ROB JEWELRY STORE WITH
POLICE 20 YARDS AWAY.

Philadelphia, Pa., Jan. 8.—Three automobile bandits broke a show window in the store of I. Press & Sons at Eighth and Chestnut streets and got away with jewelry valued at \$10,000, while a policeman and the store detective stood only 20 yards away.

As the automobile moved slowly past the store two of the men leaped out, smashed the window with an iron bar, grabbed the jewelry and then ran down the street and hopped into the automobile. The detective fired at the bandits, but apparently without effect.

APHASIA VICTIM
HIGHLY EDUCATED MAN.

Lambertville, N. J., Jan. 9.—A strange case of aphasia, in which the victim is apparently a middle-aged Englishman of Oxford education and learned in medicine, surgery and research work, was disclosed here by the Rev. T. J. Benzley, rector of St. Andrews Episcopal church, who is befriending the man.

The victim, refined and cultured in his speech, was found wandering along a road on the outskirts of the city December 22. His clothes were tattered and when questioned he was unable to recall his name, address or history. Mr. Benzley took him to his home.

"He evidently is an Englishman of Oxford education," the rector said. "He told physicians here things they have forgotten or more than they ever knew. He has a deep knowledge of medicine, surgery and research work and is a gifted musician."

Mr. Benzley said that although the man's mind still is "spotty," he can recall some incidents since December 26. Beyond that, he said, he can only recall the sinking of the Titanic in 1911.

ACTRESS ASKS \$25,000
FOR LOSS OF EYELASHES.

New York, Jan. 9.—The eyebrows and eyelashes of Kitty Gordon, the beautiful actress, have been lost and she asks \$25,000 damages from the World Film company for the loss of these adornments and for the loss of the film she sustained by the explosion of a bomb while she was posing for the film camera at Fort Lee as a Red Cross nurse.

In her bill of particulars filed in her suit, Miss Gordon declares that in addition to having her eyebrows and eyelashes burned off, she was so badly burned about the legs and shoulders that she was compelled to buy \$150 worth of ointment and that her doctor bills cost \$800. Her nervous system also suffered a shock, she declared. The actress attributes her injuries to premature explosions.

PROHIBITION NULLIFIES
NEED OF HIP POCKETS.

New York, Jan. 9.—Prohibition will sweep hip pockets in men's trousers into innocuous desuetude, according to a prediction by experts of the International Association of Clothing Designers, who today issued an edict:

"Make them smaller and shallower this season."

Commenting on the attitude of the designers, George W. Hermann, a member of the organization, said:

"It's illegal to tote a gun; it's unhandy to carry your handkerchief there, and you can't buy anything but wood alcohol to put in your flask. So the pocket just naturally will shrink away."

MORGANATIC MARRIAGE
OF PRINCE FORGIVEN.

Paris, Jan. 9.—Complete reconciliation has been brought about between Crown Prince Charles of Romania, who entered into a morganatic marriage in 1918, and his parents, according to a Paris newspaper. King Ferdinand and Queen Marie, and Princess Elizabeth, the paper says, went to visit the prince on January 5, at Bistritza, Transylvania, where he is living in a garrison.

Crown Prince Charles was recently reported to have rejoined his morganatic wife, from whom he had been forced to separate by his parents shortly after the marriage. The prince renounced his rights to the throne after the marriage, and, when he was forced to separate from his bride, tried to kill himself, but only succeeded in putting a bullet through his foot.

Requisition to Bring Back

Accused of Benson Bank

GOVERNOR BURNQUIST
CHANGES HIS MIND

Minnesota Executive Reopens
Case After Signing Extradition
in Order to Hear Further
Evidence for Accused Men.

St. Paul, Jan. 9.—Several hours after it was announced at the state capitol that Governor Burnquist had granted extradition papers for William and Michael Finn, in custody here charged with having robbed a bank near Omaha, of \$118,000 December 31, the governor announced that he reconsidered his decision.

"I have been advised that further evidence is being made ready to support the claim that the Finn brothers were in St. Paul the day of the robbery," the governor said. "I have taken under advisement a petition for a further hearing."

Governor Burnquist early yesterday had signed the extradition papers to bring Thomas McKay, alias George Finn, and Mike Finn back to Omaha to face trial.

This information came on the heels of a telegram from Chief of Police Eberstein, from St. Paul, to Captain John Dunn of the Omaha detective force to the effect that the case was in doubt.

Captain Dunn received the following telegram: "All witnesses made positive identification both men. Twenty people here gave them complete alibi. Case in doubt. Governor withholding decision."

Identified by Several.
The witnesses who made positive identification of the Finn brothers as members of the gang which robbed the bank, were employees and victims of the holdup, whom Chief Eberstein took with him to St. Paul for that purpose.

They were met there by an apparently complete alibi, the Finn brothers having 20 witnesses who appeared before Governor Burnquist in a hearing of the case, stating that they had seen the two men in question several times in St. Paul on the day of the robbery.

Thomas McKay, alias George Finn, and Mike Finn are known to Omaha police as members of the notorious "Kirk gang," which robbed the Mallock jewelry store in 1917, the leader of which, Beryl C. Kirk, was furloughed last month from the state penitentiary for a 20-year sentence for connection with the murder of Detective Rooney in the gun battle following the robbery.

Small Child Run
Over and Killed
By an Auto Truck

Mary Klensky, 5 years old, living with her parents in flat 10, Pershing apartment building, 827 Twenty-fourth street, was run over by Delco company truck and instantly killed at 4:30 yesterday afternoon, while attempting to cross the street in front of her home in company with another child, Lillian Ferris, 6 years old, of 822 South Twenty-fourth street.

The little girl's neck was broken and her right shoulder dislocated. The truck was driven by William Davis, 2123 Douglas street, who was arrested and held for investigation. He was released on a \$3,000 bond.

Dr. E. J. Schleiter was immediately summoned, but the child was almost dead when he reached the scene. The only witnesses to the accident were the Ferris girl and Miss Maud Hurt, Twenty-eighth and V streets, South Side.

Another hearing will be held this afternoon at the Heafey & Heafey undertaking establishment, 2611 Farman street, where the body was taken.

CAPT. HEITFELD
RESIGNS FROM
OMAHA POLICE

Captain Henry Heitfeld.

Has Accepted Position of Chief
Of Police of Armour
And Company.

Captain Henry Heitfeld yesterday morning tendered his resignation to Commissioner Ringer to take effect immediately, according to well-founded rumors from his fellow officers and men. It is said that he will be chief of police at the Armour & Co. plant at the South Side at a substantial increase in pay.

Captain Heitfeld was appointed to the police department June 25, 1894, under Chief of Police J. J. Donahue and promoted to detective January 1, 1899. He was made captain in 1912.

He will succeed W. T. Devereese, present chief of police at the Armour plant, who, it is said, will take up the same position with the Skinner Packing company. In his new position Mr. Heitfeld will have complete charge of the men and will look after the hiring and discharging of men as well as their public welfare.

Captain Heitfeld is considered by his fellow officers to be one of the best police officers on the department. His fearlessness in apprehending criminals has been noted even though he exhaust the powers of present federal laws intended to restrain it.

The first instance, the commissioner said, of the "frame up" had resulted in the arrest of Rafael Malton, a former clerk for the trade commission, in raids directed last week at Chicago by the Department of Justice. H. J. C. Claybaugh, head of the secret service at Chicago, and his assistant, "a man named Barry," Colver said, both of whom have since resigned, were responsible for the "frame up" of Malton.

NETHAWAY JURY
DISAGREES AND
IS DISCHARGED

Defendant Released on Bond—
No Announcement as to
New Trial.

The jury in the case of Claude L. Nethaway, tried in Judge Sears' district court on a charge of conspiracy to murder Will Brown, negro, the night of the court house fire and riot, filed into court at 7:55 last night and announced it was unable to reach a verdict and was discharged.

The jury had been out since 4:30 Thursday afternoon. No announcement was made by County Attorney Shotwell concerning the time when a second trial would be had. Nethaway was released on the old bond.

Some hope that the jury might reach an agreement came yesterday afternoon at 5 when the jurors presented a list of questions to Judge Sears and asked for additional instructions regarding certain law points.

After going over the questions with lawyers for state and defense, Judge Sears reiterated instructions already given.

Two of the jurors declared they thought an agreement on a verdict could be reached. Others said they thought it hopeless. It was rumored they stood 7 to 5, but no one could say whether the majority were for conviction or acquittal.

One of the jurors, John Roberts, an architect, fainted three times Thursday night. A doctor was called and Mr. Roberts regained consciousness quickly. The doctor said he was able to go on with his deliberations. The illness, the result of a siege of the "flu."

AMBASSADOR MARTENS

Claim of Soviet Agents That

Meat to Bolshevists
Said to Be "Significant."

Washington, Jan. 9.—Charges that arrests of federal trade commission employees, made in the recent Department of Justice campaign against "reds" have been the result of "frame ups" designed to build the theory that the commission is a hotbed of bolshevism, were made today by W. B. Colver, of that body before the senate agriculture committee. Colver left the intimation that the larger Chicago packing concerns had connived in some degree to attain that result and involved Ludwig C. A. M. Martens, self-styled "ambassador" of the Russian soviet republic, and S. Nuorteva, Martens' secretary, in his account of instances to prove the point.

Colver likewise voiced a vigorous demand for legislation to regulate the industry, need of which was proved, he said, by the recent agreement between the packers and the Department of Justice in settlement of anti-trust proceedings.

Criticizes Witnesses.
To this testimony, the commissioner added a critical analysis of motives of witnesses who have opposed packer regulation during the prolonged hearings of the agriculture committee on the Kenyon and Kendrick bills last year, concluding with the assertion that in the meat industry "competition is continuing to lessen and monopoly to increase even though we exhaust the powers of present federal laws intended to restrain it."

The first instance, the commissioner said, of the "frame up" had resulted in the arrest of Rafael Malton, a former clerk for the trade commission, in raids directed last week at Chicago by the Department of Justice. H. J. C. Claybaugh, head of the secret service at Chicago, and his assistant, "a man named Barry," Colver said, both of whom have since resigned, were responsible for the "frame up" of Malton.

The new organization is simply an emergency affair and the period of enlistment for six months only. The companies will be composed of 100 men each and there will be two regiments of 12 companies each. One of these regiments will be entirely composed of Omaha men while the other half will be composed of men from different towns of the state, Lincoln having two companies.

Equipment will consist of rifles, automatic guns and machine guns. The new force takes the place of the home guards now mustered out. The organization is made under the old home guard act which brought about the organization of a large number of companies in the state during the war.

Organization of the National guard is entirely separate from the Nebraska rifles and will continue as already under way.

Col. Amos Thomas of Omaha is at the head of the organization of the rifles, which is composed largely of ex-service men.

DEATH PENALTY
FOR HARRY NEW
ASKED BY STATE

Prosecutor Calls Defendant
"Cold Blooded Murderer"—
Arguments Halted.

Los Angeles, Jan. 9.—Harry New on trial here charged with the murder of his fiancee, Freda Lesser, was described as "a cold-blooded murderer" and the death penalty demanded for him by Asa Keyes, deputy district attorney, in an argument before the jury which is trying New.

Keyes reviewed the evidence of witnesses for both sides, paying especial attention to depositions of defense witnesses from Indianapolis and Oklahoma City, Okl. He said that out of the hundreds of persons who had known New, the defense had been able to produce depositions from only three persons who expressed a definite opinion New was insane.

Referring to the assertion of the defense that New acted like an insane man in driving from Topanga canyon, a few miles from here, where the death of Miss Lesser occurred to Central police station here with her body in an automobile and surrendering as her slayer when he might have denied responsibility for her death, Keyes said New's act was that of a man of common sense.

"If New had buried the body or thrown it into the brush," he demanded, "wouldn't search have been made? Wouldn't the authorities have demanded an accounting from Harry New as the man with whom Miss Lesser was last seen alive?"

The prosecutor accused New of having betrayed Miss Lesser and then, quoting a prosecution witness charged the girl with "running around with other men."

Adjournment was taken to Monday because of the illness of a member of the jury.

Bandits Take \$10,000
As Jeweler Says He Is
Getting Used to Them

Chicago, Jan. 9.—When six bandits, with revolvers drawn, rushed into the jewelry store of Otto Nerad today and commanded him to open the safe, Nerad refused, saying: "Go ahead and shoot. I've been robbed so often and lost so much money that I'd just as soon you would."

Nerad was felled with a blow and with two clerks was herded into a rear room. The bandits crammed jewelry valued at \$10,000 into canvas bags and fled. As Nerad hurried into the street shouting an alarm, one of the bandits leaped out of the automobile and shot him in the shoulder.

Fearing that he would be shot a second time, he feigned death until the car was out of sight.

GERMAN PEACE
TREATY WILL BE
SIGNED TODAY

All Allies Except U. S.
Will Officially End the
War at Meeting
in Paris.

Paris, Jan. 9.—(By The Associated Press).—Saturday's ceremony, which definitely re-establishes a state of peace between the allies and Germany, putting an end to the armistice, will be divided in two parts.

The representatives of the five powers will meet first in the office of the minister of foreign affairs, Baron von Lersner, head of the German peace delegation, and Henry Simons will be invited to sign in Germany's name, the protocol of November 1. They will receive from the hands of Premier Clemenceau a letter binding the allies to reduce the amount of materials demanded for the reconstruction of German war vessels at Scapa Flow.

The second part of the ceremony will follow immediately in the clock tower. The 13 powers, which have ratified the treaty will be represented here by one delegate each. Minutes will be drawn up on the following matters:

Signing of the Versailles treaty, signing of the protocol attached to the treaty and signing of the agreement by the United States, Belgium, Great Britain, France and Germany relative to occupation of the Rhine. After the signature of these documents is completed, they will be handed to the French officials for deposit in the archives. The records will be printed on large sheets of quarto parchment paper.

It is considered possible Baron von Lersner will be designated German charge d'affaires here. On Sunday M. De Mareilly will leave for Berlin to act as French charge d'affaires there.

It was at Premier Clemenceau's request that the work was hurried to get the documents ready for Saturday instead of for Monday or later. The premier desired Premier Lloyd George sign for Great Britain and Premier Nitti sign for Italy before their departure, rather than the lesser members of the delegations affix their signatures. Premier Clemenceau also wished to have the ratification finished this week, so as to devote all next week to preparations for the Versailles election next Sunday.

Republican Conference to
Take Up Kendrick Reservations
— Hitchcock Predicts
Agreement Will Be Reached.

Washington, Jan. 9.—The fortunes of the treaty of Versailles became even more unsettled today when, on top of President Wilson's Jackson day pronouncement, came the question to the people in the political campaign and William J. Bryan's opposition to such a course, democratic and republican friends of the treaty in the senate renewed determinedly their effort to secure a compromise ratification.

Senator Hitchcock of Nebraska, the acting democratic leader, said he did not regard the president's declaration as calculated to cut off any reasonable compromise and predicted ratification before the campaign was under way. The mild reservation group of republicans took much the same view and the group of democrats who have been urgent in their demand for a compromise declared their position was in no way altered.

Discussion Is Active.
Discussion of compromise reservations accordingly, went forward as actively as before, a conference being arranged on the republican side to take up in detail the set of reservations submitted recently by Senator Kendrick of Wyoming and other democrats. It was said a compromise might be drawn up within a few days and all of the parties to the negotiations seemed hopeful that an agreement ultimately would be reached.

Among the treaty's irreconcilable foes, however, the president's stand and statement last night of Senator Lodge of Massachusetts, the republican senate leader, that he would most cordially welcome the treaty as a political issue, were hailed as having definitely put the question into the campaign. This group consistently has predicted failure for the compromise negotiations and they were more active than ever today in the belief that there would be no agreement.

Speeches in Record.
In announcing that the compromise plans would go ahead, Senator Hitchcock said that of course the democrats could not agree to any compromise virtually impairing the treaty, and that there would be an endeavor to work out such reservations as the president could accept. Some other democrats were not so emphatic on that point, however, declaring privately that they would take the best compromise that they could get and then put the responsibility straight up to the White House.

The speech of Mr. Bryan at the Jackson day banquet here, which in addition to opposing any effort to carry the treaty into the campaign, advocated a speedy compromise, was put into the senate record today by Senator McCormack, republican of Illinois, after the president's letter announcing his stand had been presented by Senator Hitchcock. Senator McCormack requested that the two "be printed in juxtaposition in two of reports that they are agreed on."

Only on one other occasion during the day was a mention on the floor of the senate of the treaty or the Jackson day developments. That was when Senator Walsh of Massachusetts, a reservation democrat, put in a letter from President Lowell of Harvard asking that the democrats show a willingness to compromise on article ten. Hitherto an advocate of unreserved ratification, Dr. Lowell wrote that he was convinced article ten imposed objectionable obligations.

Return of Ex-Kaiser to
Germany May Not Be
Requested by Dutch

The Hague, Jan. 9.—(By The Associated Press).—The first chamber of the Dutch parliament has drafted and presented to the cabinet a memorandum suggesting that it is now desirable that Holland request former Emperor William of Germany to return to his own country. As far as the correspondent has been able to learn, the present Dutch government has firmly decided that it will not surrender the former German ruler.

Former Emperor William has transferred most of his wood cutting activities to Dorn, where his new home is being built. Dressed in green hunting suit he was seen Friday at Dorn chopping or sawing which has been felled with the purpose of perfecting a new landscape for the park of his estate.
