

DELAY INQUEST OVER GIRL'S BODY FOUND IN SEDAN

Pathological Examination by
Omaha Doctor Complete—
Await Return of County
Attorney.

The inquest over the body of Miss Stella Uryask, 21-year-old Columbus, Neb., girl, who was found dead by her mother in an enclosed automobile owned by Cam Tinsley, 614 North Fortieth street, Omaha traveling salesman, will be held Friday or Saturday at Columbus.

A definite date for the inquest awaits the return to Columbus of Otto F. Walter, county attorney of Platte county, who is out of the city on business.

Dr. A. A. Johnson, in charge of clinical pathology at the University of Nebraska college of medicine in Omaha, has completed an examination of the lungs and stomach of the dead girl and forwarded a report to Dr. Neumacher, the coroner's physician, at Columbus.

"I am unable to give out any information on what the examination disclosed," said Dr. Neumacher yesterday. "This is direct instructions from the county attorney. I expect him to return Thursday and the inquest will probably be held Friday if he does not think the findings in the report demand further investigation."

Mr. Tinsley, who was found unconscious in the car beside the dead girl is still confined to the hospital where he is recovering slowly. The original theory of the city and county authorities at Columbus was that the couple were overcome by fumes from an exhaust heater with which the car was equipped. The mystery deepened upon further investigation and an examination of the girl's body was ordered by the county attorney.

Federal Officials Are Investigating Omaha "Moonshiner"

James Polo, Italian, 3012 South First street, who was arrested Monday night by police at his home for alleged illegal possession and sale of liquor, has been turned over to federal officers of two departments for investigation.

Internal revenue officials want to prosecute him for failure to pay tax on home-made whisky which he admitted in central police court yesterday he was selling. Immigration authorities are investigating Polo upon his own confession yesterday that he has a wife and three children living in Italy coupled with a confession that he has been living with another woman at his home.

Polo was fined \$100 and costs on each of the two charges on which he was arrested by police. Mrs. Grace Elliott, his housekeeper, testified in court that "she sold the home-made whisky for Polo." She was not arrested.

Polo is being held at the central police station pending further investigation by internal revenue and immigration authorities.

Former U. S. Navy Man On Trial for Rioting

William Miller of Vail, Ia., was placed on trial yesterday before a jury in District Judge Sears' court on a charge of unlawful assemblage and rioting. He was arrested soon after the court house riot of September 28 because of an injury to one of his hands.

Miller testified that he received the injury in the United States navy. George Salix, a carpenter, testified that he saw a sailor pulled out of the court house during the riot, but failed to identify Miller as the man.

Tabor Woman Tells Of Burial Agreement With Dead Daughter

Mrs. Sarah T. Tabor of Lawton, Mich., who passed through Omaha yesterday from California in custody of Michigan officers, alleged that a compact, between herself and daughter providing that the two be buried together was the reason she placed the body of her daughter, Maud, in a trunk four years ago. Prosecutor Adams of Lawton in discussing the unusual death compact, while in Omaha said:

"The mother and daughter had made an agreement that they would be buried together is the reason for the daughter not being buried. The mother says the daughter died from natural causes, and she was placed in the trunk to await the death of the mother."

Mrs. Tabor was accompanied by her son, Walter, who was recently discharged from the military service. Both mother and son refused to speak about the case while they were in Omaha. A sister of Maud Tabor and a former suitor are also under arrest in Michigan.

Blankenship Jury Puts in Two Nights In Deliberation

District Judge Estelle declared late yesterday afternoon that a "hung" jury shall not be the outcome to the trial of James Blankenship if he can help it. Blankenship was tried on a charge of assault with intent to murder Ben Danbaum of the police department at Eleventh and Farnam streets the night of the riot.

The jury retired to deliberate at noon last Tuesday. After being locked in the jury room until 5 yesterday afternoon except when they were taken to a neighboring restaurant for their meals, they had failed to reach a verdict. Judge Estelle decided to let them think it over for another night in the jury room.
