## ACTRESS TELLS SECRET

**Tells How to Darken Gray Hair With a Home-Made Mixture.**  
Jokey Williams, the well-known actress, who was recently playing at the Imperial Theater in St. Louis, made the following statement about gray hair and how to darken it: "Anyone can prepare a simple mixture at home that will darken gray, streaked or faded hair, and make it soft and glossy. To a half-pint of water add 1 ounce of bay rum, a small box of Barbo Compound, and 1/4 ounce of glycerine. These ingredients can be bought at any drug store at very little cost. Apply to the hair twice a week until the desired shade is obtained. This will make a gray-haired person look twenty years younger. It does not color the scalp, is not sticky or greasy and does not rub off."
