When the articles of agreement finally are signed it will be found that all former purses and similar nducements given to championship heavyweights in the past will have been dwarfed into insignificance by the sums to be handed to the fighters for the first international ring hattle of importance in years. John-son and Jeffries divided \$101,000 for their Reno bout and the Willard-Dempsey purse at Toledo amounted to nearly \$150,000. Dempsey and Carpentier are quite likely to battle for a purse approximately twice as large as that offered for the Willard-

Dempsey match. Dempsey match. The division probably will be ar-ranged upon a 60-40 basis, the larger share to go to the winner or the present title holder, as the agreement may call for. Several American and European fight promoters of strong financial standing, are already endeavoring to sign the heavyweights to binding contracts.

The rivalry to obtain their signa-tures promises to furnish a bitter

down for mid-summer, but the location of the ring is a matter of much speculation. Shrewd ring followers express doubt that England would supply the huge gate receipts necessary to finance successfully such a match, as neither of the contestants would have the drawing power there of a Briton. Owing to the intense French pride in the ring achievements of Carpentier, France
