CUMMINS BILL IS HARSHLY SCORED BY LA FOLLETTE

Says Measure Seeks to Validate "All the Chicanery of 17 Years of Railroad Jugglery."

Washington, Dec. 10.-Attacking the Cummins railroad bill as a measure especially designed to help the roads with their return to private ownership, Senator La Follette, republican, Wisconsin, declared in the senate today that its enactment would "constitute the greatest stain on legislation in the history of the American nation.

"There is nowhere in this bill one clause in the interest of the people,' said Senator La Follette, who charged that the measure sought to validate "all the chicanery of 17 years of railroad jubblery" and fasten it on the people.

Contending that government own-ership was the ultimate solution of the railroad problem, the Wisconsin senator declared the plan had not been given a fair test because there had been an organized press and railroad attempt to discredit it. In framing the bill to meet conditions arising with the end of wartime federal control, Senator La Follette said that "the senate interstate commerce committee had not given a full hearing to the army of railway employes, vitally concerned in the future policy of dealing with the

great transportation systems." Doesn't Conclude Address.

When the senate recessed tonight Senator La Follette had not concluded his address and he will resume tomorrow. There was no indication as to how much more time he might require and leaders said they now had no idea when the bill might be passed. Senator La Follette held the floor

continuously through the session and after he had been talking two hours, Senator King, democrat, Utah, went to his rescue with a demand for a quorum, which gave him a 20 minute breathing spell. When the government took over the roads, Senator La Follette declared, "the whole system was honeycombed with inside graft." Examination of every system the Pennsylvania down," he said, 'would show that officials were financially interested in supply and construction companies with which the company employing them dealt. "And as a result of this we find," he concluded, "that stockholders and the public were robbed because of the payment of outrageous prices for supplies. The country must expect to get bad service from any concern infested with graft, and that is one explanation for the condition

of the railroads at the time the government took them over.' Railroad Head Speaks. FOR short time only—3,000-mile guaranteed tires—

While Senator La Follette was assuing the Cummins bill, Robert S.
Lovett, president of the Union Pacific system, in a statement sent to While Senator La Follette was asmembers of congress declared the measure "had the merit at least of

> tempt to solve the problem." Judge Lovett described what he considered as the good and bad features of the Cummins and the Esch bills, declaring that the "most amazas amended by the house dealt with labor.

"It effectually perpetuates every wage increase and every working rule or regulation made by the railroad administration during the stress of war and abnormal conditions resulting therefrom," he said.

Ex-Saloonkeeper Is Held for Bond Stamp Counterfeit Charge San Francisco, Dec. 10,-Martin Cleary, former San Francisco sa-loonkeeper, said by the federal au-

thorities to have been the head of a band of men who conspired to counterfeit bonded warehouse stamps, was arrested here yesterday on a charge of counterfeiting. Several thousand of the stamps were found in Cleary's home here, it was alleged. John McAllister and Harry Blain were arrested in connection with the same charge by the

Inited States marshal. The arrests of Cleary, McAllister and Blain followed that of J. J. Boyd in Salt Lake City, who was charged with dealing in narcotics. A number of the counterfeit bonded warehouse stamps were found in Boyd's possession, the authorities claimed. Boyd, it was said, had over 400 gallons of whisky in his possession when arrested. Correspondence be-South 21st st. Tyler 4002.
