of the city. Upon his return last night he discovered chiffonier and table drawers turned upside down on the floor.

Three of his wife's rings constituted the greatest loss, he told police. The burglars entered through a side window, detectives have learned. During an hour's obsence of the family of L. S. Ambler, 5108 Dodge street, early Tuesday night, thieves ransacked his home and stole \$150 worth of jewelry, according to a re-port to police. Entrance was gained through a rear window which the thief pried open.

Used Automobile Truck.

Thieves, who evidently used an automobile truck, stole nearly every piece of house furniture out of the nome of Miss Lena Hopper, 10081/2 Pacific street, sometime Tuesday afternoon, a police report 'states. The loot taken by the thieves consisted of a dining room table, chiffonier, davenport and rockers.
