STATE ORDERS APPRAISEMENT OF STATE LAND AT HALSEY, NEB. IS INCREASED

Mysterious Certificates of De- New Valuations in 16 Counposit for \$10,000 Excite Curiosity of Nebraska Banking Board.

Lincoln, Dec. 25 .- (Special.)-The state banking department has taken charge of the affairs of the Farmers state bank, Halsey, Neb., and an ex-amination is being made in an ef-fort to find out about \$28,500, which it is alleged, is unaccounted for.

The bank has a capitalization of this year was controlled by B. L. Mills, president. Mills' interests were sold to F. M. Ridings of Minneapolis, who is now president and holding 56 per cent of the stock.

According to information obtained by the state banking department from June 1 to August 1 paper began arriving from out of the state and Ridings had certificates of deposit for this paper, made out to nim, payable in six months in amounts of \$1,000 cash.

Banks Hold Certificates The First National bank of Nora Springs is said to have \$4,000 of these certificates dated June 1 and

endorsed by Ridings, and another \$1,000 is said to be in the hands of the State bank of Plymouth, Ia.

The banking department had no inkling of affairs until the statement of the bank was received Nowember 1 when A. T. Dickinson,
state bank examiner, made an examination of the bank and discovered suspice. ered suspicious circumstances and took charge of the bank about 10 days ago. At present the bank is in charge of Vice President Bowen, who lives at Halsey.

bank examiner, have been in Minneapolis several days and it is said they will be in Lincoln tomorrow with Ridings, who agreed to come back without a requisition.

Suspicion N. P. League. It is suspicioned that same of the paper held by the Nonpartisan League bank in North Dakota has been unloaded in other states and that the Bank of Halsey was one of the "favored" banks in getting the paper. Color is given to this view of the situation by reason of the fact that Ridings is associated with H. D. Hagerty (incorporated) of Fargo, N. D., in which several prominent associates of President Townley of the Nonpartisan league are con-

Among the names connected with the Hagerty company is J. R. Waters, a former livery stable keeper of Plymouth, Ia., who went to state bank examiner.
