Ancient Romans Had Dolls.

There is a pretty legend to the effect that dolls were first recognized in the branches of the trees of the Garden of Eden. The earliest authentic records, however, seem to go back to the days of the Romans, when they made quaint, sphinx-like, jointed dolls from ivory—patterns which modern dollmakers have since copied.

That the Roman children had their dolls which they offered up to Venus when they grew older, was vouched for on one occasion by the historian Macaulay.

There is ample evidence that the use of dolls as an assistance to the operations of the young mind dates from the most remote times. Among the native tribes of Africa it was the custom of married women to carry a doll with them until they had a child, when the doll was discarded.

Kings were wont to play with dolls, and talking and walking dolls, which even today are regarded as novelties, date back a century. At a French exhibition held in 1823 dolls

which could say "Papa" and "Mama" were exhibited, and three years later dolls which could walk were shown in the shops. It was about the same time that dolls added to their many accomplishments the power to open and close their eyes.

Saving in Gas Mantels.

When the mantle starts to get black and the light is poor the first thing to do is to take the shade and cylinder off. Now remove the mantle very carefully from its place. Blow out the "burner part" and you will be surprised to see the great amount of soot that collects there, and especially in summer, when mosquitoes and flies gather around the light and fall in, thus closing up the air spaces of the burner. In doing this the mantle will last for many months and you will always have a bright light.

Red Cross Seals.

The American Red Cross and the National Tuberculosis association are codistributors of the seals, ap-

pointing the distributor for each state. The Nebraska Tuberculosis association has qualified for this appointment since 1908, the first year in which the seals were used.

Because of the war and in order to save the public one drive for money, no seals were sold in 1918. In order that the work of tuberculosis prevention might go on the American Red Cross appropriated to each state, for work during the calendar year 1919, a sum commensurate with or exceeding the 1917 sale of seals.

There will be no appropriation made by the Red Cross for the year 1920 for the reason that the sale of seals is resumed in 1919.

Nurses' Club.
On December 11 the Nurses' Central club and registry opened the Wallace home at 2420 Hargreave street. The home has capacity for 30 resident nurses. Miss Marie Wick of the Ford hospital is president of the board of directors; Miss Charlotte Townsend, secretary; Miss Grace Bradley, registrar. The Nurses' club and registry had a home established before the war, but discontinued it while so many nurses were in service.

An Old Timer

I am an ancient anecdote, 3,000 years of age.
They tackled me on to men of note when Xerxes was a page.
I was well known in Jericho, and cut a dash in Troy.
And bobbed up every year or so when Caesar was a boy.

I am an ancient anecdote and I am going still.
I was in use when people wrote with stylus and with quill.
I was a joke that Shakespeare knew and also Genghis Khan.
And now I s'pose they'll hitch me to some yearling congressman.

Newcomer Adds to Music in Omaha

Mrs. Mary Wells Jolley

A newcomer to Omaha and a contribution to the musical life of this city is Mary Wells Jolley (Mrs. R. M.). Music is not her only achievement, for she graduated from Wellesley in 1911. The violin is her chosen instrument, and her instructors have been none other than Sol Marcossow of Cleveland and David Mannes of New York. She has taught violin in Cleveland, Buffalo and at Fredonia Normal, New York. Mrs. Jolley was scheduled to appear at the Omaha Woman's club music department tea, on Wednesday, December 6. That program has been canceled for the present, but will be given at a later date when Mrs. Jolley will appear.

Recipe for a Mild Laxative Cough Syrup
Made with Simple Sugar Syrup and Mentho-Laxene in About Five Minutes.

Make a syrup with a pint of sugar and a half pint of boiling water, cool and pour into a bottle or jar. Then add the contents of a 2-oz. bottle of Mentho-Laxene, shake well, and take a teaspoonful four to eight times a day for head or chest colds, coughs, bronchitis, whooping cough or catarrh of head and throat.

Actually, the very first dose will show you the wonderful virtues in Mentho-Laxene. It is penetrating, healing, soothing and curative to a greater extent than anything ever discovered. Children like it and adults use it from Maine to California. Physicians prescribe it, hospitals use it, and why should not you enjoy the benefits of a cheap, home-made remedy free from narcotic, sickening drugs? Ask your druggist for Mentho-Laxene and insist on getting it, for it is guaranteed to please every purchaser or money back by The Blackburn Products Co., Dayton, Ohio.—Adv.

Famous Women

Caroline Herschel.

Caroline Herschel stands out as it in protest against the theory that woman's gray matter is inferior to that of man. She was the daughter of Isaac Herschel, a musician of Hanover, Germany. Her brother, William, came to England to seek his fortune. Caroline followed him to Bath in 1758. In time William turned his attention to astronomy, and Gaining the favor of George III, he became the greatest astronomer of the age. For 40 years he pursued

his investigations of the heavens of Windsor. His sister, Caroline, his chief assistant. She discovered seven comets by means of a telescope which her brother prepared for her use. In 1798 she published a "Catalogue of the Stars," subsequently, a "Catalogue of Nebulae and Star Clusters." In 1828 the Astronomical society's gold medal was given to her. She died at the age of 97 years.

On all the official reports of the city councils of Philadelphia from 1822 to 1847 appears the imprint of Lydia R. Bailey, who was at that time a well-known woman printer in the Quaker City.

"I Wish I Had Her Complexion"

ment by which blackheads can be made to disappear in a few moments. A little nioxin sprinkled on a wet cloth, and rubbed on the blackheads, will make them vanish in a few minutes. You can easily convince yourself of this fact by trial. The nioxin can be obtained at any drug store for fifty cents.

A Queenly Complexion a Question of Days Instead of Months. A Method That Never Fails. How to Easily Force Hair to Grow.

By Valerius Surratt.
SKIN blemishes, mudiness, sallowness, unevenness in tint, and all that goes to make up a poor or just an ordinary complexion may be very easily corrected, and you will find all spots promptly disappearing, as well as all other blemishes by purchasing the following simple method which has never been known to fail. Mix two tablespoonsful of glycerine and one ounce of salicylic acid in a pint of water. Rub this mixture on the face and neck, and very rich, satiny cream will be the result. This should be used freely every day. Nothing else will be necessary to give the skin a spotless and queenly beauty. The salicylic acid can be obtained for fifty cents at the drug store.

PUT OUT—You will be able to attend that dance or social event without feeling embarrassed on account of superfluous hair, and you will have reason to be a wonderfully easy way to remove them from any part of the body. This never trifies or irritates the skin. Mix ten drops of hair oil in a bottle of water. Use a few moments all the hair will dissolve away almost magically. Wipe off the dead hair, and the work is done. There is nothing to get ready or to mix. You can get the salicylic acid at the drug store for about a dollar. This is the ideal way because it never fails and does the work so easily and thoroughly.

BONHEUR—Blackheads can never be entirely removed by pinching, because they are large blackheads there are also smaller ones, and these will grow and tent of thousands. Here is a local treat-

AUGUSTA—Just try this face powder for a while and you will realize that you have at last found your ideal. It has exquisite fineness, stays on magnificently and blends perfectly. "Fresca Beauty Powder" is sold at drug stores for half a dollar in any tint. Try it.
This powder, however, has not been on the market very long and not all toilet stores have it in stock. So if you are unable to obtain it from your regular dealer, I will be glad to see to it that you are supplied by mail. Send me a dollar, and I will send you a box of the powder for the trial size or fifty cents for the regular box of Fresca Beauty Powder.

Simply address, Secretary, Miss Surratt, Thompson Bldg., Chicago, Ill., and she will faithfully attend to your wishes.

New Hair Growth After BALDNESS

HAIR GROWN ON MR. BRITAIN'S BALD HEAD BY INDIAN'S MYSTERIOUS HAIR GROWER

My head at the top and back was absolutely bald. The scalp was shiny. An expert said that as he thought the hair roots were extinct, and there was no hope of my ever having a new hair grow. Yet now, at an age over 66, I have a luxuriant growth of soft, strong, lustrous hair. No trace of baldness. The pictures shown here are from my photographs.

Indians' Secret of Hair Growth

At a time when I had become discouraged at trying various hair lotions, tonics, specialists' treatments, etc., I came across, in my travels, a Cherokee Indian, "medicine man," who had an elixir that he asseverated would grow my hair. To my amazement a light fuzz soon appeared. It developed, day by day, into a healthy growth, and ere long my hair was as prolific as in my youth days.

That I was astonished and happy is expressing my state of mind mildly. Obviously, the hair roots had not been dead, but were dormant in the scalp, awaiting the fertilizing potency of the mysterious pomade. I negotiated for and came into possession of the principle for preparing this mysterious elixir, now called Kotalko, and later had the recipe put into practical form by a chemist.

That my own hair growth was permanent has been amply proved. Many men and women, also children, have reported satisfactory results from Kotalko.

How YOU May Grow YOUR Hair

My honest belief is that hair rarely dies even when the hair falls out through dandruff, fever, excessive dryness or other disorders. It has been told by experts that often when hair falls out the roots become imbedded within the scalp, covered by hard skin, so that they remain as a tiny little bulb or seed in the scalp, waiting for growth when fertilized. Shampoo (which contains alkali) and hair lotions, which contain alcohol, are enemies to the hair, as they dry it, making it brittle. Kotalko contains the elements of life, and gives new vitality to the scalp and hair.

PROVE FOR YOURSELF

Get a box of the genuine Kotalko at a reliable druggist's. \$3.00 GUARANTEE with each box. A small testing box of Kotalko (with testimonials, etc.) may be obtained by sending ten cents, silver or stamps, to my address below.

Physician Explains How Anaemia Fastens Its Hold Upon Women

And Saps Their Health and Vitality

Says Lack of Iron in the Blood May Completely Change a Woman's Appearance and Break Down Her Physical Strength, While Plenty of Iron Keeps the Body Supple, Active and Tingling With Energy—Prescribes

Nuxated Iron to Make Rich, Red Blood--

The Kind That Puts Strength in the Nerves and Roses in the Cheeks.

With anaemia lack of iron in the blood threatens the health, strength and beauty of so many women of today it has become a matter of widespread public interest as to how this iron deficiency can be supplied. For want of iron a woman may look pale and thin, haggard, wrinkled and all run-down—while at fifty or sixty with good health and plenty of iron in the blood she may still be young in feeling and so full of life and attractiveness as to defy detection of her real age.

That women may become stronger, healthier, more beautiful and better able to meet the demands of home, social and business life by increasing the supply of iron in their blood is the belief of physicians who prescribe Nuxated Iron—to build up the red blood corpuscles and give increased power and endurance. Dr. Ferdinand King, New York Physician and Medical Author says: "Time and again women patients come to me and say 'Doctor I don't know what is the matter with me—I'm always tired out, nervous, and I'm beginning to look awfully old. I'm so blue and discouraged I don't know what to do. Can't you give me something to build me up?' In practically nine out of ten such cases one of the real and true causes of their weak, tired, nervous conditions may be simply a lack of sufficient iron in the blood. Almost invariably in these cases I prescribe organic iron—Nuxated Iron—to enrich the blood and create thousands of new red blood cells thereby quickly transforming the flabby,

featureless flesh into firm, healthy tissue. I have known Nuxated Iron to make women look years younger and in two weeks' time to give greatly increased strength and energy in many instances."

In commenting upon Dr. King's statement concerning the imperative need of more iron in the blood of run-down, nervous women, Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Outdoor Dept.) New York, and the Westchester County Hospital at says: "Dr. King is absolutely right. As I have said a hundred times over, organic iron is one of the greatest of all strength builders. Many a woman who is run-down, easily tired out, nervous and irritable, suffers from the iron deficiency and does not know it. I am convinced that there are thousands of such women who, simply by taking Nuxated Iron might readily build up their red corpuscles, increase physical energy, and get themselves into condition to ward off the millions of disease germs that are almost continually around us. I have seen frequent instances where it gave renewed strength and energy, increased power and endurance, steady nerves, and the rosy bloom of health in about ten days or two weeks' time."

I consider Nuxated Iron one of the foremost blood and body builders—the best to which I have ever had recourse."

Manufacturers Note: Nuxated Iron which is prescribed and recommended above by physicians is not a secret remedy but one which is well known to druggists everywhere. Unlike the order-informant products it is easily assimilated and does not irritate the stomach. The manufacturers guarantee successful and entire satisfaction results in every purchase or they will refund your money. It is dispensed in this city by J. C. Sullivan Co., Sherman & McConnell and all other druggists.
