

HIGH SCHOOLS TO BE REPRESENTED IN "Y" LEAGUES

Four Teams Made Up From School Teams to Play in Greater Omaha and Commercial Leagues.

When the Commercial and Greater Omaha basketball leagues inaugurate the 1919-1920 amateur basketball season January 6 and 7, respectively, four high school quintets will be represented on the floor of the Y. M. C. A. playing league contests for first time.

Commerce High first team and the Council Bluffs high school five have joined the ranks of the Greater Omaha league, the class A boys, while the Commerce Reserve and South High will play in the Commercial league.

High school followers no doubt will turn out in full force to cheer their favorites on to victory as the rivalry between the different schools is intense and snappy games are looked for.

Central Failed to Enter.

Central High school at first intended to fall in line with the other schools and join the Greater Omaha league, but for some unknown reason Coach Mulligan did not enter his squad. Coach White, of the Council Bluffs quintet is confident of carrying off the flag in the Greater Omaha circuit.

The Council Bluffs five this year will be composed of an entirely new squad, not a player of last year's team in the lineup.

How the teams in the Commercial and Greater Omaha league will line-up the opening games is still undecided, as the schedule committee will meet Saturday afternoon.

Presbyterians Withdraw.
Although there were no games originally scheduled at the "Y" Saturday night, two games, probably will be staged. One game, however, is certain—that between the First Christians of Council Bluffs, last year's title holders of the Church league, and the Pearl Memorial, runners-up. The Pearl Memorial was scheduled to play the United Presbyterians of South Side last Tuesday night, the opening of the Church league schedule, but since their opponents withdrew at the eleventh hour, too late for the champions to make their appearance, the game was scheduled for Saturday.

"IT WAS A BIG SURPRISE," SAYS FARMER BOYD
Had Been Troubled More or Less for Thirty Years—Feels Fine Since Taking Tanlac.

"I was just telling my wife the other day that this is the first time in twenty years I have felt like making ready for an old-fashioned Christmas dinner," said John Boyd, a prosperous farmer, R. F. D. 1, Peoria, Ill., while telling on December 13, in Suttell & Case's drug store of the remarkable benefits he had received from Tanlac. Continuing, he said:

"I live ten miles from here and am in a hurry to get back home, but I wouldn't go back without a bottle of Tanlac if I had to stay in town all night long to get it. I have suffered more or less with stomach trouble for thirty years, he went on, "and Tanlac is the only medicine I have ever found that did me a particle of good, and this is saying a great deal, for I have tried a lot of different kinds in that time. I had a burning in my stomach all the time and every day, I would have terrible spells of cramps, caused by something I ate. I was always miserable. I had a very poor appetite and just had to force down every mouthful I ate, and I haven't been able to eat a single meal in all these thirty years with any satisfaction. I could get but little sleep as I was so restless I would just roll and toss from one side of the bed to the other all night long. I continued to get worse until I became so weak and run down I was unable to work and for months before I began taking Tanlac I hadn't been away from home, and it was all I could do to drag myself around at all.

"When I began taking Tanlac I had been in this condition so long and had tried so many different medicines without getting the least benefit from them I had given up all hope of ever getting any better, but only a few days after I started taking it I was a happy man, for I noticed I was getting better with every dose. I continued taking Tanlac and my appetite continued to improve until it was almost impossible for my wife to cook enough for me to eat, and the best part of it all was that I could eat all I wanted and anything I wanted without suffering the least bit from it afterwards. That burning in my stomach, those terrible cramping pains and the bloating left me so suddenly I was actually surprised. And sleep! Why, I can sleep just as sound as a log all night long without ever waking up once, and always wake up feeling fine and full of energy and ready for my work. I have regained my strength so I can do as much work as I ever could. So you see why I am so anxious to get this bottle of Tanlac, for I owe all my good condition to it, and I never expect to be without it. There is nothing in the world I would take for what Tanlac has done for me, and I intend to praise it as long as I live."

Tanlac is sold in Omaha at all Sherman & McConnell Drug Company's stores, Harvard Pharmacy and West End Pharmacy. Also Forest and Meany Drug Company in each city and town throughout South Omaha and the leading drug store of the state of Nebraska.—Adv.

night. The game is booked to start at 8 o'clock.

Negotiations are still under way with Woodbine, Ia., and several other crack quintets in Iowa for a game with the H. R. Bowens, members of the Greater Omaha league, to be played as the main event to the Church league tangle.

Harvard Team Has Big Board of Strategists For Game With Oregon

San Francisco, Dec. 25.—An impressive board of strategy accompanied the Harvard foot ball squad, which was entertained here Christmas day by the Harvard club, en route to Pasadena, Cal., to meet the University of Oregon team on New Year's day.

Headed by Robert T. Fisher as head coach, the board included Deric C. Parmenter, line coach; Edward Mahan, back field coach; and Richard B. Wigglesworth, quarterback coach and strategist.

Wigglesworth is described as a close student of the game, who is responsible for many of the successful offensive plays used by Harvard during the past season.

Opportunities for exercise on the trip were few, according to members of the party. Intensely cold weather was encountered nearly everywhere until the Sierra Nevada mountains were crossed. Their train stopped 15 minutes at Sacramento yesterday and the members of the team indulged in a period of brisk signal practice. The first opportunity for a real workout is expected to come with the arrival of the team Friday in Pasadena.

Tickets All Sold.
Pasadena, Cal., Dec. 25.—Admission tickets for the Oregon-Harvard foot ball game at Tournament park here New Year's day are all sold out. At the close of the first day's sale in Pasadena Wednesday night the Tournament of Roses association announced that all of the 20,000 tickets provided had been taken and that none was left for the proposed sale in Los Angeles Friday and Saturday.

Commerce High Cage Team Candidates to Resume Work Friday
Basket ball practice for the High School of Commerce will be resumed Friday after a two-day rest period. With school opening, Coach Drummond will have an overwhelming supply of candidates for the basketball team.

The first team is entered in the "Y" Greater Omaha league, while the second team will play in the Commercial league. All together, about 25 teams will be played by the first team.

The first game on the business lads' schedule is with Creighton High school on January 16.

Oregon Team Sticks to the Training Table on Christmas
Pasadena, Cal., Dec. 25.—Members of the Oregon football squad which is to meet the Harvard team here on New Year's day, sacrificed their inclinations to their art. Declining numerous invitations to Christmas feasts and eschewing festivities of all kinds, they stuck to their plain training fare and their program of two periods of hard practice daily.

Following the announcement that all tickets for the game had been sold out during the first day's sale and that none was left for the proposed sale in Los Angeles Friday and Saturday, the foot ball committee of the Tournament of Roses association has begun preparations to increase the capacity of Tournament park beyond its original capacity of 27,000.

MARIE ANNETTE.
SAME being none other than that veteran debutante, our old pal, Mary Ann, Frank Moran is the latest gent to have monkey adenoids switched into his collar band and has rescued Mary Ann from the Old Ladies' Home.

Long before Hoover caused our fair land to break out into a rash of rations, long before the near-beer was so far and about the time that steam was supposed to be necessary to steam heat, Mary Ann was a nimble steamress.

Jim Coffey and Tom Cowler will chirp that Mary Ann knitted some sock.

Coffey got a pair of 'em. Cowler was fed up plenty with just one.

About the time that Moran met Willard, Dillon and Fulton, Mary Ann ceased knitting the agile sock. The fairest of her sex ran out of wool. Old age surrounded Mary Ann and the spit curl was succeeded by the adjustable toupee. Crowsfeet appeared on the once bright knuckles, and the scythe of time gave Mary Ann the twice over. She was a tough lady to shave.

But with the advent of simian glands Mary Ann has taken a new lease on her old life. She is busting out of the Old Ladies' Home in the full bloom and youth of her second childhood.

Frank is all set to knock all the heavyweights sour. He is willing to meet Joe Beckett or any other good loser. He wants to slap Jim Coffey bowlegged for the sake of Auld Lang Cinch. He will bust Tom Cowler, cuckoo or flatten Al Falzer, iron and press Al Kubiak or clean and scour Al McCluskey for the sake of the same Auld Lang Cinch. Frank always did with the guys named Al. Al must be good for almost or some other kind of nut. Anyway, whenever Frank scuffled with an Al person the verdict was "Moran ueber Als."

Sentries Atop of Grandstand Guard Foot Ball Practice
Pasadena, Dec. 25.—Oregon university foot ball squad continues its secret practice in preparation for the game here New Year's day with Harvard. So careful was the Oregon coach that his plays would not be known that he placed sentries along the top of the grandstand and at the entrances to the park.

Ruth Confirms Story of Returning His Contract
Los Angeles, Cal., Dec. 25.—"Babe" Ruth, homerun hitter, Thursday confirmed announcement in Boston by his manager, John Igoe, that he had returned to the Boston American league club his contract, calling for a yearly salary of \$10,000 and had made demand that he be paid \$20,000 for the coming season's work.

"Unless they meet my terms, I am through with major league baseball," Ruth declared here. "I have several propositions on hand in California, anyone of which would pay me more than \$10,000 a year and I am not worrying."

ROOT FINDS NEW POINTS TO FIGHT PROHIBITION ACT

Brings Suit in New Jersey Against Amendment And Volstead Bill.

Trenton, N. J., Dec. 25.—Another legal attack on prohibition was launched when Elihu Root, as chief counsel of Christian Feigenspan Brewing corporation, filed a bill of complaint in the United States district court asking for an injunction restraining United States District Attorney Bodine and Charles Duffy, collector of internal revenue, from enforcing the prohibition law. The bill declares that both the Volstead act and the eighteenth amendment are unconstitutional.

The attack on the eighteenth amendment is based on the ground that it deals with a subject outside any power granted to congress, is a violation of the tenth amendment in regard to states' rights, and is in fact, not an amendment to the constitution, "but mere legislation."

It is also claimed the amendment is null and void because two-thirds of the members of congress did not, by joint resolution or otherwise declare that they deemed it necessary. Such action by congress, Mr. Root argued, is a condition precedent to any amendment of article 5, of the United States constitution.

The Volstead law is brought under fire on the ground that it takes away private property without compensation and also that it arbitrarily classifies as intoxicants, "liquors which are not, in fact, intoxicating."

AUTOIST SHOT IN BACK AND SKULL CRUSHED

Diamond Ring, Cash and \$20,000 Securities Are Left on Body.

Mount Clemens Mich., Dec. 25.—The body of J. Stanley Brown, with four bullet wounds in the chest and skull battered, was found in an automobile four miles from this city.

The murdered man was the son of the late John H. Brown, millionaire cigar manufacturer of Detroit.

Detectives assigned to the case questioned the wife of the victim for several hours. When the body was found a two and one-half carat diamond ring, \$20,000 in securities and several hundred dollars in cash, were on the body, causing the detectives to believe that the man was

killed for motives other than robbery.

The only clues found are a wrench which lay near Brown's body and a grease-stained coat, evidently belonging to some mechanic.

Brown, who was found by a farmer, had his hands on the steering wheel and his feet on the emergency brake, evidently having brought the machine to an abrupt stop before being shot. The shots were fired from a very close range and directly into the back of the victim.

Brown's domestic relations have not been of the happiest sort. Recently he sued for divorce in the courts here, claiming cruelty by his wife. A reconciliation, however, was brought about by friends.

Good News For Tired Women

Renew Your Strength

It is a fact that any physician can easily verify—by looking over his Case Records—that the majority of women patients who come to him are more or less run down and debilitated, and that his remedies frequently fail to produce permanent and satisfactory results—unless they are supported and supplemented by a course of tonic and systematic strengthening treatment for the whole system, like "REOLO."

Young girls frequently need a tonic treatment during the period of delayed development, or maturity, when the first symptoms of anaemia, or nervous and digestive disorders develop.

A little later, when motherhood, both prospective and present arrives, a strength builder is needed to overcome the debility and maintain the vitality during this wonderful period of woman's existence. A strength renewer is especially needed where motherhood has

weakened the resistive powers or where prolonged nursing has made too great a demand upon the mother's system.

Later, during the most critical period of a woman's life—"the change of life"—various serious disturbances are apt to occur; neurasthenia and even insanity manifest themselves.

The weakest point of the body is where the breakdown is most apt to occur, and it is only by the aid of a strengthening and revitalizing tonic and blood builder like "REOLO" that the resistance can be maintained, and this dangerous period bridged over successfully.

Later on, when old age approaches and there is an ever increasing lack of vitality the exhausted tissue must be given renewed life and activity to enable the body to utilize to the utmost, whatever vitality and energy it still retains.

It has remarkable tonic and reconstructive properties. It improves the appetite, digestion and assimilation; increases the red blood cells and hemoglobin of the blood—tones up the heart and nervous system—and gives renewed strength and vitality.

By special arrangement with the Dr. A. L. Reusing Laboratories, Akron, Ohio, we have been appointed Licensees for the distribution of "REOLO"—direct from the Laboratories, certified by Dr. Reusing and positively guaranteed to give satisfactory results or we will gladly refund your money. Large box of REOLO (100 tablets) costs only \$1.00.
