The "furlough," which was dated September 8, was not given to the warden at the penitentiary until two days after the yeggmen made their getaway.

It is also pointed out that Kirk's two friends have not been seen in this city since the raid on the Hayden Brothers store. Disappointment has been ex-

pressed by many persons interested n Kirk's case that Senator Bushee fid not attempt to explain, in the statement he issued to the public, why the "furlough" he signed September 8 was not given to the warden at the penitentiary until nearly three months later. Neither have Kirk's attorneys explained why the been issued.

Abbott Denies Letter.

Ray J. Abbott, who represented to county attorney's office when Kirk was tried in district court here for the murder of Detective Rooney and the robbery of the Malashock jewelry store, declared yesterday that he did not write the letter to Governor McKelvie recommending Kirk's release from the penitentiary, which was attributed to him by Senator B. K. Bushee and published Sunday's Bee.

Following the statement issued by Senator Bushee explaining why, as acting governor, he signed a ur-lough for Kirk September 8, basing his action on Mr. Abbott's letter and affidavits executed by Sheriff Clark and William Musgrave, of the street railway company, Mr. Abbott was asked if the letter published over his signature and used in Senator Bushee's statement was authen-
