

CARPENTIER IS VICTOR BY K. O. OVER BECKETT

Terrific Right to the Jaw Puts British Champion Down and Out in First Round.

London, Dec. 4.—Georges Carpentier, the French fighter, won the heavyweight championship of Europe tonight by knocking out Joe Beckett, champion of England, in the first round after one minute and 10 seconds of fighting.

The men entered the ring at 9:44 o'clock. Both were heartily received. Carpentier, however, getting a slightly better reception than Beckett.

The fight began at 9:54 o'clock. After a short handshake the men faced each other. Carpentier smiled confidently. He darted in quickly and planted a left flush on Beckett's face. A brief bit of sparring followed.

Frenchman Quick.
Carpentier finally darted in again with his left. Both his footwork and handwork were much quicker than his opponent's. The Frenchman again scored with two swift lefts in succession to Beckett's face. Carpentier got away again out of reach before Beckett had time to counter.

Coming together again, the men went to a short clinch. In the break-away Carpentier was in like a flash with a left straight to Beckett's head.

A terrific right to the jaw knocked Beckett's face downward to the boards. Blood spurted from his mouth from this and previous punches.

Learns He's Out.
Carpentier helped to carry Beckett to the Englishman's corner. Beckett's eyes opened as this was done and his seconds said to him: "Joe, you're out."

Beckett was unable to understand it all for a moment, but he seemed to comprehend when the crowd began to invade the ring.

Carpentier was hoisted to the shoulders of the first of the crowd that reached him. Everybody in the stadium was cheering, including the prince of Wales, while tens of thousands of persons who had gathered outside in the street were shouting their tribute to the victor.

The only effort made by Beckett in the fight was to cut loose a vicious upercut with his right after he had received the first jab to the face. The blow missed by more than a foot.

Started at 13 Years.
Georges Carpentier was born at Lens, France, January 12, 1894. He began boxing when only 13 years of age. This was in 1907 when boxing was beginning to be popular in France. He was both skillful and aggressive and in 1909 scored many victories, defeating among others Charles Ledoux, the French bantamweight champion.

Took on Weight.
Carpentier took on weight rapidly and two years later he was meet-

MRS. CLEMENS GIVEN SURPRISE BY THE RESULTS

After Ten Years' Suffering She Takes Tanlac and Now Finds Herself Well.

"Tanlac has not only overcome my troubles, but it has given me so much life and strength that I feel better than I have in ten years," was the statement made by Mrs. Angie Clemens who lives at 98 Col lege avenue, Bonedale, Kansas, while talking to the Tanlac representative the other day.

"During the past ten years I have been troubled so bad with indigestion, rheumatism, nervousness and liver trouble that my condition had become serious," Mrs. Clemens continued. "My appetite was poor and what little I ate disagreed with me and gave me terrible pains in my stomach and gas formed so bad that it made breathing difficult for me. The rheumatism was all through my system and troubled me nearly all the time and my liver bothered me a great deal. I was so nervous that the least little sudden noise or sound would make me jump and at night I was too restless to sleep good and many a time I have lain awake till after midnight unable to close my eyes. Every morning I got up so weak and tired that all day long I felt worn out, and at times I could not walk around the house on account of the pains in my knees and back. I spent hundreds of dollars on different kinds of medicines and treatments but I got only temporary relief and I was in such wretched health I knew I couldn't go on in this condition much longer.

"Finally I began to read about Tanlac in the papers and as some of my neighbors who had tried it recommended it to me I commenced taking it. And to my surprise I was feeling greatly improved by the end of the first week and I kept on getting better until now I am in fine health again. I have a splendid appetite, everything I eat digests perfectly with no bad effects at all. My liver is in fine condition and the rheumatism has just about all disappeared and my nerves are as steady as a clock. I sleep sound all night long and get up feeling so fine that my housework is a pleasure to me and I am gaining in weight and strength right along. Tanlac deserves all the credit for my well and happy condition and I am only too glad to recommend it to all who are suffering from anything like this."

Tanlac is sold in Omaha at all Sherman & McConnell Drug Company's stores, Harvard Pharmacy and West End Pharmacy. Also Forest and Many Drug Company in every city and town throughout South Omaha and the leading drug store of the state of Nebraska.—Adv.

JUDGE RESERVES DECISION; BOARD TO FILE BRIEFS

New York Club's Attorney Declares Johnson Exceeded Authority in Calling American League Meeting.

New York, Dec. 4.—After hearing arguments on the application of the New York American League club for an order restraining President Johnson from calling the annual meeting of the board of directors and members of the American League in Chicago on December 10, Supreme Court Judge Greenbaum reserved decision. He also gave counsel for both sides until Friday afternoon to file additional affidavits and submit briefs.

Holds All Offices.

Marvin W. Wynn, attorney for Mr. Johnson, read from an affidavit by the American League executive which stated he was not only president but also secretary and treasurer of the league and as such has always been in the habit of sending out the notices for the annual meeting, and that (Johnson) had been asked by five members of the league to call the meeting in Chicago.

Charles H. Tuttle, a lawyer, representing the New York club, contended that Johnson had exceeded his authority and had assumed powers not conferred on him under the constitution and bylaws of the league. He asserted that the right to call the meeting rested solely with the board of directors.

By KARL LEE.

Lincoln, Neb., Dec. 4.—(Special.) By far the most successful seasons in several years, the state collegiate football conference closed Thanksgiving day, with York a leader by a wide margin. The Nebraska Wesleyan university was runner up with Peru, Hastings and Colner close in the race. York closed the season undefeated.

It is doubtful whether, in secondary college circles, two teams as perfectly balanced and coached as the York and Wesleyan teams, have ever competed in a single season. The writer attended the York-Wesleyan game at York when the latter lost by three touchdowns but, aside from the Syracuse-Nebraska game

and defeating men in the welterweight division. The Frenchman scored his first sensational victory when he knocked out Jim Sullivan, the English middleweight in two rounds at Monte Carlo, in 1912.

At Ghent, the following year, Carpentier, after being knocked down twice by Bombardeur Wells, the English heavyweight champion, knocked out the British representative in the fourth round. The fact that a French lad 18 years old and only a middleweight, had knocked out the cleverest English heavyweight seemed to some of the latter's backers a fluke. Carpentier dispelled this doubt, however, when he went over to London and knocked out Wells a second time, ending the bout in the opening round. Forty days afterwards, Carpentier fought Pat O'Keefe, the English middleweight champion, and scored a knockout in the second round.

Lost to Jeanette.
Joe Jeanette, the American negro heavyweight, defeated Carpentier early in 1914, but after that and previous to the declaration of war between France and Germany, the French champion won decisions from Kid Jackson and Gunboat Smith on fouts.

A few hours after the Smith fight, Carpentier, who was in England, returned to France on the night boat in answer to his country's call, and the following day was in uniform.

During his early ring career Carpentier grew rapidly from a bantamweight to a light heavyweight and beat the European champions in each class as he progressed. He amassed a fortune variously estimated at from \$200,000 to \$500,000. Most of this money he invested in coal mines near Lens, where he was born, and lost everything there by the German invasion.

During the war, Carpentier was conspicuously daring as an aviator. He was frequently commended by his superior officers, and among the many decorations conferred upon him was the military medal, the highest war honor that can be given to a French soldier.

Hadn't Started.
After the fight Beckett said to the newspaper men: "I wanted to fight, when I got it. I didn't realize what had happened. I was just 'filling in' for the first round when he slipped in."

When the aero-flares announced the decision Londoners were unable to believe it; they thought a mistake had been made.

Dempsey Not Surprised at News of Carpentier's Victory

Los Angeles, Dec. 4.—Jack Dempsey, heavyweight champion, said here Carpentier's victory over Beckett in London was no surprise to him, as he and his manager, Jack Kearns, had picked the French champion to win.

Dempsey said Carpentier was a more scientific, quicker and harder hitter than Beckett. "I am ready to fight Carpentier or any other fighter in the world—if I get my price," said Dempsey. "Carpentier in all probability will be my next opponent and the meeting, probably, will come off next spring."

Promoter of Carpentier-Beckett Bout Coming Here
London, Dec. 4.—(By The Associated Press.)—C. B. Cochrane, the promoter of the Carpentier-Beckett fight, will leave here for the United States in a few days. He hopes to arrange for a championship match between Jack Dempsey and Carpentier to be held in London in 1920.

Uvick-Sudenberg Mill Off Until Relief in Fuel Situation Here

Promoter Al Fiori of Council Bluffs announces that the six-round bout between Billy Uvick and Johnny Sudenberg and the wrestling match between Charley Peters and the Chicago Mystery Man will be held up until the present coal situation is relieved.

The show probably could be held with artificial heat, but the matter of lighting the Council Bluffs Auditorium is a problem that Fiori is unable to solve. The original date was Friday, December 12, but Fiori declares he will not attempt to stage the show until all danger of a coal famine is past.

Rickard Says Carpentier Is Logical Title Contender

New York, Dec. 4.—"Georges Carpentier is apparently the logical contender to meet Jack Dempsey for the world's heavyweight championship," said Tex Rickard, the promoter, when informed by The Associated Press of the result of the London battle, on his return from Chicago late Thursday night.

"Staging such a bout, however, is far from being an easy task," continued Rickard. "There are many difficulties that stand in the way and I am not at all certain that I care to consider such a proposition at this time. Both Dempsey and Carpentier would undoubtedly expect a very large sum in the form of purses and guarantees and there appears to be very few places that would be likely to return gate receipts sufficient to warrant the immense outlay involved."

"If a boxing law permitted even a 10-round no-decision bout in or near this city, it might be possible to stage the match here, but it would require a large city like New York to draw from in order to make the bout a financial success. I have not the slightest doubt that a match between Carpentier and Dempsey would be a great boxing contest, but in these times of inflated prices I would prefer to let some other person do the worrying and work incidental to such a match. I should have to see more profit than is visible at present before I would be more than a spectator."

Wage increases that range from \$3 to \$5 a week have been secured by the bakers' union in San Francisco. Night work is eliminated, except for dough mixers.

Pesek Winner in Match With Warren Miller

Callaway, Neb., Dec. 4.—(Special Telegram.)—John Pesek was the winner of his match here last night against Warren Miller. Miller was at the mercy of the Shelton farmer from the time the two went on the mat and Pesek was returned winner of the first fall in three minutes after time was called. Miller came back strong in the second fall, staying 14 minutes before Pesek pinned him to the mat.

Want 1924 Olympiad.

Chicago, Dec. 4.—Initial steps were taken by prominent sporting men and civic leaders to have the Olympic games held in Chicago in 1924, following the announcement that a contract had been let for the erection of the world's largest stadium here.

Fuel Situation Will Not Prevent Wilde-Sharkey Bout

Milwaukee, Wis., Dec. 4.—The fuel situation will have no effect on the Wilde-Sharkey boxing bout in Milwaukee Saturday night. There is enough coal in the Auditorium, where the bout is planned to be held, to heat the building for a month, according to the promoters.
