### Dandruff Heads Become Hairless

If you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't. It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it.

You will find, too, that all itching and digging of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.

### South Side FARMERS' BODY ENTERTAINED ON SOUTH SIDE

#### Co-Operative Grain and Live Stock Association Visits Stock Yards During Meeting.

Five hundred delegates of the Nebraska State Farmers' Co-operative Grain and Live Stock Association were guests of the live stock interests at a luncheon Thursday at the Exchange building. Bruce McCullough, editor of the Journal-Stockman, officiated as toastmaster and delivered a short address of welcome to the visitors. J. S. Canaday of Minden, president of the association, responded on behalf of the delegation. A. T. Sisker, secretary and manager of the Stock Yards company, extended a hearty welcome and said he hoped to meet them for many years to come as visitors to the stock yards. J. W. Shornlin of Omaha, secretary of the association, said there should be an investigation of the methods of the packers, but that the investigation should not be made with a brass band at the head. He said the investigation should be made by the elimination of politicians and political propaganda with a view of finding out for the benefit of the people, as a whole, whether the large packing interests were combined to control the live stock and grain markets. After the luncheon the delegates were taken on a trip of inspection of the Armour packing plant.

#### Order to Close City Hall Opens Door to Rumors

J. J. Kraljick, assistant city treasurer, with offices at the South Side city hall, received orders Thursday morning from City Treasurer M. L. Endres that the South Side city hall was to be closed and the branch office transferred to the second story of the jail. The order is said to have come from City Commissioner Zimman, caused by the shortage of coal. The police court and other offices on the South Side are to be moved to the jail building.

A movement is on foot by business men of the South Side opposing the transfer, as it is claimed it will work a great hardship and inconvenience to the people of the South Side to be compelled to crowd into the small quarters in the jail building to pay taxes.

### PLAN DRIVE FOR FUNDS FOR AIR MAIL HANGAR

#### Start Campaign to Raise \$50,000 in Omaha Next Monday—Big Event in City's History.

The Chamber of Commerce committee for financing the aerial mail plane hangar which is now being erected on the Ak-Sar-Ben landing field, met at the chamber Wednesday to discuss plans to raise \$50,000. A drive will be started next Monday to raise the amount, which is the approximate cost of the hangar. Steel work of the hangar is nearly completed, it is reported, and the entire structure is expected to be finished in about 10 days. The first mail plane will arrive immediately on its completion, probably the first week in December, and Omaha will receive regular air mail service from then on. The placing of the corner stone of the hangar will be marked by a ceremony to be held by prominent business men. The acquisition of aerial mail service here is regarded as one of the most important events in the city's history, and the ceremony of laying the corner stone will be most impressive, according to Harley G. Conant, chairman of the finance committee.

### Detective Reinstated as Reward for Rescue of Mayor During Riot

Ben Danbaum, who was dismissed from the police department, February 10, 1919, in connection with an automobile recovery, was reinstated yesterday by the city council, as a reward for going to the rescue of Mayor Smith, during the court house riot. The mayor, who offered a resolution for reinstatement, said: "While I was in a hospital I learned that it was due to the efforts of Danbaum, in part at least, that my life was saved. I would not be human if I did not offer this resolution. I spoke to Mr. Ringer of the matter, but he stated that he did not feel like offering the resolution. I remember that I exhortated Danbaum severely at the time of his dismissal from the department, but I believe in the doctrine of redemption." The mayor added that his information of Danbaum's efforts at the time of the riot came from Capt. Henry P. Haze.

### JAR OF WALKING WOULD ALMOST DRIVE HIM WILD

Nerves Were All Upset After Six Years' Trouble—Gains Fifteen Pounds.

"It was eight months ago that Tanlac not only completely overcame my six years of troubles, but also added fifteen pounds to my weight, and now today, after all this time, I am still in perfect health," was the statement made recently by G. T. Admire, a well-known painter employed by the Kansas City Hay Press Co., who lives at 1306 Cherry St., Kansas City, Mo.

"I had such a severe case of stomach trouble," continued Mr. Admire, "that I couldn't digest hardly a thing I ate and for hours after every meal I would be in misery. I was troubled with constipation all the time and could find nothing to relieve me, and often I had terrible headaches and dizzy spells. My nerves were so completely upset that when I would walk along the street even the jar of walking would nearly run me crazy. I couldn't sleep at night and I became so weak and run-down that I would have to lay off from work for weeks at a time."

"I read so much in the papers about Tanlac and what it was doing for people that I commenced taking it myself. And now I am certainly glad I took it, for all these troubles that had been bothering me for six years are a thing of the past and I couldn't ask for better health. I can eat anything I please without being troubled in the least with indigestion. My constipation is relieved and headaches and dizzy spells have left me and my nerves are as steady as a clock. I can sleep fine all night, picked up in weight so fast that in a short while I had gained fifteen pounds, as I have said, and I was stronger than I had been in years. All this was eight months ago when I took Tanlac, and since then I haven't touched a drop of any kind of medicine, and I just don't know when I was ever in better health than I am today."

Tanlac is sold in Omaha at all Sherman & McConnell Drug Company's stores, Harvard Pharmacy and West End Pharmacy. Also Forrest and Meany Drug Company in South Omaha and the leading druggist in each city and town throughout the state of Nebraska.—Adv.
