What life will mean to you

Beauty, comfort and infinite opportunities for happiness are the foundations of life at San Diego, California. Ocean, mountains and bay, Nature's complete panorama, unite here to make an ideal setting for your permanent home. Soft breezes from the warm Pacific are fragrant the year 'round with the perfume of millions of flowers, and lawns and foliage are always green.

Four hundred miles of finely engineered boulevards lead through green upland valleys and mountain passes. Motor trips, games in the stadium, swimming, yachting, golfing, launch parties, and the daily assemblages at the afternoon organ recital among flowers and birds in the great park, are only part of the enjoyment of life in this hospitable modern city of 85,000 inhabitants.

The sun shines more than 350 days in the year, and every day is an adventure in happiness at

San Diego California

Through Pullman service is operated between San Diego and Chicago over the new San Diego and Arizona Railway, in connection with the Rock Island and Southern Pacific Golden State Lines. A delightful, mild climate trip through Imperial Valley and magnificent scenery.

The United States Government is spending more than twenty million dollars in San Diego in permanent stations for its air, land and sea forces, because official tests proved the advantages, in comfort and efficiency, of its equable climate and continuous sunshine.

This Booklet tells why. Sign the coupon and get it free by return mail.
