## Also Dessert Molds

Send us two trade-marks from Jiffy-Jell packages—the circle trade-marks on the front. That will certify that you use Jiffy-Jell.

We will mail you this half-pint cup. It is an exact cup for use with any recipe. And two fittings with water dissolve one package of Jiffy-Jell exactly right.

The flavors come in liquid form, in bottles. They are juices of crushed fruit concentrated.

Jiffy-Jell has a wealth of fruit flavor. We use half a pineapple, for instance, to flavor a pint dessert. The Pineapples are crushed in Hawaii—fruit too ripe to ship.

It is real fruit, not mere flavor, that folks like and need.

## 11 Other Molds

With the Jiffy-Cup we will send you pictures of eleven other molds—dessert and salad molds. All these molds are sent free to users of Jiffy-Jell.

We want you to have them. We want Jiffy-Jell served attractively.

## It's Real Fruit

Jiffy-Jell means a real-fruit dessert. It is not like the old-style gelatine desserts.

## Serve It Often

People need fruit daily. Jiffy-Jell supplies it at a trifling cost, and you make it in an instant.

A delicious serving of rare fruit-flavored dessert costs you less than one small apple.
