

DEFEAT PLAN FOR PUBLIC PROBE OF THE CITY POLICE

Butler Renews His Resolution Calling for Investigation—Is Alone in Voting for It.

Mayor Smith and City Commissioner Zimman, in city council meeting yesterday, questioned the right and the wisdom of Governor McKelvie in demanding that the Omaha city council hold a public in-

SALUTE THE HAM AND--

Think of All the Misguided Dyspeptics Who Refuse the Good Things to Eat for Fear of Indigestion. No Trouble Like That if you Follow Meals With Stuart's Dyspepsia Tablets.

Lay a slice of broiled ham on a white plate with a couple of nicely

fried eggs and there you have a picture. Salute the autocrat of the breakfast table.

But, you say, I can't eat ham and—they don't agree. This is the sort of prejudice a host of people have against many of the most tempting dishes, people who have just as much trouble with a glass of milk or oatmeal as they do with fried onions. Try eating what you like and follow your meal with a Stuart's Dyspepsia Tablet to relieve possible gasiness, rumblings, drowsiness, sour risings, heartburn, water brash, and the stuffy feeling after eating. These tablets contain harmless ingredients that act with an alkaline effect just as the stomach does when it is perfectly normal.

Many physicians prescribe them for indigestion, dyspepsia and other digestive disorders, as they are sold in all drug stores everywhere in the United States. The druggist recommends them as among his steady staples for they really give relief and are highly appreciated.

vestigation into police department affairs as related to the riot September 28.

Another discussion on this subject was precipitated when Commissioner Butler renewed his resolution calling for an investigation to be held Friday afternoon, November 28. The resolution, which was defeated, stirred up the following exchange of opinions:

What Mayor Contends.
Mayor Smith: "I am opposed to the resolution, because, as I said before, I believe that every policeman should be investigated, and if he did not do his duty, he should be discharged. I think that this demand for a public hearing is inspired by political motives. My father would not invite the whole neighborhood whenever he wanted to whip one of his boys."

"We should find out," replied Mr. Butler, "whether we are going to have a police force that will protect us in the future. It is the duty of this council to investigate. I am not prompted by any political motives. We have heard so much about certain captains and sergeants not doing their duty that now is the time to find out just what happened."

Expression of Ure.
Commissioner Ure: "The resolution is too indefinite. It is like a fishing excursion. I believe that the police department should be reorganized and it should be handled in a different way, but I do not believe that the proposed resolution would help matters."

Commissioner Zimman: "In what way do you think the police department should be reorganized? You are rather indefinite yourself, Mr. Ure."

"Perhaps I am," replied Mr. Ure. "Commissioner Butler: 'The grand jury reported that there was lack of leadership. We might inquire why the riot was not stopped in time and wherein the police leaders fell down.'"

Zimman Wants Reorganization.
Commissioner Zimman: "The public should know just what occurred at the court house. I don't favor the resolution, but I will say that this council has the power to reorganize the police department from top to bottom, and when this council is ready to do that, then I will be ready to vote with it."

Commissioner Falconer: "With all of these accusations being heard, the policemen are entitled to a fair investigation, if we could get anywhere with such an investigation, but I don't see how we would get anywhere with it."

Questions Governor's Wisdom.
Commissioner Zimman: "What right has the governor to call upon this council to investigate? I question the wisdom of the governor's interference in saying that the chief of police should be removed. I would like to see the chief removed, but I don't want the governor to interfere."

Mayor Smith: "The governor has no right to interfere. I have had reports prepared by all of the policemen and these reports will be given to Ralph Wilson, the governor's representative."
And thus ended Commissioner Butler's resolution, calling for a public investigation of the recent riot and of the actions of the police department in that affair.

Ringer Fails to Get Support of Council in Denying a Permit

Police Commissioner Ringer in city council meeting yesterday sought to obtain a denial of a pool hall license application for A. Cetekka, 5248 South Twenty-first street.

Mayor Smith and the other city commissioners voted to grant the application and it was so ordered. The particular interest in the matter was that Mr. Ringer was not supported by any of the council in his resolution to deny this license. Mr. Ringer's recommendation was based largely upon a report by Police Captain John Briggs of the South Side, but the mayor and commissioners ignored Captain Briggs' report just as they did Commissioner Ringer's recommendation.

Falconer Defeated On His Request for Curling Links

Thomas Falconer, city commissioner in charge of the parks, suffered defeat in the city council yesterday when he offered a resolution for the expenditure of \$300 for the establishment of curling links in Miller park.

Dinner to Be Given For Elks Committee On Actors' Benefit

Joseph Barker, chairman of the Elks' committee which is promoting the big actors' benefit performance on the afternoon of December 5, will call 56 live-wire Elks together at noon today at the Athletic

club, feed them, and then put them to work selling tickets Friday.

The Elks' committee believes selling these tickets will be something like selling \$20 gold pieces for \$19. The tickets will cost only \$2 (no war tax), and will entitle the bearer to see the best \$2.50 (with war tax), show ever given in Omaha theaters. A bunch of stage stars in Omaha this week will go to the stock yards Friday to auction off some of the box seats. In connection with the auction, there will be music in the

yards, and if the sale reaches expectations there will be a little dancing.

Julius Tannen, a stage orator vouched for by "Billy" Byrne, will be the auctioneer. A "cold footed" member of the Elks committee Monday evening tried to throw a scare into the committee by mentioning "coal." "Billy" Byrne, manager of the show promptly said that he has a few buckets of bituminous in the safe, and that he will apply the torch to the coal just before the show starts, at 2:30, December 5.
