OMAHA WOMAN HAS GAINED 12 POUNDS TAKING TANLAC

Former Hospital Nurse Tells of Her Recovery Through Famous Medicine.

"After finishing my fourth bottle of Tanlac I found I had actually gained twelve pounds," said Mrs. Arch Allen, of 3822 N. 65th street, Omaha, Neb. Mrs. Allen formerly lived in Evansville, Ind., and was at one time a nurse in a hospital near that city.
"I had suffered from stomach trouble," she continued, "till I was hardly more than a frame and hadn't the strength left to lift my little ten months old baby. My nerves were so strung that I couldn't raise a saucer from the table without my hand trembling like a leaf. My food would sour on my stomach, causing gas to form that affected my heart so I could hardly breathe. I often had dizzy spells and violent headaches and was in so much misery at times I could hardly stand it. Sometimes I would be confined to my bed for as much as two weeks at a time, and although I had the best of treatment and took all kinds of medicines I kept getting worse instead of better."
"I was nursing at a hospital near Evansville, Ind., when I first heard of Tanlac, several of the nurses there had taken Tanlac so successfully for stomach trouble that I decided to try it, too. I felt greatly relieved while on my first bottle, soon the gas stopped forming and I could eat all I wanted without suffering afterwards. The headaches and dizzy spells gradually left me and I kept gaining in weight and strength right along. My nerves are in better shape now than they have ever been. I sleep like a baby and get up feeling thoroughly rested and refreshed. In fact, I feel well and strong all the time now and can do all my housework without the least trouble."

Tanlac is sold in Omaha at all Sherman & McConnell Drug Company's stores, Harvard Pharmacy and West End Pharmacy. Also Forest and Meany Drug Company in South Omaha and the leading drug-gist in each city and town throughout the state of Nebraska.—Adv.

To Have Smooth, White, Soft Skin All Winter

Does your skin chap or roughen easily in this weather, or become unduly red or blotchy? Here is a quick, easy way to overcome the trouble and keep your complexion beautifully white, smooth and soft the winter long. Just get an ounce of ordinary mercurized wax at the nearest drug store and use a little before retiring. The wax, through some peculiar attribute, flocks off the rough, discolored or blemished skin. The worn-out cuticle comes off just like dandruff, only in almost invisible particles. Mercurized wax simply hastens Nature's work. Used as required, it keeps the face constantly free from devitalized, dead skin and only the healthy, young-looking skin is in evidence. It's the best treatment known for weatherbeaten, aged, muddy, freckled, pimpled and all un-beautiful complexions.

Cupid Wages Telling War Against Shivering Lovers

Cold Weather, Intensified by Coal Crisis, Booms Sale of Marriage Licenses in Face of World Unrest—Divorce Mill Practically Closed Down.

An extraordinary boom in the marriage license business in Douglas county is a development of the present cold wave and coal shortage days, which Marriage License Clerk Stubbendorf calls to the attention of a shivering world.

Twenty-two couples were licensed to wed Monday. Up to noon yesterday a dozen more had written their names with numb fingers and hurried away to the minister's house. "I can't explain it except on the theory that two can keep warm much better than one," says Mr. Stubbendorf. "I never saw such a boom in licenses right after Thanksgiving time. Usually all those intending to get married do so before the holiday and there is a slump in the demand the next few days."

In Good Style for \$5.
"You may not be able to get coal but you can get married for approximately \$3—this including \$2 for the license and a stinky \$1 for the clergyman or magistrate," said County Judge Crawford. "For \$5, the price of a couple of meals for two, the thing can be done up in good style with a decent fee to the officiating clergyman or magistrate."

Rev. Charles W. Savidge, the "marrying parson," who has married 5,000 couples, comes forward with many quotations from the Scriptures to show that these are the "times of trouble" prophesied in Old Testament times.

What this has to do with marrying, some people will not be able to see and others will. Oh, yes, they will. Anyway, Rev. Mr. Savidge continues thus:
"But there is one thing to which I desire to call especial attention. 'Business of different sorts will be seriously affected, but there is one line that will continue good, and that is marriage.'

"In the time of the flood they married and were given in marriage till they were all swept away. I have an idea that after Noah went in the ark and God shut him in that the marrying preacher of that day stood in the swirling waters and married his last couple.
"And it will be so in this day. It is really surprising that no times are so threatening, no weather so gloomy as now as in the days of the coal shortage. Midweek meetings and all young people's services are to be held in private homes."

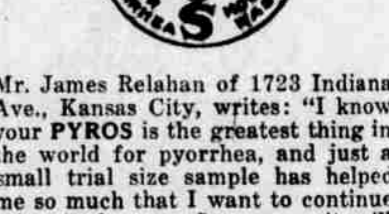

The Bee's Free Shoe Fund

The children of the Omaha public school up to the eighth grade sent in a Thanksgiving offering of \$37.42 to buy shoes for the children of the desperately poor.

When the school children start to buy shoes for those who can't come to school for want of shoes, they do something big because of their large numbers.

There is more coming from the school children later. This contribution will furnish a good many pairs of shoes for poor little kinds.

Chief of Visiting Nurses Boosts Sale of Xmas Seals
Miss Florence McCabe, superintendent of the Visiting Nurse association of Omaha, urges Omahans to bear in mind that a per cent of the receipts from the sale of Red Cross Christmas seals sold by the Nebraska Tuberculosis association will be credited to her association.

"Our association," Miss McCabe said, "is attending to 300 cases of tuberculosis in Omaha and we have been maintaining one nurse for this part of the work. We should have two more nurses for this work. We trust that our friends will liberally patronize these Christmas seals and thus help us, as well as the Nebraska Tuberculosis association."
