New IDEAL-Arcola Radiator-Boiler

This new and wonderful outfit delivers the pleasantest, health-protecting warmth throughout all your rooms, day and night, all winter long. If freezing days at home have shown you how comfortless and fuel-wasteful your present heating is, consider at once these unequaled benefits and economies guaranteed by IDEAL-Arcola

UNIFORM WARMTH-The IDEAL-Arcola is hollow-walled, and the space between is filled with water. This water absorbs the excess heat of the fuel and automatically circulates through piping to AMERICAN Radiators set in other rooms, warming all alike. The same water is used over and over for years.

HEALTHFUL-Unlike stoves, there are no coal-gas leaks into the living rooms. There are no drafty halls or chill spots. ECONOMICAL-The IDEAL-Arcola burns hard or soft coal and brings cost of

heating down to lowest notch. The outfit does not rust out or wear out-is a genuine, permanent investment.

SAFE-With the IDEAL-Arcola there is no fire-risk to building-no danger to children.

EASILY PUT IN-IDEAL-Arcola Outfit is easily put in OLD or new buildings, without disturbing the household. No cellar is needed.
