

BIG BANKS HAVE EXTRA GUARDS FOR PROTECTION

With Criminals Flocking to Omaha and Police Department Demoralized, Precautions Are Taken.

Following the Hayden Bros. store robbery of last Sunday, and because of the fact that criminals and thieves of nearly every character are known to be flocking to Omaha from every section of the country to take advantage of the opportunity offered by the demoralized police department here, many of the large banks in the city are employing extra forces of watchmen to furnish the protection which the local police department has fallen down on.

Until recently, before the city became enveloped in the present wave of crime now terrorizing the entire community, bank officials assumed they had taken proper and adequate precautions in stationing a watchman at each bank. This, with the protection which police department in any metropolitan city is supposed to offer, was regarded as sufficient. However, crime of nearly every nature is increasing to such an alarming extent in Omaha today, with the police department helpless to check it, bank officials have regraded the situation as extreme, and in view of the fact that heads of the department can promise no relief, it has been decided to not rely on the city any longer.

Increase Private Police.

The question of putting on an extra force of watchmen was discussed at half a dozen banks yesterday. Many of the institutions already have augmented their private force.

"I do not want to be quoted as lambasting our police department," declared an official of one of the largest banking institutions in the city, "because it will do no good. The world already knows how rotten the local police department is. It is a joke from top to bottom. We have given up hopes of getting anything from the Omaha police force until there has been a general cleaning out, and the cleaning should begin with the police commissioner and go all the way down the line."

Limit to Patience.

"The people of Omaha are exasperated. There is a limit to the patience of even good people. The first step towards improving the conditions should be to get rid of the cause of the whole trouble."

O. A. Helquist, assistant cashier of the Corn Exchange National bank, declared that his bank had not yet taken on an extra force of private policemen. He stated, however, the matter had been taken under consideration by executives at the institution and likely his bank would follow the example of the others immediately.

Sixth Violation Charged.

Bessie Woods, negro, Eleventh and Pierce streets, was bound over to the district court on charges of illegal possession of intoxicating liquor in Central police court yesterday. Court records show that this is the sixth time she has been arrested on the same charge.

Dandruff Surely Destroys The Hair

Girls—if you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't.

It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it.

You will find, too, that all itching and itching of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.

"Cured!"

Mrs. Gus Griffith, of
Everett, Mo., writes: "I
suffered for three years
with various rheumatic
troubles. My life was a
miserable. I was not able
to do anything... bearing
down pains in my
back and limbs, and head-
ache... weak and nerv-
ous. Dr. — recom-
mended Cardui to me."

TAKE

Card-u-i

The Woman's Tonic

"When I was on the sixth bottle," she continues, "I began feeling like a new woman... I am now a well woman. I know my cure is permanent for it has been three years since I took Cardui." Thousands of women, now strong and healthy, who once suffered from women's ailments, give Card-u-i the credit for their good health. Try it, for your troubles.
