

TRIMBLE HEADS COMMITTEE OF COMMERCE BODY

Elected Executive Chairman—Membership Drive and Changes May Be Made in Near Future.

Robert S. Trimble of Trimble Bros., wholesale fruit and vegetable jobbers, was elected chairman of the executive committee of the Chamber of Commerce yesterday. With this position filled, the reorganization of the chamber for the coming year is complete.

Much interest was attached to the choosing of the executive chairman, for, as a matter of precedence, the executive chairman becomes president of the chamber at the close of his term.

Several men had been slated for the position, but Mr. Trimble was chosen at the last minute. Mr. Trimble has been a member of the chamber for a number of years. Last year he was a member of executive committee and chairman of the fruit development and marketing committee.

With F. A. Brogan as president and Mr. Trimble as chairman of the executive committee, the Chamber of Commerce will enter into a period of rapid expansion, according to members. Although not announced officially, it is said that an attempt will be made to bring the membership, now 2,600, up to 4,000.

To accomplish this an intensive membership drive will be necessary. Departments of the chamber will also be enlarged and new departments added, placing the chamber on a par with the largest organizations of its kind in the world. Rumors that there is to be a raise in membership dues are discredited by officials.

To Quickly Remove Ugly Hairs From Face (Beauty Notes)

Beauty-destroying hairs are soon banished from the skin with the aid of a delicate paste, made by mixing some water with a little plain powdered delatone. This is spread upon the hairy surface for 2 or 3 minutes, then rubbed off and the skin washed to remove the remaining delatone. This simple treatment banishes every trace of hair and leaves the skin without a blemish. Caution should be used to be certain that it is delatone you buy.

"Laxative Bromo Quinine Tablets"

E. W. Brown

A Stubborn Cough Loosens Right Up

This home-made remedy is a wonder for quick results. Easily and cheaply made.

Here is a home-made syrup which millions of people have found to be the most dependable means of breaking up stubborn coughs. It is cheap and simple, but very prompt in action. Under its healing, soothing influence, chest soreness goes, phlegm loosens, breathing becomes easier, tickling in throat stops and you get good night's restful sleep. The usual throat and chest colds are conquered by it in 24 hours or less. Nothing better for bronchitis, hoarseness, croup, throat tickle, bronchial asthma or winter coughs.

To make this splendid cough syrup, pour 2½ ounces of Pinex into a pint bottle and fill the bottle with plain granulated sugar syrup and shake thoroughly. If you prefer, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you get a full pint—a family supply of much better cough syrup than you could buy ready-made for three times the money. Keeps perfectly and children love its pleasant taste.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its prompt healing effect upon the membranes.

To avoid disappointment ask your druggist for "2½ ounces of Pinex" with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

PRICES OF COAL FIXED LAST YEAR NOW EFFECTIVE

U. S. District Attorney in Omaha Receives Order From Washington.

Frank A. Peterson, assistant United States district attorney, yesterday received advice from Attorney General Palmer at Washington that the prices of coal fixed by the fuel administration last year shall immediately become operative again.

Mr. Peterson declared he had received a number of complaints against coal dealers out in the state to the effect that they were profiteering. The assistant district attorney asserted he had instituted an investigation, and if he obtained sufficient evidence against the alleged profiteers he would prosecute them to the full extent of the law.

The margin of profits fixed by the fuel administration for last year ranged from \$1.35 to \$1.80 a ton. For screened coal an approximate average additional charge of 35 cents was made.

For Iowa, Kansas and Missouri coal an average profit of \$1.35 is allowed. On Colorado coal an average profit of \$1.45 is allowed.

The attorney general's order follows: "The local fuel administrations for counties, towns, etc., were allowed to fix the gross margin within their territory. Gross margins fixed and in effect January 31, 1919, are restored by the executive order of October 30, 1919. The retail price permissible in any locality is the actual cost of coal to the retailer f. o. b. cars at any point of delivery to him plus the retail gross margin locally effective, cost of loading, yard costs and cost of delivery to the consumer to be absorbed in the gross margin."

Extensive Stock of Imported Groceries Sold to Hayden Bros.

Hayden Bros. have purchased the entire stock of Courtney & Co.'s staple and fancy groceries and meats from the stores at Seventeenth and Douglas streets, which are being vacated to make additional room for J. L. Brandeis & Sons' stores.

The Courtney stock, one of the best of its kind in the west, is now being checked and moved to the grocery department in the basement of the Hayden stores. Joseph Hayden stated that he expected the sale of these goods will be started next week.

The goods in the Courtney stores include imported articles from India, Italy, France, England and other countries. Many of the world's most famous brands of canned and bottled food products are on the shelves. There are imported olives, olive jam, marmalades, health foods, and an endless assortment of fancy groceries. Most of the stock is fresh and a considerable portion has been received during the last few weeks and not yet unpacked.

"I was surprised at the extent of this stock," Mr. Hayden said. "I have looked over all of the goods and I did not know that Mr. Courtney carried such an extensive line. This store represents the efforts of more than 30 years of a man who built up a large exclusive grocery and meat business. We have culled out all goods that do not appear fresh even on the outside of the packages and we are moving the stocks to our basement as fast as we can. I believe we will be ready next Monday to place the Courtney stocks on sale in the Hayden basement grocery. The first buyers of the world are represented in these goods. It is a wonderful stock of goods."

Says Accused Negro Was Caressing Body of Victim When Found

A gruesome picture of murder was given by Policeman Hagerman on the witness stand in District Judge Seaton's court yesterday, where Lon Carter, negro, is being tried for the murder of Mrs. Ollie Thompson, negro, October 9, 1919.

"When we got to Thirty-second and Emmet streets it was about 6 in the morning," said Mr. Hagerman. "It was a damp, drizzly morning. We saw Carter kneeling in the mud beside the body of Mrs. Thompson. The body was in a sitting position against the fence of the potato patch in which we found them."

"He was patting the cheek of the dead woman, calling her 'pet' and 'sugar' and calling upon her to speak to him. She was quite dead. Her head was leaning forward. Her shoes and hat were off."

Mrs. Mae Blakemore, 1512 Davenport street, at whose home Carter roomed, testified that he came home with Mrs. Thompson out 3 that morning and remained there about half an hour. She said he was under the influence of a narcotic and that he was angry. He said "they would all die together," she declared.

Leavenworth Paving Approved by Council After Months of Delay

Approval by the city council yesterday of a contract and bond furnished by Charles E. Fanning, for paving Leavenworth street, Forty-eighth to Sixtieth streets, closes a chapter of long controversy and delay over this improvement.

Mr. Fanning refused a year ago to sign a contract which had been awarded to him, raising several objections, one of which was alleged delay of the street railway company to do its part of the work.

The street car tracks have since been placed and Mr. Fanning has ordered the materials for the work, which will be started during the early spring.

This street will be paved with vitrified brick, of which there will be more than 20,000 square yards. The Fanning bid was \$3.50 per yard.

Brief City News

Have Root Print 14—Beacon Press Library & Silk Shade Lamp. 25 pct. red'n. Burgess-Granden Co.—Adv.

Lowden for President—Buttons and literature may be obtained at 18 E. 10th St. John N. Baldwin, Sec'y Lowden Club.—Adv.

Approves Grading Project—The city council received letters from Lee Huff and M. D. Canam, president of the St. Marys avenue and Howard street grading project. This subject will be discussed again before the city council Thursday morning.

A. O. U. W.—Central Committee—A meeting of all the delegates to the A. O. U. W. central committee, including south side and Council Bluffs, will be held at the temple Wednesday at 8 p. m. There will be election of officers.

Indian Girl Wants Job—A Winnebago Indian girl called at the free employment office in the city hall and asked for employment as stenographer. She stated that she had five months experience. Her age was recorded as 20 years and her former home, Sioux City.

Personal Injury Suit—Susanah Cook filed suit against the Missouri Pacific Railroad company in district court, asking \$10,000 for personal injuries which she says she received when she was thrown down in the aisle of a moving car while she was going from Omaha to Cook, Neb., June 6, 1919.

School Teacher Dies—Miss Emma Whitmore, for 40 years a teacher in Omaha public schools, principal of Lake school and a member of the Teachers' Annuity association, died January 14 at the home of her sister, Mrs. E. T. Reeves, of Little Rock, Ark. She is survived by her mother, Mrs. H. M. Whitmore, and Mrs. Reeves.

School Board Purchase—The Board of Education yesterday approved the purchase of three additional lots for the Franklin school site, Thirty-sixth street, between 17th and Decatur streets. The price was \$8,650. This school now has an entire block with the exception of a corner lot at Thirty-sixth and Franklin streets.

Accept Steel Bid—Paxton & Vierling company's bid of \$7,952 for the structural steel work of a new auditorium to be erected on the Clifton Hill school, Forty-fifth and Corby streets, has been accepted by the Board of Education. This improvement will cost \$25,000 and all except the steel work will be done by the Board of Education's building department.

Tax Receipts Late—W. H. Hunter, city clerk, announces that he will not be ready to issue 1920 wheel tax receipts until February 2, on account of the failure of the contractor to complete an order for plates which are attached to vehicles. Chauffeurs' licenses are being issued by the city clerk, who has granted 230 permits on the opening day, Monday.

Sues Insurance Company—Mary Goggin, former resident of Omaha, died last week at her home in Havre, Mont., after a lingering illness. He was in the United States army from 1882 to 1887, serving under General Miles and General Merriam at western posts. He was honorably discharged at Fort Omaha in 1887 and was a member of the Omaha fire department from 1887 to 1892, and for 22 years thereafter served as sexton of St. Mary's cemetery of this city. Since his removal to Montana in 1914 he was employed by the Great Northern Railroad company. He is survived by Mrs. Goggin, two sons and one daughter. The funeral was in charge of the Knights of Columbus and burial was at Havre.

Lazy lumps extend and brace the supports of a new folding ironing board so that it forms a substantial table.

Germany Seeks Loan Of \$80,000,000 From Dutch to Resume Trade

Merlin, Jan. 20.—Negotiations with Holland for a loan to Germany of 200,000,000 guilders (normally \$80,000,000), will shortly be concluded, according to the Zeitung Am Mittag. Of this amount 140,000,000 guilders will cover purchase of raw products and the remainder will be used to buy foodstuffs. The credit is established for 10 years and may be extended proportionately as Germany makes payments on the account.

Germany undertakes to procure the commodities covered by the credit only from Holland, which is also given special economic benefits respecting coal deliveries. This is the first credit accorded Germany since the conclusion of peace.

Over Fifty Years Ago

a young physician practiced widely in Pennsylvania and became famous for his uniform success in the curing of disease. This was Dr. R. V. Pierce, who afterwards established himself in Buffalo, N. Y., and placed one of his prescriptions, which he called his "Golden Medical Discovery," in the drug stores of the United States so that the public could easily obtain this very remarkable tonic, corrective, and blood-maker. Dr. Pierce manufactured this "Discovery" from roots and barks—a corrective remedy, the ingredients of which nature had put in the fields and forests, for keeping us healthy. Few folks or families now living have not at sometime or other used this Golden Medical Discovery for the stomach, liver and heart. Evidence of the wonderful sale of this medicine is recorded in the books of Dr. Pierce's Laboratory in Buffalo, N. Y., showing that over twenty-four million bottles of this tonic and blood remedy have been sold in this country. No one can fight the battles of life and hold his own if his blood is not pure. No one suffers from colds, "flu" and catarrh who has plenty of red blood corpuscles and a good digestion. Catarrh is a stagnation of the blood. Introduce pure red blood into the system, and health is assured.

Dr. Pierce advises you, if you wish to avoid the many germ diseases, to keep your blood in good order. You can obtain Golden Medical Discovery in tablet or liquid form at all drug stores, or send 10c for a trial package to Dr. Pierce's Laboratory in Buffalo, N. Y.

VINTON SCHOOL LOSES FOURTH OF ITS ATTENDANCE

Epidemic of Colds Results in Radical Action by the Teachers.

One hundred and fifteen children, one-fourth of the total attendance, were absent yesterday from Vinton school, Twenty-first street and Boulevard avenue, on account of an epidemic of colds in this district.

Fifteen children were excluded yesterday by the school nurses watching the situation. Fifteen other children did not attend school yesterday morning.

"I have not yet stated that this is an outbreak of influenza," Dr. J. T. Edwards, health commissioner, said. "It may be a mild form of influenza, but the general symptoms are those of severe colds."

"The only serious cases of illness reported from the homes of our affected children are two cases of pneumonia," said Mary Grist, principal. "We are excluding children who show any indications of illness and also those from the homes of affected children."

Hail First Arrest Under New National Prohibition Measure

C. C. Smith, Thirteenth and Howard streets, technically was the first victim in Omaha of the 18th amendment to the constitution of the United States, better known as the prohibitory amendment, which went into effect nationally at 12:01 January 16. He was arrested yesterday by Policemen Dudley and Ford charged with illegal possession of liquor. Three pints of whiskey were found on him, police say.

The case will be conducted by the city prosecutor in police court, and not by the recently appointed supervisor for the enforcement of the prohibitory amendment in Nebraska, according to James H. Hanley, federal agent, acting a supervisor for the enforcement of the liquor law in Nebraska.

"The fine for violation of the liquor law as prescribed by the Nebraska prohibitory statute is the same as that for violation of the 18th amendment," Mr. Hanley said. "When the state fails to prosecute violators of the liquor law, federal agents will take a hand."

Alleged Operators of Liquor Stills to Face Federal Grand Jury

G. Walter Appleton, 3620 Vinton street, and Winston Jones, 3608 Haskell street, charged with illegally manufacturing intoxicating liquor, waived preliminary examinations yesterday before United States Commissioner McLaughlin and were bound over to the federal grand jury under \$1,000 bonds each.

Appleton's house was raided January 15 by Internal Revenue Officer Larry Flynn and Policeman Robert Samardick. A quantity of liquor and a still was seized. The same officers raided Jones' house on the

same day and, according to their statements, found a whisky still in operation. The still and several quarts of whisky were seized.

Revenue officers declare that the two stills, which are being held as evidence at the federal building, were among 200 others now operating in Douglas county.

Mrs. Updike Is On Road to Recovery, Says Physician

"Her condition is first class, and she is on the road to recovery," was a statement made yesterday by Mrs. N. B. Updike's attending physician.

Mrs. Updike underwent an operation last Friday and is now in a local hospital.

Costs Husband \$25 to Hit Wife On Head With Hammer

Mrs. John Knapp, 2564½ Douglas street, told Police Judge Fitzgerald in Central police court yesterday that her husband struck her on the head with a hammer when he came home from night work early Monday morning.

Mrs. Knapp displayed a bandaged head to the court. The police judge fined the husband \$25 and costs. A divorce suit between the Knapps is pending in district court.

Douglas Hotel Company Stockholders to Meet Feb. 19

The stockholders' meeting of the Douglas Hotel company has been

adjourned to meet February 19 pending negotiations for the sale of the Hotel Fenwick, according to an announcement made yesterday.

Splendid Treatment for Wrinkled, Flabby Skin

She who cuddles herself all day in an overheated house and finds her skin flushed and flabby as a consequence, can quickly freshen up for the evening by just bathing her face in a lotion made by dissolving an ounce of pure powdered saxolite in a half pint of witch hazel. She will find this most refreshing. It smoothes out the wrinkles and draws in the saggy tissue almost immediately, and the face appears considerably rejuvenated. The ingredients, of course, are perfectly harmless and no trace of the treatment remains on the skin. Be sure to ask the druggist for the powdered saxolite.
