## AWARDED \$4,200 FOR HUSBAND'S DEATH FROM JOKE

### State Compensation Department Allots Damages in Many Curious Injury Cases.

Lincoln, Nov. 25.—Mrs. Albert Scorchia of Omaha has been granted \$12 a week for 350 weeks for the death of her husband, who was the victim of an alleged joke perpetrated upon him by two of his associates in a packing house. These men, J. Petroska and J. Kobsciek, seized Scorchia one day and turned a compressed air hose into him, bursting his intestines. They were arrested for causing his death, but acquitted. Besides the \$12 a week, the wife is allowed \$100 for funeral expenses.

Nils Peterson, driving a delivery wagon for Albert Erickson, was thrown from the wagon and killed September 28. The compensation department of the state has awarded Mrs. Peterson \$12 a week for 350 weeks and \$100 for funeral expenses.

Edward G. Kline, who lost a finger working for the Famous Lunch in Omaha, is given \$12 a week for 35 weeks and medical expenses.

A peculiar case has been settled by the compensation department in which Tom Burdano, working for Armour & Co., had his wrist badly cut September 4 of the present year. Some of the cords of the fingers were lacerated and his fingers were drawn up so badly that he lost the use of his hand. The department has awarded him \$15 a week for 375 weeks and requires that he must submit to an operation, it being shown that the cords may be drawn together sufficiently to make his hand entirely normal.

Elmer Cox, working for the Widowe Coal company in Omaha,

P. A. Barrows, Correspondent  
is given \$15 a week for nine weeks for a badly cut foot and medical aid.  
**Lifted Heavy Load.**

Harry Cashman received a hernia while lifting some cement blocks while in the employ of the Ideal Cement company and is given \$15 a week for three weeks and hospital expenses.

John V. Gannon was hurt while working for the Nebraska-Iowa Steam Tank company, having his body crushed when some heavy sheet iron strips fell upon him. He is given full pay for six weeks and sufficient to cover medical attendance.

### Requisition Granted to Bring Fugitive Back From Ohio

Lincoln, Nov. 25.—(Special.)—County Attorney Frank Edgerton and Sheriff Howard of Hamilton county, visited the governor's office and secured papers asking the governor of Ohio to turn over to the sheriff, Emil Deering, wanted on a charge of burglary. Deering and Alex Girard are charged with having robbed a jewelry store at Hampton. They were captured in Omaha and incarcerated in the jail at Aurora. One night they sawed their way out. Deering's home is in Jackson, O., and the sheriff there was asked to watch out for him. He returned home and was captured. The other man has never been heard from.

### Will Extradite Alleged Automobile Tire Thief

Lincoln, Nov. 25.—Sheriff D. C. Kavanaugh of Platte county secured extradition papers from the governor's office Tuesday afternoon on the governor of Illinois to bring back to this state Harry Person charged with grand larceny. The charge is for stealing a number of automobile tires. He is held in Quincy, Ill.

### Complains He Was Robbed.

Norfolk, Neb., Nov. 25.—(Special Telegram.)—Irvine Hill, James Fussell and Herald Ray were arrested here on a charge of gambling after Hill complained he was robbed of \$500. The police investigated and charge a dice game was in operation.

## FEAR PROBE MAY SEND MILK PRICE UP ANOTHER CENT

### Last Time Inquiry Was Held At State House Milkman Made People Pay for It.

Lincoln, Nov. 25.—Citizens of Lincoln are holding their breaths in anticipation of what may come out of the milk hearing now being held at the state house. A few weeks ago a milk hearing was had under the same conditions and after it was over milk went up a cent a quart. A milkman's time is valuable and it should not be expected that he would "monkey around" the state house and get nothing for it. A lot of people are paid for sticking around the state house, and why not the milkman?

"The Poor Farmer."

In this hearing the poor down-trodden farmer has to take the blame for the raise. According to the tale of woe put up by the milk companies, the farmer is getting all of the penny per quart raise and it had to be paid him or he would not get up at 4 o'clock in the morning and milk his cows.

One man testified that the farmer found he could make more money by killing the calves when they were born and saving the milk to sell than he could feeding the calves the milk.

J. E. Palm of the Lindell hotel, who is interested in the dairy movement, said there was plenty of milk near the city if the producers can be shown that they can afford to furnish it. Mr. Palm said that a producers' co-operative association similar to the one in Omaha would be formed soon in Lincoln, which would bring the price of milk to the consumer from 2 to 3 cents cheaper.

C. E. Morse, vice president of the Dairymen's association, said that

## Cedar Bluffs Store Robbed by Silk and Fur Bandits in Car

Cedar Bluffs, Neb., Nov. 25.—(Special Telegram.)—L. Killian & Co.'s department store in this city was broken into Monday night by a band of thieves, who made their escape in an automobile. Entrance was gained through a side door, about midnight, the glass being removed. Silks and furs were taken valued at \$1,500. A car was seen standing near the store by several citizens, whose suspicions were aroused, but no general alarm was given until too late. The robbery was similar to other outrages of the same sort which have occurred in surrounding territory and is believed to be the work of a gang which operates out of Omaha.

the milk dealers had put the producers out of business. Many cows had been sold to the butcher because it did not pay to milk them any more.

On the stand again, J. E. Palm said that the peculiar testing methods of the dealer did not give the producer the results he was supposed to get. He thought that if right methods were used there should be no reason why there would not be plenty of milk around the city.

Members of the Women's club of Lincoln attended the hearing.

### Permits for Stock Sales Granted by State Bureau

Lincoln, Nov. 25.—The Orchard-Willhelm company of Omaha has been granted a permit by the state bureau of securities to issue common stock to the amount of \$100,000 and preferred stock to the amount of \$100,000 more. The Nebraska Farmers Co-operative Oil company of Omaha can issue common stock in the amount of \$130,000. Other companies granted permits are as follows:

Company	Com. Stock	Pref. Stock
York Milling and Grain	\$25,000	\$150,000
Seward Creamery Co.	25,000	22,200
McArthur Packing Co.	150,000	5,000
Hutchinson, Kan.	150,000	
McFadden Motor Co., Norfolk	15,000	
Kanoka	100,000	
Lincoln	100,000	

Applications to the bureau of securities for permission to sell stock have been received from the following:

Company	Com. Stock	Pref. Stock
Biggs Realty Investment Co., Lincoln	20,000	\$40,000
Lincoln	12,400	
McKee's Stock Fountain Co., Lincoln	50,000	25,000
Kanoka Petroleum Co., Lincoln	100,000	
Farmers Oil Co-operative Creamery Co., Fremont	17,543	
Home Builders Co., Beatrice	15,000	
Hay, Neb.	15,000	
Assn. of Woodlawn, R. F. D. No. 2, Lincoln, Neb.	17,500	

## ASHLAND SCHOOL BURNS DOWN WITH AN \$80,000 LOSS

### Brick Building Was Erected in 1871—Arrange for School Monday in Opera House.

Ashland, Neb., Nov. 25.—(Special Telegram.)—Fire which originated in the basement furnace room under the northwest corner of the Ashland High school building before 5 Tuesday evening, completely destroyed the building. Janitor C. B. Coffin has been in the basement about 4:30 and everything was all right then. About 5, Superintendent R. B. Carey and others noticed smoke issuing from the basement windows of the furnace room. The flames spread underneath and smoke from the coal pile and heavy timbers made it impossible for the fire department to get direct action where it was needed the most.

Before 8 the flames had eaten through into the upper rooms and in a few minutes part of the west wall fell. Fanned by a strong wind from the northeast, firebrands were carried over a mile southwest.

Loss of the building is estimated at about \$80,000, with about \$18,000 insurance. The building was built in 1871 of brick and was one of the landmarks of the town that could be plainly seen from the Burlington station.

The piano, Victrola, typewriters and equipment of the Commercial department, seats of rooms on the top floor of the building, books, and equipment were saved. Eight grades in lower rooms and four grades in high school, with commercial department, were using the building. Arrangements will be made by the board of education to resume school work Monday, following Thanksgiving vacation, using the opera house, auditorium and other downtown buildings for school purposes. The manual training building, to the north of the main structure, was saved.

### "Goat" Hogan Arrested in Fremont on Robbery Charge

Fremont, Neb., Nov. 25.—(Special.)—Sheriff Condit and half a dozen members of the police force surrounded the home of W. E. Loughrey here and arrested Stewart Hogan, alias "Goat" Hogan, wanted in Benton, Ill., for alleged highway robbery. Hogan is said to have confessed. Officers are on their way from Benton to Fremont to take Hogan to that place for trial. He is wanted on a charge of robbing a foreigner of \$500 in cash and Liberty bonds. He escaped from jail last January while awaiting a hearing. He came to Fremont about two weeks ago from Scribner, where he spent the summer working as a farm hand.

### Knights of Columbus in Fremont Initiate Class

Fremont, Neb., Nov. 25.—(Special.)—A class of 57 candidates was initiated by the Fremont council, Knights of Columbus, Sunday, J. Howard Heine of Fremont, district deputy, assisted by M. H. Horiskey of O'Neill, had charge of the work. The program in the evening, E. H. Wietan of O'Neill, state deputy, and Paul L. Martin of Creighton college, were speakers. The evening session was attended by 500 knights and their ladies.

### Executioner Is Delayed; Respite for Murderers

Lincoln, Nov. 25.—It may be necessary for the governor to issue a stay of execution for Grammer and Cole, the two men sentenced to electrocution at the penitentiary on January 9, a letter having been received by Warden Fenton from John Hulbert of the New York penitentiary that he will not be able to be here on that date as he has to execute five men there, beginning January 5.

### Motion Picture Star Leaves for Los Angeles

Lincoln, Nov. 25.—Miss Bessie Love, the motion picture star, who has been visiting here the past three weeks at the home of Governor and Mrs. McKelvie, left Tuesday evening for Los Angeles in response to a message from her manager that she must begin work on a new picture December 5.

### Lincoln Traction Co. Would Raise Its Rates

Lincoln, Nov. 25.—(Special Telegram.)—The Lincoln Traction company has applied to the state railway commission to raise its rates from 6 to 7 cents, or four tickets for a quarter. The hearing will be held before the commission at 10 o'clock next Monday morning.

### Omaha Returned Soldier Addresses Fremont Club

Fremont, Neb., Nov. 25.—(Special.)—Anon Raymond of Omaha, who served as a major during the war, speaking at the weekly luncheon of the Noon Day club here told business men that their co-operation with the American Legion is needed in suppressing bolshevism in this country.

## Wife Gives Blood To Save Brakeman Injured by the Cars

Norfolk, Neb., Nov. 25.—(Special Telegram.)—George Walton, a Northwestern brakeman, who fell between the cars at Pilger and lost his right leg, owes his life to his wife, who gave up considerable blood through transfusion in a local hospital. About two quarts were injected into Walton's veins before an operation was possible. Physicians say he will recover.

### Maysville Woman Killed.

Beatrice, Neb., Nov. 25.—(Special.)—Mrs. August Wecker of Maysville, Kan. was almost instantly killed and her husband seriously injured, if not fatally, hurt when the car in which they were riding turned turtle near that place.

# ASPIRIN

Introduced by "Bayer" to Physicians in 1900

You want genuine Aspirin—the Aspirin prescribed by physicians for nineteen years. The name "Bayer" means the true, world-famous Aspirin, proved safe by millions of people.

Each unbroken package of "Bayer Tablets of Aspirin" contains proper directions for Colds, Headache, Toothache, Earache, Neuralgia, Lumbago, Rheumatism, Neuritis and for Pain generally. Always say "Bayer" when buying Aspirin. Then look for the safety "Bayer Cross" on the package and on the tablets.

Handy tin boxes of twelve tablets cost but a few cents. Drug-gists also sell larger packages.

Aspirin is trade mark of Bayer Manufacturing Monoculturalchemisches Laboratorium, Elberfeld.

## Born in 1839 Dr. Caldwell Still in His Office Daily

Wonderful vigor of the founder of Dr. Caldwell's Syrup Pepsin. Millions now use his famous prescription

ALL physicians know that good health depends largely upon proper digestion and elimination, and that most sickness results from these causes. None knows this better than the "family" doctor, the general practitioner.

**DR. W. B. CALDWELL TODAY**  
Born Shelbyville, Mo., March 27, 1839.  
Began the manufacture of his famous prescription in 1892.

In spite of the fact that Dr. Caldwell's Syrup Pepsin is the largest selling liquid laxative in the world, there being over 6 million bottles sold each year, many who need its benefits have not yet used it. If you have not, send your name and address for a free trial bottle to Dr. W. B. Caldwell, 311 Washington St., Monticello, Illinois.

Every drug store sells Dr. Caldwell's Syrup Pepsin at 50c and \$1 a bottle, the latter the family size and sufficient to last months. Keep a bottle in your home. Where many live someone is sure to find it quickly.

Dr. W. B. Caldwell of Monticello, Illinois, was and is a family doctor. The whole human body, not any small part of it, was his practice. More than half his "calls" were on women, children and babies. They are the ones most often sick. But their illnesses were usually of a minor nature—colds, fevers, headaches, biliousness—and all of them required first a thorough evacuation. They were constipated.

Dr. Caldwell in the course of 40 years' practice, for he was graduated from Rush Medical College back in 1875, had found a good deal of success in such cases with a prescription of his own containing simple laxative herbs with pepsin. In 1892 he decided to use this formula in the manufacture of a medicine to be known as Dr. Caldwell's Syrup Pepsin, and in that year the preparation was first placed on the market. The picture of Dr. Caldwell that appears on the package was taken in that year.

The preparation immediately had as great a success in the drug stores as it previously had in the doctor's private practice. Today the third generation is using it.

Mothers are giving it to their children who were given it by their mothers. Every second of the working day someone somewhere is going into a drug store to buy it for Dr. Caldwell's Syrup Pepsin is selling at the rate of over 6 million bottles a year.

Its great success is based on merit, on repeated buying, on one satisfied user telling another. There are thousands of homes in this country that are never without a bottle of Syrup Pepsin, and the formula of that prescription is fortunately living to see its wonderful success.

Women, children and old people are the ones most benefited by Dr. Caldwell's Syrup Pepsin. It differs from physics in that its action is mild and gentle and free from griping. It does not weaken. And while it is promptly effective in the most obstinate case, it is safe for a tiny baby as it contains no narcotics.

## In the Brandeis Beauty Parlor

Modern equipage and skilled operators assure you the best of service in the Brandeis Beauty Parlor. Methods of treatment are to be had here exclusively, that have been proved best by test.

Jary Jane - Kinder Garten - Baby Jane - Buster Brown - School Boy - Youthful

## SCIATIC PAINS QUICKLY RELIEVED

Keep Sloan's, the World's Liniment, handy to ally aches.

THOUSANDS of men and women, when the least little rheumatic "crick" assails them, have Sloan's Liniment handy to knock it out. Popular a third of a century ago—far more popular today.

That's because it is so wonderfully helpful in relieving all external aches and pains—sciatic lumbago, neuralgia, overstrained muscles, stiff joints, weather exposure results. A little is all that is necessary, for it soon penetrates without rubbing to the sore spots. Leaves no muss, stained skin, clogged pores. A little today is a wise precaution. Keep it handy. All druggists—5c, 70c, \$1.40.

# Sloan's Liniment

Keep it handy

Drinking a Glass of Hot Water is a Splendid Habit

Cleanse and sweeten the system each morning and wash away poisonous, stagnant matter.

Those of us who are accustomed to feel dull and heavy when we arise; splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, lame back, can, instead, both look and feel as fresh as a daisy always by washing the poisons and toxins from the body with phosphated hot water each morning.

We should drink, before breakfast, a glass of hot water with a teaspoonful of limestone phosphate in it to flush from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary tract before eating more food.

The action of limestone phosphate and hot water on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a fine appetite for breakfast. A quarter pound of limestone phosphate costs very little at the drug store, but is enough to make anyone who is bothered with biliousness, constipation, stomach trouble or rheumatism an enthusiast on internal sanitation.
