

# PRINCE OF WALES BIDS GOOD-BY TO UNITED STATES

### Sets Sail for Homeland Amid the Cheers of Hundreds of Thousands of New Yorkers.

New York, Nov. 22.—The prince of Wales said good-bye to America Saturday and sailed for his own land. The cheers of hundreds of thousands of New Yorkers whose friendship he had won during his brief visit rang in his ears as the great battle cruiser Renown, one of the mightiest vessels in the British navy, weighed anchor and steamed majestically down the North river. Edward Albert waved his farewell from the fighting top to the great crowd gathered on the banks of the Hudson to bid him Godspeed.

Airplanes dipped and circled overhead and salutes bombed from the American warships in the river as the Renown got underway. The prince remained at his post in the fighting top, waving his hat in answer to the cheers which reached him faintly across the water until the shadows had finally hidden the shores. As the battle cruiser and its consort, the cruiser Constance, entered the bay seven American destroyers and the American battleship Delaware closed in on its wake, each with the British naval ensign flying from the main peak. They will escort the royal ship to the vicinity of Halifax, where it is due Monday morning.

### Center of Functions.

Virtually up to the moment of sailing the prince was the center of picturesque functions. The first ceremony of the day was the conferring of decorations won on the battlefields of Europe on more than 100 American soldiers, sailors and nurses. Among those decorated was one Dr. Caroline Finley of the American Women's Overseas Hospitals. She was made a member of the Order of the British Empire in recognition of her care of influenza-stricken British prisoners released from German prison camps.

After the conferring of decorations the prince received on board the warship representatives of the city and state governments, the press and those who had been his hosts and hostesses during his stay in New York and who now came to bid him farewell. Again and again as the prince shook their hands he reiterated his gratitude at the welcome he had received and his regret at parting.

"But I am coming back," he said. "I want to see more of America and the Americans."

### Reviews Boy Scouts.

The last official ceremony of the day was a review of 3,000 Boy Scouts who were massed along the beach facing the Renown. The prince made a special trip ashore to meet the youngsters and it gave him an occasion to prove that he also is numbered among the phrasemakers. "Never hunt with yourselves," hunt with the pack," was the prince's advice to the scouts.

He had intended to make a speech, but time was lacking and he had to content himself with handing a written message to Colin H. Livingstone, president of the national organization. The message, which was addressed jointly to the Boy Scouts and Girl Guides, said in part:

"I wish that my visit to your splendid country had been longer and that I had had the chance of seeing more American Scouts and Guides but that must wait until my next visit. Meanwhile I want to say one thing to you. Value your training as scouts and guides, for the more you value it, the greater

# RUSSIA EXILES RE-ESTABLISH HOMES IN CRIMEA

### Many Palaces and Chateaus Escaped Damage Wrought by Ransacking Bolsheviks.

Constantinople, Nov. 22.—(By The Associated Press.)—Exiled Russians are trying to re-establish their old homes, particularly in the Crimea, where the bolsheviks did not destroy everything.

The summer place of former Czar Nicholas at Livadia is intact, although the nearby town of Yalta was badly demolished. The great white stone structure is furnished as it was when the former czar last visited it four years ago. Only the pictures have been removed to safety.

What use may be made of the palace as well as numerous villas on the property remains unsettled.

Another magnificent nearby estate lost but a few hundred pounds in silver, according to the owner, Countess Voronov-Dashkov, who, despite her 80 years, is planning to reopen the chateau.

Crimea is full of refugees from towns along the Moscow front, and there is plenty of food. Hotels at Sebastopol, Yalta and Odessa are full, women guests wearing their furs and diamonds as the best means of preventing their being stolen. In many cases, however, they are without stockings, their only footwear being bedroom or ballroom slippers. Traders are making fortunes selling shoes, stockings, corsets, perfumes, powder and cologne.

### Mexican Women Take Men's Places During Big Tieup

Mexico City, Nov. 22.—The women of Coccolapam, state of Vera Cruz, recently took men's places in factories under the protection of troops until a strike was called off. When the women were apprised of the walkout they gathered in the public square and shouted, "Down with the agitators!" and "The women will give an example to the men!"

### Foot Ball Player Dents Automobile With His Head

Pittsburgh, Nov. 22.—When Thomas Guillo, a player on a football team, was tackled and plunged through the opponents' line for a touchdown he ran his head into the side of an auto back of the goal posts and made a bad dent in the body. Guillo fainted, but was not seriously hurt.

# OPERATORS WON'T OFFER MORE THAN 15 PER CENT RAISE

### Refuse to Accept Proposals of Secretary Wilson as Basis For Further Negotiations.

Washington, Nov. 22.—Refusing to accept the proposal made by Secretary Wilson as a basis for further negotiations, soft coal operators of the central competitive field here rested their case with Fuel Administrator Garfield, whose official approval is necessary to validate any new wage agreement.

The public would not stand for a wage advance above their offer of 15 cents per ton to coal diggers and 20 per cent to day laborers, the operators asserted. They refused to make further overtures or even to reinstate their proposition, which was withdrawn following the deadlock Friday, unless the government, through the fuel administration, assumed responsibility for the added burden to the nation's fuel bill.

The operators are prepared to leave the entire situation in the

# Maid Gives Strange Reason for Quitting

### Topeka, Kan., Nov. 22.—A Topeka woman who has been lucky enough to secure the services of one maid for several years received a rude jolt the other day when confronted by the maid with this statement:

"Missus, you'll have to get along without me any more. You remember the funeral I went to last week and how I was all dressed up? Well, I'm going to marry the husband of that there corpse."

# Hands of the government unless Dr. Garfield can find a way out of the difficulty, their spokesman announced. No joint meetings of the sub-scale committee was held today.

### Dr. Garfield notified the operators that he would not meet their committee of which Thomas T. Brewster is chairman, until after he has consulted Monday with Attorney General Palmer, Director General Hines and Judge C. B. Ames, assistant attorney general. It was considered likely that the negotiations might have to go over until after the cabinet meeting Tuesday, when it was expected a policy to get the mines back into operation before the coal famine brings disaster will be worked out.

Operators' representatives authorized the statement that in their opinion figures on which Secretary Wilson based his proposals showing living costs in the coal regions were partisan. The secretary told the sub-scale committee Friday that he did not speak for the government, it was said.
