POSLAM LIKES BAD CASES OF FIERY ECZEMA

When Poslam takes hold of virulent and stubborn eczema, it soothes and cools at once, putting a stop to the terrible itching. On raw parts of the skin it feels immeasurably grateful. As Poslam continues to penetrate there develops just the healing process needed. Contrast the ease of healing with the severity of the trouble, and Poslam's work seems remarkable indeed.

Arliss Speaks to Humane Society At Fontenelle

Geo. Arliss and Billy

Life by some is regarded as a great drama. Into the scene of our life, however, there is a human being, but every living thing that breathes and grows. To them the waving corn expresses an eloquent message of fruition and promise.

Such a broad view of life has George Arliss, who appears at the Brandeis this week. Billy was only a poor dog, doomed to die in a park, when Mr. Arliss discovered and rescued him. No coddled petting, satiated with the luxuries of dogdom, did Mr. Arliss choose.

Mr. Arliss will speak to the Nebraska Humane society in the Palm room of Hotel Fontenelle at 2 p. m. Wednesday. Mrs. Arliss will accompany him. Members of the Drama League are also invited.

Club Women Help In National Thrift

National Thrift week will be celebrated throughout this country January 17-24. The United States government has requested its universal observance by all organizations. It has especially requested the co-operation of the General Federation of Women's clubs, with its more than 2,000,000 members, to drive home the need of national thrift in all departments of life.

promoting thrift and safe investments. The date, January 17, a curious coincidence, is the birthday anniversary of that patron saint of thrift, Benjamin Franklin. Special emphasis will be laid upon Family Budget day, January 23. System in the home is the keynote to successful household management. It is as necessary there as in the factory or the retail store.

The importance of individual production will be urged that every member of a family may become a producer and thus contribute to the family income. The admonition, "He who would eat must work" will be revived until personal conscription to the industrial field is felt to be a sacred duty.

Open forums on family budgets; the co-operation of libraries in bringing out all books that relate to the economic value of thrift; neighborhood meetings to discuss family budgets and the high cost of living; the formation of community councils to combat profiteering are among some of the means of promoting thrift that will be presented in various communities.

Frances Willard W. C. T. U. The Frances Willard W. C. T. U. will meet Wednesday at 2 p. m. at the home of Mrs. T. A. Gregory, 1803 Emmet street. Mrs. George Covell and Miss Ida Kubby, delegates to the national conference at St. Louis, will give reports.

Lovelorn

By BEATRICE FAIRFAX.

Does Not Want to Do Wrong. Dear Miss Fairfax: I read your advice to others every day. Some helps me very much. But I have not found my trouble there yet, so am asking you myself. Now I am 38 years old. I am admired by all the boys. They all want to go with me, but I give them their chance.

Also, I had my hair cut just below my ears last year in spring. Now it is too long to be worn down and too short to be made up. I usually wear my hair all in curls. Do you think I ought to try and wear my hair up?

There is a certain boy I am very fond of but he does not dance with me. Do you think it would be all right for me to send him a note "Ladies Choose" for this leap year. Hope to see my question answered in the next Bee. I remain, M. L. J.

NERVOUS PROSTRATION

Mrs. J. Christman Proved That Lydia E. Pinkham's Vegetable Compound is a Remedy for this Trouble.

Binghamton, N. Y.—"I was in a very nervous condition for over a year, my mind was gloomy, could see no light on anything, could not work, and could not have anyone to see me. Doctor's medicine did not help me and Lydia E. Pinkham's Vegetable Compound was recommended. I took it and am now well. I recommend it to all afflicted with nervous prostration."

The success of Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, is unparalleled. It may be used with perfect confidence by women who suffer from nervous prostration, displacements, inflammation, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion and dizziness. Lydia E. Pinkham's Vegetable Compound is the standard remedy for female ills.

If there are any complications about which you need advice write in confidence to Lydia E. Pinkham Medicine Co., Lynn, Mass.

panions when they escort you home, but do not linger on the doorstep. When a girl permits familiarity the bars are down for progress in the wrong direction. By preventing the first steps there will be no need for combating others. Is there not some mature woman, who is broad-minded, in whom you may confide.

Fashionable School. Dear Miss Fairfax: The height of my ambition is to attend a fashionable school in the east as soon as I am financially able.

The kind I prefer would be a girls' finishing school of good repute, such as the daughters of the "idle rich" attend. What advice can you give me as to the best schools and where are they located? About what would be the cost of attending such a school for one year, this cost including wardrobe?

I am very ambitious and have plain which, as yet, I have never breathed to anyone. However, they are progressing favorably although slowly.

Your ambition, evidently, is to get a rich husband. There are several of these schools in the east. Martha Washington school, Washington, D. C.; Miss Finch's school, New York City; Beechwood school, Philadelphia; Ward Belmont, Nashville, Tenn.; Miss Spence's school, New York.

BIFF!

Stop Jolting Liver and Bowels with violent drugs, but take "Cascarets."

"Dynamiting" bile out of your system with calomel and other sickening purgatives is all wrong. Salts, Oil and Cathartic Waters act by flooding the bowels with the digestive juices which are vital to the stomach. Cascarets are different. They act as a tonic to the bowel muscles, which is the only sensible way to relieve a bilious attack, a sour, acid stomach, or constipated bowels. There is no gripping or inconvenience. You naturally return to regularity and cheerfulness. Cascarets cost very little and they work while you sleep.

DOWN IN BED AND SO WEAK

Lady Suffered Terribly for Eight Weeks But Her Case Showed Wonderful Improvement After Taking Cardui

Johnson City, Tenn.—Mrs. M. R. Scott, living near this town, states: "About three years ago I was down in bed . . . terrible and so weak I couldn't bear the sight of food. This condition continued for about eight weeks . . . I thought I was going to die, and knew I must get something to do me some good. I had heard all my life of Cardui and the good results obtained from its use. So I decided to try it.

After about a half bottle of Cardui my appetite improved, then I was less nervous. I kept it up until I had taken five bottles—and such an improvement! I gained flesh and now am the picture of health, due, I believe, solely to the use of Cardui. I am the mother of ten children and feel well and strong."

Cardui is a mild, medicinal tonic for women. It has stood the most severe of all tests—the test of time, having been in use for over forty years. It is composed of purely vegetable ingredients, which have been found to help build up the vitality, tone up the nerves, and strengthen the womanly constitution.

Try Cardui.

ROBERT GRIDER LOOKS PICTURE OF HEALTH NOW

Suffered Ten Years—Ran Down From 240 Pounds to 135 Pounds—Friends Amazed.

"I don't care if everybody in Peoria was here to listen I'd tell them all the same thing about Tanlac that I'm going to tell you," said Robert Grider while discussing the medicine with friends at the Sutliff & Case Drug Store in Peoria a few days ago.

Mr. Grider is business manager of Teamster's Union No. 627 of Peoria and lives at 185 West Washington street, Peoria, Ill. His statement regarding the results he has obtained from Tanlac is so remarkable as to be almost incredible and realizing this he refers anyone who may doubt to his friends and neighbors for verification of the facts.

"Ten years ago," explained Mr. Grider, "my stomach got out of order and I started down hill. Nothing helped me and I kept going down until I finally became just a helpless wreck and weighed only one hundred and thirty-five pounds. Not being able to work any longer and, as everything had been done for me at home that could be, I set out for treatment elsewhere. I spent a long while in St. Louis under the best specialist I could find there. From there I went to Chicago and finally came back to Peoria the worst discouraged man I ever saw. By this time I was down in bed more than I was up and had to live mostly on milk, as anything else bloated me up as tight as a drum and the gas from it affected my heart until I could scarcely breathe. There was a heavy feeling like lead in my stomach and such awful cramping pains that I could hardly stand it. I was having attacks of acute indigestion so bad at times I thought I was going to die. My circulation was so poor that I felt cold all the time and the color of blood couldn't be seen in my face. I had paid out over four thousand dollars, but in place of getting better I got worse until I reached the point where I had little hope of living much longer.

"Now this is just the condition I was in at the time I began taking Tanlac, but since then I have gotten rid of my trouble entirely and I now weigh two hundred and forty pounds. In a day or so after I started on Tanlac I commenced to want something to eat and it wasn't long until I could eat without it hurting me. I was almost dumb-founded when I could once more eat a meal without suffering from it, for it had been ten years since I could do such a thing. I have never been able to eat more or digest my food better than I can now and I am as well as I ever was in my life. I am as strong as an ox and my robust health by the use of Tanlac has cost me only twenty-four dollars. My friends look at my broad shoulders in utter amazement. I am not only willing to go before any notary in this town and swear to the truth of my statement, but I could bring at least a hundred of my neighbors here, who will tell you what an awful fix I was in before I took Tanlac. All the praise, thanks and gratitude for my wonderful recovery belong to Tanlac and I would be ungrateful not to pass the good word along.

Tanlac is sold in Omaha at all Sherman & McConnell Drug Company's stores, Harvard Pharmacy and West End Pharmacy. Also Forest and Meany Drug Company in rest in each city and town throughout South Omaha and the leading drug store of the state of Nebraska.—Adv.
