

WILL BE TAKEN EAST TO FACE THEFT CHARGE

Omaha Prisoner Wanted by Detective from New Jersey for Wholesale Automobile Robberies.

Wholesale thefts of automobiles in New Brunswick, Hoboken, Jersey City and Milltown, N. J., are accredited to Frances McEnery, 713 North Twentieth street, who was arrested a week ago in Omaha through information furnished police by his alleged fiancée, Miss Pearl Merchant, 2927 Laurel avenue, according to Detective Ferdinand A. David of New Brunswick, N. J., who arrived in Omaha Sunday to take McEnery back east to face charges of automobile stealing.

McEnery was arrested at Sixteenth and Douglas streets, police say, just as he parted from Miss Merchant, who has failed to visit him at the jail. McEnery came to Omaha several months ago.

According to Detective David, McEnery pumped a \$3,000 bail bond in New Brunswick two years ago after having been bound over to district court for alleged complicity in the theft of 35 automobiles, 11 of which are said by the detective to have been recovered.

Michael Robinsky, alias Robbins, alleged crook known nationally by his clever methods of larceny, was a companion of McEnery, Detective David said. Robinsky was also bound over to district court in the east and jumped bond, according to the detective.

McEnery and Robinsky have been traced all over the country during the past two years for alleged automobile stealing.

To Launch Boom for Mayor for Governor Next Saturday Night

Friends of Mayor Smith are busy with preparations for an "Ed F. Smith for Governor" dinner which will be held at the Paxton hotel next Saturday evening. The mayor was similarly brought out when his mayoralty boom was launched here.

Mayor Smith has stated that a man ought to resign his position if he goes into partisan politics. During his municipal campaign he criticized James C. Dahlman for running for governor while serving as mayor of Omaha.

"I am not a candidate," the mayor reiterated when asked if he will run for governor.

It is generally believed the effort to "boost Mayor Smith for governor is a movement to oppose the ambitions of John H. Morehead, former governor, who is being groomed for the democratic nomination.

Woman Bound, Gagged and Robbed in Home By Daring Bandits

Man Found Wandering Aimlessly, Dazed By Fall from Street Car

Frank Dahlstrom, 2721 Parker street, was found wandering about the streets near Twenty-fourth and Ames avenue in a dazed condition at 7 yesterday morning an hour after he had been hurled from a street car which he attempted to board at Twenty-fourth and Grace streets.

Police were called and took Dahlstrom to his home where it was found he was suffering with a wrenched back and a cut on top of his head.

Dahlstrom said he was injured when he attempted to hop on a street car that failed to stop. He says he does not remember taking a car to Twenty-fourth and Ames avenue.

Increase of 12 1-2 Cent Hour For Bricklayers in Effect

An increase of 12 1/2 cents an hour in the wages of union bricklayers in Omaha went into effect yesterday, following a meeting of committees representing the employers' association and the bricklayers' union.

The union originally demanded an increase of 25 cents an hour, fixing the union scale at \$1.25 an hour, or \$10 for an eight hour day, but compromised on a 12 1/2 cent raise on the condition that another raise of 12 1/2 cents would be added to the hourly wage April 1.

BURGLARS LOCK WOMAN IN ROOM AND LOOT HOME

Companion of Bandits Who Maltreated Victim Believed to Be Woman—Hears Swish of Skirts.

Two unidentified men broke into the apartment of Mrs. Jessie La Hood, 2743 South Thirteenth street, about 1 a. m. Sunday, bound and gagged her and robbed the home of \$1,500 in cash, a diamond ring and a woman's fur coat, according to a police report.

The robbers locked Mrs. La Hood in the bathroom, where she was found shortly after 2 a. m. by her husband, a city fireman, when he came home from duty.

Mrs. La Hood told police that her husband had sold their automobile the day before for \$1,500 cash and had placed the money in a trunk.

Suspect Female Bandit.
A woman is believed to have been one of the robbers from the manner in which Mrs. La Hood was treated by the companion of the masked man who first entered her room.

Mrs. La Hood told detectives she suspected a woman in the robbery because she said she heard a swish of a dress on one of the robbers and took particular note of the soft steps taken by one of her assailants.

She was in bed when the robbers came in through the rear door after picking the lock, she said. Both of them seized her, tied her hands behind her back and stuffed a towel into her mouth, and threw her into the bathroom.

Injured in Fall.
She suffered a bruise on the top of her head, from the fall when she was thrown into the room, and is threatened with a nervous breakdown as the result of her experience, according to police surgeons who attended her.

Detectives later found the stolen fur coat just inside the front door, where the robbers had evidently dropped it in their hurry to escape.

MINERS READY TO ABIDE DECISION OF COMMISSION

Operators Want to Know Scope of Commission's Action Before Hearing Starts.

Washington, Jan. 12.—The coal strike settlement commission at its first formal session received from the miners assurances that its findings would be unreservedly accepted and from the operators a questionnaire as to the contemplated scope of the commission's action.

Speaking as chairman of the operators' scale committee of the central competitive field, Thomas T. Brewster of St. Louis, informed the commission that the operators were not ready to proceed with the hearing until more information on the commission's proposed work was afforded them and until representatives of the operators could consult their associates, Henry N. Robinson, representative of the public and president of the commission, after conferring with his associates, John P. White, representing the miners and Rembrandt Peale, acting for the operators, agreed to take the inquiries under advisement and reply later.

Points Raised by Operators.
Among the points raised by the operators was whether the commission expected its findings to be binding on both sides; how it expected to enforce its award; whether it considered it had power to adjust wages; whether it would determine coal mining costs; whether coal prices fixed to sustain its awards would be made to expire with the Lever food control act; and whether it proposed to provide for introduction of modern machine devices in mines to lower cost of coal.

Prefers Not to Answer.
Asked by President Robinson if the commission's answers to the questionnaire would determine the attitude to be assumed by the operators toward the commission, Mr. Brewster said he would prefer not to answer until he had conferred with his associates.

The operators conferred later to consider their policy and a subcommittee was appointed to draft a statement to be laid tomorrow before the commission.

John L. Lewis, acting president of the United Mine Workers of America, informed the commission that it could proceed with the assurance that its decisions would be accepted as binding by the miners.

May Turn Camp Funston Into Huge Training Center

Junction City, Kan., Jan. 12.—If universal military training is adopted, Camp Funston, Kan., probably will be turned into a huge training center, Gen. J. J. Pershing told the Junction City Rotary club at a luncheon in his honor. General Pershing inspected Fort Riley and attended a program of boxing and fencing bouts and exhibition rides staged by student officers at the cavalry school. He attended a banquet and reception at Camp Funston and then left for Denver.

If You Need a Medicine You Should Have the Best

Have you ever stopped to reason why it is that so many products that are extensively advertised, all at once drop out of sight and are soon forgotten? The reason is plain—the article did not fulfill the promises of the manufacturer. This applies more particularly to medicines. A medicinal preparation that has real curative value almost sells itself, as like an endless chain system, the word gets around, and by those who have been benefited, to those who are in need of it.

A prominent druggist says, "Take for example Dr. Kiefer's Swamp-Root. I have sold for many years and never hesitate to recommend it for almost every case of kidney trouble, rheumatism, bladder ailments, corrects urinary troubles and neutralizes the uric acid which causes rheumatism."

You may receive a sample bottle of Swamp-Root by Parcel Post. Address Dr. Kiefer & Co., Birmingham, N. Y., and enclose ten cents. Also mention the Omaha Bee. Large and medium size bottles for sale at all drug stores.

She Was Fat

The shadow on this picture gives you an idea how lower and fuller. By taking Oil of Kerner and knowing the directions here as to the Korean system she reduced 35 lbs. Now she is agile, attractive, better health, reliable, and—best of all—she is thinner, younger, and more contented.

Blood-Iron Phosphate For Weak, Thin Folks

Weak, thin, nervous people almost invariably owe their condition to a lack of iron in the blood. One of the surest, quickest and safest ways to take with each meal a five-grain tablet of digestible phosphate and know that you are making up the deficiency in the blood, because it supplies iron to the blood as well as phosphate to the nervous system. People who have taken it say that one five-grain tablet taken with each meal quickly restores depleted nervous energy, enriches the blood, increases strength, vitality and endurance, and those who do not usually put on pounds of solid stay-there flesh in a short time. Inasmuch as Sherman & McConnell Drug Co. is the only druggist authorized to sell Blood-Iron Phosphate under a guarantee of satisfaction, we make every thin, weak, nervous or anemic man or woman should give it a trial without delay.

Be Young In Body, Mind and Looks Despite Your Years

How often you have wished that you could indulge in the strenuous exercise of out door sports with the vigor and enthusiasm of youth! But the end of the week finds you all in—you are tired, listless and lack the energy to go out for a vigorous walk or any other exercise that requires much physical exertion. Many a man, even in his middle forties, has a vague feeling that he is "getting old"—and right at a time when he should be at his very best physically.

Thousands—yes millions—of people find themselves in this condition early in life. And there is no excuse for it. You can check that tendency to grow old. You can carry your youth with its joys and enthusiasm into your 70's and 80's. But you must give Nature all the help you can. The best assistance you can find—assistance of a sound, constructive character—is in the use of
