BILIOUS? CASCARETS WON'T SHAKE UP OR SICKEN YOU

No Inconvenience Whatever! No Shock to the Liver, No Gripping of the Bowels—Ideal Physic!

Coated Tongue, Bad Taste, Indigestion, Sallow Skin, and Miserable Headaches come from a torpid liver and sluggish bowels, which cause the stomach to become filled with undigested food, which sours and ferments, forming acids, gases, and poisons. Cascarets tonight will give you bilious liver and constipated bowels, a thorough cleansing and straighten you out by morning. Cascarets never sicken, cramp or irritate the stomach. They are so convenient you all the next day like nasty Calomel, Salts, Oil, or gripping Pills. Cascarets work while you sleep.

"A Drop Or Two—Superfluous Hairs Are Gone!"

How to Remove Superfluous Hair by Dissolving Them Away—A New Toilet Luxury. Other Beauty Secrets.

M. F. E.—Now, do you really want a surprise? Mix one ounce of stonions with two tablespoons of glycerine in a pint of water. This makes the most remarkable complexion beautifier you ever thought possible to obtain. All your blemishes and sallowness will vanish, and in their place will be a gloriously-throated, spotless skin. All that muddiness will disappear quickly and you will have a complexion to be very proud of.

MRS. SPOTS—Trying to get rid of blackheads by trying to pinch them out or by steaming the face simply makes the pores large. Rub the face with a wet cloth upon which has been sprinkled some of this. The blackheads will all be gone in a few moments. At a cost of about fifty cents you can get the nuxerin from your druggist.

MRS. C. H. N.—Soep cannot thoroughly remove scale and other fatty accumulations which form on the hair and scalp. You will be able to dissolve away these formations at once by using a teaspoonful of eggol in a half cup of water and used as a head-wash. It will let your hair breathe and grow, and it leaves the hair with a fine silky sheen. There is enough eggol in a twenty-five cent package for about twelve of these head-washes.

MISS ROWE—For face powder just try "Fresca Beauty Powder" and you will be able to obtain it from your regular dealer. It is intended to freshen the complexion, liver, kidneys and intestines of the previous day's waste, sour bile and indigestible material left over in the body which if not eliminated every day, become food for the millions of bacteria which infest the bowels, the quick result is poisons and toxins which are then absorbed into the blood, causing headache, bilious attacks, foul breath, bad taste, colds, stomach trouble, kidney misery, sleeplessness, impure blood and all sorts of ailments.

People who feel good one day and badly the next, but who simply cannot get feeling right are urged to obtain a quarter pound of limestone phosphate at the drug store. This will cost very little but is sufficient to make anyone a real crank on the subject of internal sanitation.

MUSTARD CANNOT BLISTER

To Get Rid of Wrinkles and Bad Complexions

Most cosmetics clog the pores. In cool weather, when one does not perspire freely, the pores are clogged with the residue of waste material, injuring instead of aiding the complexion. Ordinary mercurochrome wax serves all the purposes of cream, powder and rouge, giving far better results. It actually peels off an offensive skin, at the same time unobscuring the pores. Minute particles of sand skin come off day by day, causing not the least discomfort. Gradually the healthy, younger skin beneath peeps out, and in less than a fortnight you have a lovelier complexion than you ever dreamed of acquiring. Mercurochrome is obtainable at any drug store, is spread on nights like cold cream and washed off morning. One ounce usually suffices.

For removing wrinkles, without stopping the pores with stuffy dust, here's a sure-fallish formula: One ounce powdered azolette, dissolved in one-half pint hot water. Use as a wash lotion. Every line will quickly disappear.

START TOMORROW AND KEEP IT UP EVERY MORNING

Get into the habit of drinking a glass of hot water before breakfast.

Millions of folks bathe internally now instead of loading their systems with drugs. "What's an inside bath?" you say. Well, it is guaranteed to perform miracles according to hot water enthusiasts.

There are vast numbers of men and women who, immediately upon arising in the morning, drink a glass of hot-water with a teaspoonful of limestone phosphate in it. This is a very excellent health measure. It is intended to freshen the stomach, liver, kidneys and intestines of the previous day's waste, sour bile and indigestible material left over in the body which if not eliminated every day, become food for the millions of bacteria which infest the bowels, the quick result is poisons and toxins which are then absorbed into the blood, causing headache, bilious attacks, foul breath, bad taste, colds, stomach trouble, kidney misery, sleeplessness, impure blood and all sorts of ailments.

Begy's Mustarine Astonishes All

Money Back, Says Druggists, if Begy's Mustarine Isn't by Far the Best Mustard Preparation.

A Big Yellow Box for 30c

Ask your druggist to show you a box of Begy's Mustarine; he and, every other druggist in America is authorized to return your money if it does not do as advertised.

Doctors have prescribed it for 19 years. It's the original, and best improvement on the old-fashioned Mustard Plaster, and quickly stops rheumatic pains, neuralgia, neuritis, lumbago, and instantly relieves tonsillitis, pleurisy and bronchitis.

Just rub it on, and over-night away goes sore throat, coughs and chest-cold. One ointment does it all.

For sprains, swellings and all aches and pains, it has no equal, while for sore feet, nothing yet discovered can compare with it. It's the quickest pain killer on earth. Be sure it's Begy's, always in the yellow box.

LADIES! DARKEN YOUR GRAY HAIR

Use Grandma's Sage Tea and Sulphur Recipe and Nobody will Know.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old preparation, improved by the addition of other ingredients, which can be depended on to restore natural color and beauty to the hair.

A well-known down-town druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark and glossy.
