

# Rheumatism.

**A Remarkable Home Treatment Given by One Who Had It.**

In the Spring of 1893 I was attacked by Muscular and Inflammatory Rheumatism. I suffered as only those who have it know, for over three years. I tried remedy after remedy, and doctor after doctor, but such relief as I received was only temporary. Finally I found a remedy that cured me completely, and it has never returned. I have given it to a number who were terribly afflicted with Rheumatism, some of them 70 to 78 years old, and results were the same as in my own case.

I want every sufferer from any form of rheumatic trouble to try this marvelous healing power. Don't send a cent; simply mail your name and address and I will send it free to try. After you have used it and it has proven itself to be that long-looked-for means of getting rid of your rheumatism, you may send the price of it, one dollar, but understand, I do not want your money unless you are perfectly satisfied to send it. Isn't that fair? Why suffer any longer when relief is thus offered you free? Don't delay. Write today.

## CUT OFF SUPPLY OF COAL FROM NONESSENTIALS

Schools, Churches and Theaters Will Receive No More Fuel After Next Friday.

An order cutting off the supply of coal from schools, churches, non-essential industries, and places of amusement was issued yesterday by W. M. Jeffers, chairman of the terminal coal committee. The order goes into effect Friday at 7 a. m.

"While the city is not entirely without coal, there is no sign of relief in the near future," said Mr. Jeffers, "and the order was imperative. Some schools may have sufficient coal to remain open for a short time, and the order will be retracted at the moment we have assurances that it is safe."

**Burn Domestic Coal.**  
That the situation has become very acute in the city is indicated by the fact that many steam plants, heating large buildings, are burning domestic coal. This, in itself, necessitates drastic action, according to members of the coal committee.

E. Buckingham, general manager of the Union Stock Yards Co., said yesterday that he was experiencing some difficulty in securing coal to run switch engines in the yards. If switching should be stopped the entire packing industry on the South Side would be at a standstill, it is pointed out.

Trains on the Rock Island and Santa Fe lines are burning nothing but coal which has been stored for many months, and as a result trains on these lines are running behind schedules, for firemen must shovel double the amount of stored coal to secure the same heat as is secured by fresh coal.

**Curtailed to Minimum.**  
In explanation to the order issued yesterday cutting off coal from schools and churches Chairman Jeffers said:

"The rapid depletion of the coal supply makes it absolutely necessary for distribution of coal to the retail dealers, as well as industries, to be curtailed to the minimum to avoid entirely running out of coal and thereby producing actual suffering in the homes, hospitals, hotels, office buildings and other public institutions."

**Statement to Dealers.**  
To properly supervise the distribution of coal the following instructions were issued by Chairman Jeffers to all coal dealers in Greater Omaha and Council Bluffs:

"Effective 7 a. m. November 21, bituminous and lignite coal may be delivered by dealers in Greater Omaha and Council Bluffs only upon written application in each instance by the purchaser to a dealer and approved by this office."

"Forms of application may be had upon request at this office. These applications are of two kinds, viz: 'Application for Commercial Coal,' and 'Application for Domestic Coal.'"

"These applications are to be made out in detail in duplicate, and original and duplicate must be filed together. If approved, the original will be retained and the duplicate with written approval thereon will be returned to dealer as authority for specific delivery."

Signed W. M. JEFFERS, Chairman, Sub-committee, "Situation in Schools."

W. T. Bourke, secretary of the board of education, stated that there is an average supply of coal to last two weeks in the public schools.

"I am now sending a request to all janitors to report coal on hand Friday of this week," said Mr. Bourke. "Some schools may have more than two weeks' supply and some may have less, but I would say that the average would be two weeks."

**Funeral Services for Fred Krug Will Be Held Friday P. M.**

Funeral services for Fred Krug, pioneer Omaha resident and first Nebraska brewer, who died at 7 Tuesday night, at the home, 818 South Twentieth street, will be held Friday afternoon at 2.

Services will be conducted at the home by Rev. Walter A. Schaefer, minister of St. Johns German Evangelical church. Burial will be in the Krug family plot in Prospect Hill cemetery.

**Police Seize 250 Gallons of "Dago Red" and Arrest Men**

Two Italians were arrested late Tuesday afternoon by a squad of police at 711 South Nineteenth street when five 50-gallon barrels of "Dago Red," a highly intoxicating Italian wine, were found in the basement of the place, according to a police report.

Both men gave their names as Louis Rallo and Charles Ottavia. They were charged with unlawful possession of liquor. The police left the liquor in the basement of the place pending the disposal of the case.

**Itched Till Almost Crazy**

"For years my hands were almost raw. They itched so bad I was almost crazy. Suffered day and night. Used all kinds of medicine and got no relief. Lost all hope of ever being cured until I got a trial bottle of D. D. D. Results were so great I got a large bottle. Can clean now and will always praise D. D. D."

**Held for Investigation—Clifford Shaw, 2251 North Twentieth street, is being held at Central police station pending an investigation of the disappearance three months ago of an automobile hired by him from a local livery company. Shaw rented the car last August and failed to return it, police say. The car was recovered. Shaw told police he drove the rented car to St. Joseph, Mo., where it was stolen from him. He was arrested in Omaha Tuesday.**

**STREET CAR MEN PRESENT DEMANDS FOR AN INCREASE**

Directors Predict Amicable Settlement to Request of Employees.

Representatives of the street car men's union yesterday presented demands for a wage increase of 5 cents an hour to officials of the Omaha and Council Bluffs Street Railway company. The union men, headed by Ben Short, president, were in conference with R. A. Leussler, general manager, and W. A. Smith, acting president of the company, for almost an hour.

"We have nothing to say on the situation at the present time," declared Short, at the close of the conference. "We asked the company for an increase in wages and they have promised to consider it."

The present controversy is the result of an agreement made by the company with the men in August, when the union demanded a wage increase. They were granted a 10-cent raise at that time, after a 7-cent fare had been raised, and returned to work on the condition that the matter of further wage increases should be taken up in 90 days.

**Directors Meet Friday.**

Acting President Smith will call a meeting of the board of directors next Friday, he said, to consider the requests of the men. He would not comment on the situation.

R. A. Leussler said the men had merely inquired whether the company was able to pay more money. They made no written demands, he declared, but asked for an increase up to 5 cents an hour.

The men assumed a reasonable attitude, he said, and did not demand a flat 5-cent increase, but whatever increase the company could give up to 5 cents.

**"Taking Sensible View."**

"We will have the auditor make a report on the matter at the Friday meeting of the board of directors," he said. "Until then I can't say what the company will be able to do."

Gordon W. Wattles, one of the company board of directors, said he

**KEEP LOOKING YOUNG**

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician at Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that natural buoyancy which all should enjoy by tuning up the liver and clearing the system of impurities.

Dr. Edwards' Olive Tablets are known by their olive color. 10c and 25c.

## I. W. W. CACHE IS FOUND IN HOME OF SOCIALIST

Ed Brumbaugh Active in Distributing Radical Literature, Police Assert—Search Discloses Cache.

A search by detectives of the home of Ed Brumbaugh, 5202 North Twenty-eighth street, Tuesday afternoon revealed the hiding place of large quantities of I. W. W. literature, according to a report of the detectives. Brumbaugh was booked at the Central police station for investigation under the name: "Ed Brumbaugh alias Rutledge."

It was learned that the raid on his home was made upon a "tip" furnished police by one of the 17 "wobblies," who were arrested Sunday afternoon when police raided the I. W. W. headquarters at 104 North Thirtieth street during the course of a meeting.

Detectives Lahey and Hughes obtained a search warrant for the house at 5202 North Twenty-eighth street and made the investigation. Police say Brumbaugh has been active in distributing alleged "red" literature to members of the I. W. W. organization. He is being held without bonds.

Police intercepted a telegram sent by Brumbaugh, according to police, on which were the words: "Yours for a revolution." The telegram was addressed to a clique in Kansas City, police have learned. The telegram and evidence of literature gathered in Brumbaugh's home were turned over to County Attorney Shotwell, it was learned.

Brumbaugh is a local socialist leader and for many years has been active in writing newspaper articles on various theories of socialism.

had not heard of the controversy. He predicted that the matter would be settled amicably, however.

"The men are taking a sensible view of the matter," he said. "The relation between the company and the men is of the best."

**If You Need a Medicine**

**You Should Have the Best**

Have you ever stopped to reason why it is that so many products that are extensively advertised, all at once drop out of sight and are soon forgotten? The reason is plain—the article did not fulfill the promise of the manufacturer. This applies more particularly to a medicine. A medicinal preparation that has real curative value almost sells itself, as like an endless chain system the remedy is recommended by those who have been benefited, to those who are in need of it.

A prominent druggist says: "Take for example Dr. Kilmer's Swamp-Root, a preparation I have sold for many years and never hesitate to recommend, for in almost every case it shows excellent results, as many of my customers testify. No other kidney remedy has so large a sale."

According to sworn statements and certified testimony of thousands who have used the preparation, the success of Dr. Kilmer's Swamp-Root is due to the fact, so many people claim, that it fulfills almost every wish in overcoming kidney, liver and bladder ailments, corrects urinary troubles and neutralizes the uric acid which causes rheumatism.

You may receive a sample bottle of Swamp-Root by Parcels Post. Address Dr. Kilmer & Co., Binghamton, N. Y., and enclose ten cents; also mention the Omaha Bee. Large and medium size bottles for sale at all drug stores.

**Become Slender**

A Simple, Guaranteed Method

Take seven deep breaths of fresh air each morning and evening; after each meal take a little oil of korein; eat all you need, but chew thoroughly, and follow other simple directions of the guaranteed Korein system.

Men and women who were waddling around with heavy bodies have, in many cases, reported a gradual, agreeable reduction of thirty to eighty pounds, with wonderful benefit to health and figure. This very season is the time to be come slender, attractive, vivacious and better, very easily. Get oil of korein at the druggists; it comes in capsules, convenient to use and is now sold at before-low prices. Weigh and measure yourself week to week. You can scarcely realize the joy that awaits you in normal, trim figure, with good health and longer life. Show others this advertisement.

## Hold Youth for Alleged Butter Theft From Box Car

Two 60-pound tubs of butter enroute from Omaha to Chicago were found in the possession of Emil Adams, 17 years old, 1456 South Thirtieth street, yesterday when Special Officer Houdek came upon the youth in the Union Pacific railroad yards near Thirtieth and Mason streets, the officer said. Adams was taken to the Central police station and booked for burglary and larceny. He was later turned over to the juvenile authorities. The butter was taken from a box car, the special officer said.

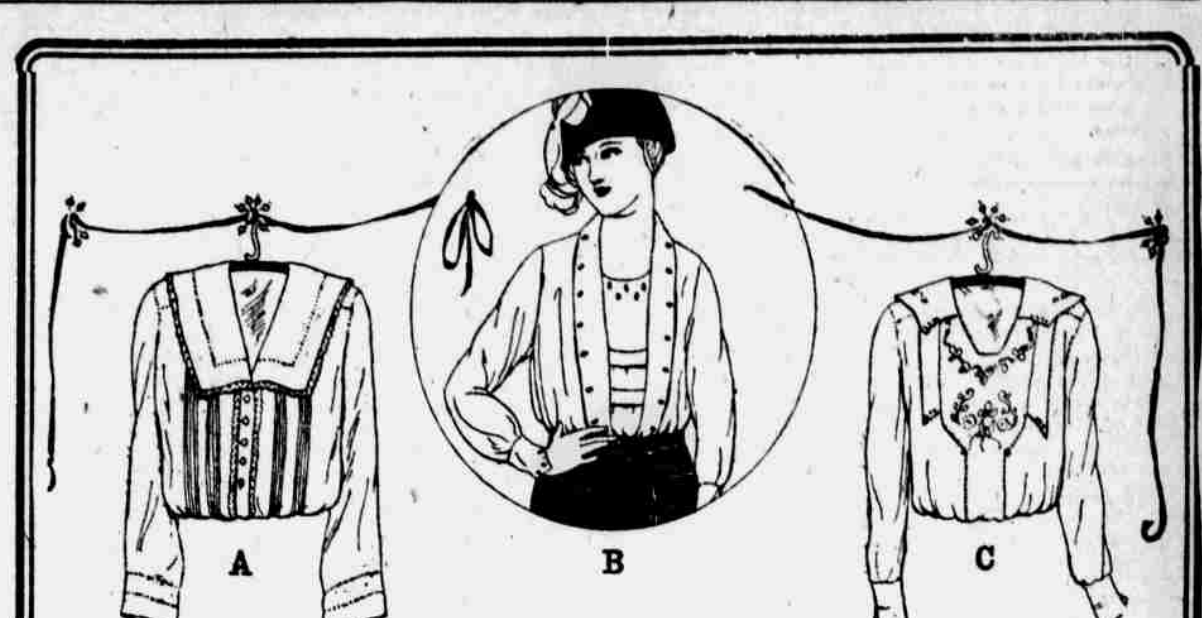

## Sure, Harmless Method To Remove Hair Roots

You who are annoyed with embarrassing growth of superfluous hair have waited long for something that would do more than merely take off the surface hair temporarily—something that would really remove the hair roots. And now—at last—your wish is realized!

The new phalane process is far different from, far better than electrical, depilatory or other methods, because it actually removes the hair roots, and all—before your very eyes—easily, instantly, harmlessly! Get a stick of phalane from your druggist. Follow the simple directions, and you will be surprised and pleased beyond words. It has no odor, no irritating element, and is so non-injurious a child could safely use it. It leaves the skin so soft, smooth, hairless, that not the least sign of your former trouble remains.

## HOW TO JUDGE A WOMAN BY HER HAIR

There is real common sense in just noticing whether the hair is well kept to judge of a woman's neatness, or good taste. If you are one of the few who try to make the most of your hair, remember that it is not advisable to wash the hair with any hair made for all purposes, but always use some good shampoo. You can enjoy the very best by getting some canthrox from your druggist, dissolve a teaspoonful in a cup of hot water. This makes a full cup of shampoo liquid, enough so it is easy to apply it to all the hair instead of just the top of the head. Dandruff, excess oil, and dirt are dissolved, and entirely disappear. Your hair will be so fluffy that it will look much heavier than it is. Its luster and softness will also delight you, while the stimulated scalp gains the health which insures hair growth.
