

The best women are indeed necessarily the most difficult to know. They are recognized chiefly in the happiness of their husbands and the nobleness of their children.

A Stubborn Cough Loosens Right Up

This home-made remedy is a wonder for quick results. Easily and cheaply made.

Here is a home-made syrup which millions of people have found to be the most dependable means of breaking up stubborn coughs. It is cheap and simple, but very prompt in action. Under its healing, soothing influence, chest soreness, croup, phlegm, looseness, breathing becomes easier, tickling in throat stops and you get a good night's restful sleep. The usual throat and chest colds are conquered by it in 24 hours or less. Nothing better for bronchitis, hoarseness, croup, throat tickle, bronchial asthma or winter coughs.

To make this splendid cough syrup, pour 2½ ounces of Pinex into a pint bottle and fill the bottle with plain granulated sugar syrup and shake thoroughly. If you prefer, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you get a full pint—a family supply—of much better cough syrup than you could buy ready-made for three times the money. Keeps perfectly and children love its pleasant taste.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its prompt healing effect upon the membranes.

To avoid disappointment ask your druggist for "2½ ounces of Pinex" with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

Heart Beats

By A. K.

Disgusted? What's the use? Thousands have said it before you—

Thousands will echo it after you've gone. But way down deep within your heart another emotion stirs—One vastly greater—Infinitely stronger—Than the foolish expression: "What's the use?"

Moods of depression. Make us argue thus. Against our saner judgment. Moods are brainstorms. Working against our standards. Some have low standards—True enough—

But many more have high ones—And so there is use in every little struggle since.

Not the smallest effort can be wasted. Life is one great system. A system of individual losses—Little gains—And singly born ideas—

Discoveries—Inventions—Come from single thoughts. Combined strength—Coupled efforts—Thought activities—

Spring from infinitesimal trials and acts of courage. Therefore, Each small deed is greatly important. Unto the whole.

We need your smile. Your charity. And plans. For the world's track bounds. And encircle progression—Each act is a heat—And something is won in every race. SELAH!

Fears the Courts.

Dear Miss Fairfax, Omaha Bee: Am coming to you again for advice. I've asked you twice already and I certainly appreciate your answers. My trouble now is: I'm going with a boy whom I deeply love, and a while back I went with another one and I told him I'd be true to him. Although I know now I shouldn't have been so liberal at saying it. He now is sore at me, but now, what I want to know is can he make me marry him, or will it do him any good to go to court with it? My folks object very much to this boy and want me to keep the one I love. Thanking you in advance for an early reply, I remain, in haste, C. E.

We have a breach of promise law in Nebraska, but there is no probability that it would apply to the case you mention. You don't say you were even engaged to the first young man, but even if you were, you would be privileged to change your mind about marrying him. Don't worry about the courts for one minute. Be concerned about yourself, however, to make sure you are not fickle-natured and changeable and insincere.

Christmas Gifts.

Dear Miss Fairfax, Omaha Bee: Would you kindly suggest some inexpensive gifts for my fiancé's Christmas present? Sincerely, DAISY.

A hand-made muffler would be appreciated by a young man. The standard frames make very attractive gifts, and with your picture, would

If you embroider nicely, get a half dozen good linen handkerchiefs and embroider his initials on them. Then there are fountain pens, nicely mounted hat or clothes brush, folding manicule set, small electric reading light, and a long range of possibilities, depending upon his personality and tastes; a book on some very favorite theme, or, if he is a kodak "fan," an album for mounting prints. If he enjoys travel and pictures, "The American Geographic Review" for a year, would be welcome.

Discovered.

Dear Miss Fairfax, Omaha Bee: We are twins and would like some advice. We are 16 years old. Will you please print our questions and answers in the Omaha Daily Bee.

What should girls do when they have told boys that they do not like their company and yet they continue to come?

Do you think we are too young to go with boys if we act sensibly and don't stay out late and what should a girl do when she is asked to go out riding after a dance?

TWIN.

You're discovered! You haven't strength of character to back up your words. You can't say no and make it "stick," and you don't know how to refuse a boy if he asks you to go riding after a dance. The only remedy in your case is to de-
