

RESERVATIONS TO PEACE TREATY ARE ACCEPTABLE

Premier's Conference, Says Paris Newspaper, Results in Decision to Accept Committee's Reservations.

By The Associated Press.
Paris, Dec. 13.—(Havas.)—As a result of the conferences being held at London by Premiers Lloyd George and Clemenceau, the American government will be notified that in order to facilitate a compromise between adverse parties in the American senate, the allies are willing to accept, to as great an extent as possible, some of the reservations to the Versailles treaty, made by the foreign relations committee, according to the Matin.

It is said the allies will do everything possible in order that America may participate in future conferences.
Form a Triumvirate.
Important problems, the newspaper says, will henceforth be settled by a council of the premiers of France, England and Italy. This council will meet sometimes in Paris and sometimes in London and will examine principally Russian and Turkish problems.

In the presence of John W. Davis, United States ambassador to Great Britain, it is said, Premiers Clemenceau and Lloyd George assured Vittorio Scialoja, Italian foreign minister, that there was a necessity for an early settlement of the Fiume problem, and intimated that England would intercede with the United States for Italy. Signor Scialoja will leave today for Rome to lay the matter before the government.

Will Announce Findings.
The spirit which prevails at the London conference, the Matin says, is good and the necessity for close co-operation by the allies is recognized.

Announcements relative to the engagements concluded by Premier Clemenceau and Premier Lloyd George at the conference they are holding in London will be made about December 15, according to the Echo de Paris.

Wilson in Touch With Meeting of the Premiers

London, Dec. 13.—John W. Davis, the American ambassador, late this afternoon visited Downing street, where Premiers Lloyd George and Clemenceau and their advisors were in conference. It was reported that Ambassador Davis' presence was connected with proposals submitted from the conference to President Wilson yesterday, which were said to render the peace treaty acceptable to general public opinion in the United States.

Washington Has Known of Allies' Attitude Some Time

Washington, Dec. 13.—Frequent conferences between entente diplomats here have indicated that their governments might be prepared to accept some reservations to peace treaty in order to accomplish its ratification in the senate, and it is understood that only the illness of President Wilson has prevented him from being so advised by some of them.

It has not been made known here to what extent the entente powers might be prepared to go, but it does appear that there would be final objection to the preamble as proposed by the senate foreign relations committee by which other powers would be required to officially record their acceptance of reservations as part of the treaty in substance.

Conference of Premiers Is Continued Today in London

London, Dec. 13.—The interallied conference was resumed today in Downing street by Premiers Lloyd George and Clemenceau, Foreign Minister Scialoja of Italy and other officials of the British, French and Italian governments present. The British conferees included Earl Curzon, Arthur J. Balfour and Andrew Bonar Law. Jules Cambon attended with Premier Clemenceau. The Italian naval attaché in London and other Italian embassy officials also were present.

Sentences for Syndicating

Oakland, Cal., Dec. 13.—James McHugo, convicted of criminal syndicalism, was sentenced to serve from one to 14 years in San Quentin penitentiary. This is the first conviction under the state criminal syndicalism law.

NORRIS REQUESTS PROBE OF GRAFT IN RAILWAY BILL

Vast Sums of Money Raised to Help Put Measure Through Congress, Charge Made.

Washington, Dec. 13.—The long drawn out debate on the Cummins railroad bill next week might be interrupted by a demand, put in the form of a resolution, that the senate investigate reports that vast sums of money had been raised to help put the measure through congress.

The investigation resolution was introduced by Senator Norris, republican, Nebraska, at the conclusion of a five-day address by Senator La Follette, republican, Wisconsin, who raked the bill fore and aft and declared it was framed in the interest of the roads.

Senator La Follette charged that the Railway Executives' association and other interests had provided funds for propaganda purposes.

War Cripples Responsible For Fatal Riot in Germany

Berlin, Dec. 13.—One man was killed and three others were wounded in a riot at Spandau, when a crowd of men, crippled in the war, who are employed at the government plant, attempted to enter the administration bureau and protest against a plan to shift them elsewhere. When officials refused to see the employees they stormed the building. The officials then opened fire on them.

Fifteen hundred crippled veterans of the war have been on the plant's payroll although, it is said, they have not been rendering service, and have been the cause of continuous rioting.
