

ISOLATION FOR ALL COLD CASES URGED BY CITY

Dr. Edwards Organizing Forces as Means of Preparedness—Receives Report on Chicago Situation.

Dr. J. F. Edwards, health commissioner, is organizing his forces to combat influenza if a recurrence of last year's epidemic should appear here.

"I believe in preparedness," the doctor said, "especially when we are warned as we are today in Omaha. Only one specific case of influenza was reported Tuesday and only six this month, but there is a prevalence of colds and other symptoms of mild influenza. I will again urge Omahans to observe isolation when they have colds."

Chicago Situation Serious.

The health commissioner met yesterday with the superintendents of nurses of all Omaha hospitals, to obtain information on the nursing strength of the city and also the hospital accommodations. He will ask the Omaha-Douglas County Medical society to appoint an advisory committee to work with the health department in the event that an influenza outbreak should occur.

A telegram received yesterday by Dr. Edwards from Dr. John Dill Robertson, Chicago health commissioner, stated that 1,887 new cases of influenza were reported Tuesday in the Illinois metropolis; that 30 deaths were from pneumonia and 13 from influenza. The Chicago health commissioner wired that he has organized a force of 900 nurses in addition to his regular staff for house to house visitation.

Careful School Supervision.

The school nurses here are excluding all children who have sore throats, coughs, fever or other indications of illness. The situation at South Central school, Twenty-fifth and L streets, is similar to that which was reported from Vinton school, Twenty-first street and Boulevard avenue. The percentage of absentees from all of the schools is unusually high.

Examinations of children are being made with extra care on account of the general situation.

NEW FLU CASES SHOW DECREASE; DEATHS INCREASE

Four More Motion Picture Theaters Closed in Chicago And Warning Issued Others.

Chicago, Jan. 21.—Although the number of new influenza cases reported Wednesday decreased as compared to Tuesday's figures, the heaviest death toll for 24 hours since the epidemic of 1918 was indicated. The pneumonia situation was reported to be similar.

The health department announced that 35 deaths from influenza and 47 from pneumonia occurred. New influenza cases totaled 1,725 against 2,514 Tuesday with new pneumonia cases numbering 191. Tuesday's figures were 297.

Four more motion picture theaters have been closed, the health department announced and warnings have been sent to other play houses to observe strictly the department's regulations as to ventilation and sanitary conditions.

"Whoa!" Said Justice To Geo. Materivgesiski And Joseph Oszkurek

The war is over. Official announcement of the cessation of hostilities was made yesterday afternoon by George S. Collins, justice of the peace, second floor, southeast corner Seventeenth and Farnam streets.

Mike Samson appeared in court against George Materivgesiski and Joseph Oszkurek, the defendants being charged with disturbing the peace, and all litigants being Poles residing in Thirty-sixth avenue, South Side.

The affair was disclosed as a neighborhood feud.

"Whoa!" said Justice Collins, adjutting his spectacles. "The war is over and Poland is free. You should live in peace with each other. We need more brotherly love during this reconstruction period. I will continue this case for 30 days and in the meantime I trust that you will establish friendly relations."

GET PHOTOGRAPH OF MAN WHO SHOT CHIEF OF POLICE

Positive Identification of Mexican, Martinez, Made by Three Persons.

Grand Island, Neb., Jan. 21.—(Special).—A new turn to the search for the slayer of two police officers at North Platte last week, was introduced by Sheriff James Benton of Lexington here today when he produced two photographs of Jose Martinez, the man wanted.

Sheriff Benton located a bundle of photographs at Alliance, taken of various Mexicans who had at some time or other been held in jail there. These pictures were rushed to North Platte and first shown to Nick Chiros, ex-soldier, and the man who stepped one of the alleged murderers with a shot in the neck. Chiros examined the pictures carefully and picked out the one of Jose Martinez as that of the fugitive. The photographs were then shown the wounded Mexican. He went through them several times, but finally selected the same picture chosen by Chiros, and declared that to be of the man wanted, and the landlady of the house where the two Mexicans were known to have spent one night, also identified the photograph.

The pictures are a front and a side view. Both are clear prints, and show the man to be smooth shaven, about 30 years old, lean and muscular, with a decidedly vicious cast of countenance.

Copies of the pictures were dispatched at once by the sheriff to all the men hunting the Mexican.

Local police authorities do not believe the pictures to be of the same Jose Martinez who was held in the jail here December 1919.

The Mexican couple arrested here Monday giving the names, Mrs. Maria Martinez and Marciano Lopez, are still being held. The county attorney at North Platte telephoned the police here at 2 a. m. today to hold the couple until a further report is received. He declared he had some new evidence which might seriously involve them in the case.

Successful Year Reported By Omaha Insurance Body

The annual meeting of the North American Life Insurance Co., an Omaha corporation, was held in the general offices at Thirteenth and Farnam streets yesterday. Reports of the officers showed a very successful year and prospects for the biggest year in the history of the organization. G. L. E. Klingbeil was elected a director for five years to succeed himself.

After the stockholders' meeting the directors met and elected the following officers: G. L. E. Klingbeil, president; W. Young, general counsel and treasurer; B. B. Hall, secretary and assistant treasurer, and Dr. George Haslam of Fremont, Neb., vice-president and medical director.

Clyde G. Smith Re-Elected Northwestern President

Clyde G. Smith was re-elected president at the first annual meeting of the Northwestern Life Insurance Co., an Omaha corporation, yesterday. James A. Rodman was elected vice-president and treasurer, Guy A. Collard, vice-president, and Philip J. Harrison, secretary.

The reports of the officers showed a large business since the organization of the company last May. The company reports that they are especially pleased over the class of men who have taken policies numbering some of the biggest business men in Omaha and Nebraska.

First Technical "Prohi" Arrest Brings \$100 Fine

The first technical violation of the 18th amendment in Omaha brought a fine of \$100 and costs to C. C. Smith, Thirteenth and Howard streets, who was arrested Tuesday for illegal possession of liquor. Smith pleaded guilty in Central police court yesterday when arraigned before Police Judge Fitzgerald. Three points of home-made whiskey was found on him when Policemen Dudley and Ford made the arrest.

Why One Should Make a Will.

debts and divide the remainder among the persons to whom you were related.

"When a will is made it is made to the person or persons who are heirs to the estate, money or anything else that might be left.

"First of all your debts must be paid, and the remaining property will go to the person or persons to whom the will is made.

Danger of Loss.

"Please Mr. Willmaker do not attempt to make your own will. It is often very dangerous for many reasons. (1) Losses may be caused. This would be as bad if not worse than no will at all. (2) The wording and terms may be wrong. This

will cause discussion in court.

"Death is the one certain thing in life, but we never know when it may come. If you postpone making a will it is unfair to those depending on you. One has ever talked with a widow he will never neglect or regret making a will.

"The will saves expenses and court proceedings. If handled by a trust company satisfactory distribution of estates and protection of heirs against foolish investments are made."

Works Two Days and Disappears at Same Time \$3,200 Missed

Grand Island, Neb., Jan. 21.—(Special).—H. H. Wolfe, 30 years old, relief operator for the Burlington railroad at Cairo, 19 miles northwest of here, disappeared sometime between Monday afternoon and Tuesday morning, with \$3,000 in currency sent by the Grand Island National bank to the Farmers' State bank at Cairo, and from \$100 to \$200 belonging to the railroad company, according to Sheriff McCutchan of this city.

Wolfe came to work at Cairo from Omaha, and had been on his new job but two days. He had previously worked at Los Angeles, Cal., and El Paso, Tex.

Sheriff McCutchan is investigating the case. He says the bank package arrived at Cairo at 3:50 Monday afternoon and was delivered to Wolfe, who went off duty at 4. Wolfe did not appear for work Tuesday morning, and the loss of the currency was then discovered.

Wolfe left no clue, the sheriff declares.
