

### WOMAN TO LEAD ILLINOIS FIGHT AGAINST H. C. L.

"Stop Eating Dollar-a-Dozen Eggs and 90-Cent Butter," Is One Law Laid Down.

Chicago, Dec. 18.—Women of Illinois will lead the campaign against the high cost of living. A woman is to take charge of the entire state organization being formed to batter down prices. Her powers, it is expected, will be even greater than those of Major A. A. Sprague, fair price commissioner for the state. Mrs. Maude R. Turley, organizer of the woman's division, issued her first communication to the women of the state today. "Stop buying," she said. "Refuse to pay luxury prices and unreasonable costs for the common food-stuffs. Buy only what is absolutely necessary now. Stop eating dollar a dozen eggs and 90-cent butter. Postpone purchase of the fur coat and expensive suit for the present and watch prices tumble. You are 90 per cent of the purchasing power in Illinois. Use that power this minute, and watch the results while you carry out your other plans."

### NEIGHBORHOOD IS ASTONISHED STATES ARNOLD

Mrs. Arnold Was Down to Only Seventy-five Pounds, But Is Picture of Health, Now.

"My wife and I have both put Tanlac to test and found it to be the greatest medicine we ever ran across," said James E. Arnold, of 705 First avenue, Peoria, Ill., recently, in one of the most sensational statements yet published in connection with the Premier Preparation.

Indeed, Mr. Arnold's statement is so remarkable as to be almost incredible and, realizing this fact, he refers anyone who may wish to verify the facts to his friends and neighbors.

"My wife really has more to say for Tanlac than I have," he continued, "for she was in much worse shape. She had suffered for ten years, or more, with her nerves, which were so shattered she would get out of bed at night and sit up for hours. Her kidneys and bladder had bothered her for a good many years and she had become a complete nervous wreck. I have seen her with such fearful pains in her back that she couldn't get out of bed without my help and, for a long time, she was unable to raise her hands and comb her hair on account of those awful pains. She had tried so many medicines without results that we both got clear out of heart. Then, last winter, while the 'flu' was raging she was taken with that, followed by pneumonia, and I could see no hope of her recovery. They took her to a hospital, where she stayed for eight weeks right at death's door. She weighed only seventy-five pounds, was just a frame of skin and bones, and hadn't the color of blood in her face. We sent for her relatives because neither she nor anyone else thought she would live long. She could neither eat nor sleep and was in agony from pain all the time.

"One day a friend of mine told me how Tanlac had built up his wife so wonderfully that I bought six bottles for Mrs. Arnold. She stopped everything else, began taking the Tanlac, and the results have been nothing less than astonishing. Just ask our friends and neighbors—they all know what Tanlac has done for her and will tell you that she is now the very picture of health. She now weighs better than one hundred and thirty pounds, never has a sign of nervousness or feels a pain, and is as happy as anyone could be.

"Now as to my case: I had not eaten a meal in twenty years but what would cause me trouble. I would blast all up with sour gas and at times have the worst kind of cramping pains in my stomach. I had not been able to get a good night's sleep or do a full day's work in years. My strength would leave me in the middle of the day and work was a burden to me. I had been laid up for several days at a time with sick headache.

"This is just the kind of misery I was in when I saw how Tanlac was helping my wife. So I began taking it myself and six bottles has made a well man of me. I feel ten years younger, eat just anything, sleep like a log at night, and weigh thirty pounds more than I did the day I began taking Tanlac. I can now do my work with no drag and Tanlac has meant so much to my wife and I both that we will never be able to express our heartfelt gratitude. It has made life altogether different for us."

Tanlac is sold in Omaha at all Sherman & McConnell Drug Company's stores, Harvard Pharmacy and West End Pharmacy. Also Forest and Meany Drug Company in gist in each city and town throughout Omaha and the leading drug-out of the state of Nebraska.—Adv.

### Paroled Omaha Convict Held For Grand Larceny

Henry Slack, Released from Prison Month Ago, Re-arrested on New Theft Charge—Led Authorities Merry Chase Through Three States.

Henry Slack, paroled convict, who led Omaha police an elusive chase last spring through Nebraska, Iowa and Missouri, and later gave himself up to Sheriff Clark of Douglas county, was arrested yesterday on a charge of grand larceny.

At the central police station he gave his name as Henry Miller. His identity was disclosed by seven detectives who have been trailing him for two days for an alleged theft of \$430 from Louis Peterson, 519 North Seventeenth street.

Detectives say Slack stole the money out of Peterson's room. Slack was sent to the penitentiary last May on a charge of grand larceny. He was arrested with his brother Roy in a Missouri city at the time after Omaha police had trailed both through Iowa and Missouri. While being brought to Omaha in the custody of Deputy Sheriff McDonald, both men escaped from the train while handcuffed.

A week later they gave themselves up to Sheriff Clark and were turned over to the county attorney. Roy Slack is still in prison, police say.

Henry Slack.

### PEACE COUNCIL TAKES UP SCAPA FLOW INDEMNITY

No Definite Decision Reached, Although Several Proposals Fixing Compensation Were Presented at Meeting.

Paris, Dec. 18.—The question of the compensation Germany should make for the sinking of the Scapa Flow fleet was again before the supreme council today. Louis Louchcur, minister of reconstruction, and Georges Leygues, the minister of marine, of the French cabinet, made reports on the discussions that had taken place between the allied and German experts over the compensation problem. Several propositions were presented to the council, but no definite decision was reached.

One more boundary question was settled by the council today when it delineated the frontier between Galicia and Bukovina.

The council met at the French ministry of foreign affairs with Jules Cambon presiding in the absence of Premier Clemenceau.

Chancellor Renner of Austria, having secured action by the council for the relief of the Austrian people, will leave Paris this evening.

No meeting was set for today between the allied representatives and the German experts on shipping affairs.

### Reds' Readiness to Usurp Civic Duties Causes Unrest, Wood

Denver, Colo., Dec. 18.—The marked indifference of the average American toward performance of his civic duties and the willingness of the red alien agitator to usurp the functioning of the local government in many sections of the nation are important factors in the wave of unrest which is sweeping the nation, Maj.-Gen. Leonard A. Wood told the members of the Colorado legislature when he addressed a joint session of that body here today.

"We have been attributing much of our unrest to the ranks of labor," said General Wood, "but during my recent travels through the riot zones I have learned that 95 per cent of

### Emma Goldman and Berkman Have Many Cans of Fruit Packed

New York, Dec. 18.—Emma Goldman and Alexander Berkman have their trunks packed with heavy clothing and canned goods and are ready to be deported to Russia on five minutes' notice, Harry Weinberger, their counsel, announced today. Miss Goldman has one trunk and two handbags, while Berkman has three grips and one trunk.

"They expect the government to keep its promise to deport them this week," said Weinberger. No orders as to when or how to send the pair to Russia had been received today at Ellis Island, where they are detained, according to Byron H. Uhl, acting commissioner of immigration.

Washington, Dec. 18.—Application of Emma Goldman for permission to appeal from federal court decrees in New York denying habeas corpus proceedings brought to prevent her deportation, was dismissed today by the supreme court at the request of her counsel. Miss Goldman decided to submit to deportation after the court refused to intervene in the case of Alexander Berkman.

Havana, Dec. 18.—Approval of the treaty of peace with Germany was unanimously voted by the Cuban senate last night. The pact cannot be brought before the house before January 19.

the American workmen are straight, but that in many instances they are under the domination of the agitators, who are responsible for most of the unrest. "The remedy that can be most effectively applied right now is a strict supervision of the immigration. If we will take the foreigner in hand as soon as he leaves Ellis Island we can counteract the influence which the radicals soon exert over him and in this manner instill into the newcomer the principles of real Americanism. "The American Legion can be looked upon as a bulwark in the nation's industrial life, and to the members of the legion is going to be delegated the task of suppressing the treacherous activities of the rabid alien, in event no other means of suppressing him can be found."

Piles Cured in 6 to 14 Days. Druggists refund money if PIAZO OINTMENT fails to cure itching, Bleeding or Protruding Piles. Stops Irritation, Swelling and Heals. You can get restful sleep after the first application. Price 50c.

### 'HOWDY CAPTAIN' SAYS CARLISLE AS HE ENTERS PEN

Escaped Train Robber Returned to Wyoming Prison From Which He Made Sensational Escape.

Rawlins, Wyo., Dec. 18.—"Hello, Bill." "Howdy, captain." These were the greetings exchanged between Warden Brine and William Carlisle, when the latter was returned early today to the

Wyoming state penitentiary after a period of liberty extending over several weeks following his escape from that institution in November. During the time that Carlisle was at liberty he held up a Union Pacific train and was finally shot and captured two weeks ago by the sheriff who was pursuing him. Carlisle told the prison authorities today that he was feeling fine with the exception that the wound in his lung bothered him somewhat. He also told Warden Brine that he had reformed, as he had managed to pass through Medicine Bow, Wyo., the scene of his latest train robbery, without repeating the offense against the Union Pacific.

The bandit will be placed in the prison hospital until he recovers from the effects of his wound, and he will then be assigned to duty in the shirt factory. Following his sensational escape from the penitentiary on November 15, after he had had his fellow pris-

oners nail him up in a box of shirts which was being sent outside the prison, Carlisle held up a Union Pacific passenger train near Medicine Bow, Wyo., several days after his escape and then took to the wild country in the northeast part of the state. He was trailed for several weeks by posse of officers and finally covered by Sheriff Roach of Platte county after being shot through the lung. He was returned to the penitentiary to serve out the remainder of the life sentence which resulted from his conviction on a train robbery charge in the spring of 1916.

Pays an Extra Dividend. New York, Dec. 18.—The United Food Products company today declared an extra dividend of 1 1/2 per cent in addition to the regular quarterly dividend of half of 1 per cent. Julius Kessler, president of the company, announced today that it has 1,000,000 gallons of whisky on hand. One-half of this amount has been sold for export, he said.

### Senate Committee Finds Contractors Charged Improperly

Washington, Dec. 18.—The senate committee appointed to investigate public buildings constructed during the war under supervision of the United States Housing corporation recommended to the senate today that steps be taken to recover money which it charged was improperly paid for work done for the corporation. Should persons and corporations receiving the alleged overcharges refuse to make voluntary restitution, the committee recommended that civil action be instituted by the government.
