Girl Winner of Essay Prize Triumphs Over 198 Entries

Ethel Lewis, 14-Year-Old Pupil of Castelar School Awarded \$10 Bonus for Thrift Article Entitled "Why We Should Save Some Part of All We Earn."

Ethel Lewis, Eighth A grade, Castelar school, was yesterday awarded the Thrift week prize for the best essay on the subject "Thrift—Why We Should Save Some Part of All We Earn." Contestants for the day numbered 198 and came from practically every public, parochial and private school in the city.

Grace Adams, Eighth A, Walnut Hill school and Dorothy Seybold, Eighth B, Columbian school, were each awarded honorable mention for essays.

Miss Ethel is 14 years old. She is the daughter of M. J. Lewis and lives at 2423 Arborstreet.

The contest is a part of the national thrift campaign and is intended to draw the attention of the school children to national thrift week and the desirability of thrift. A prize of \$10 is given by the thrift committee for the best essay on subjects connected with thrift which have already been announced.

Here is Miss Ethel's essay which won her the prize for the day: "Why We Should Save Some Part of All We Earn."

"I should save in my youth so that when I am older I shall not have to be dependent upon anyone. In case of sickness I shall have my little hoard of money. In case of an accident, I shall have enough of my own money so that I will not have to go money-borrowing from those I know. I should also save so that when my people are old and feeble I shall have enough to support them. My motto is, "Save for a rainy day."

"I should save so that when I am through high school I shall have enough to help support myself through college. When I am out of college I shall have the training necessary to hold a good position in a business office.

"I should save so that when I am of age I may start into the right kind of business so that my future life may be a success. I should save so that when I go into business, or into housekeeping I shall not have to pay "one dollar down" on things. Thrift shall keep me out of debt. I should save so that when I want to settle down for life I may have enough to buy my own home.

"I should save so that I may be a blessing to those less fortunate than I. If I have enough money I may be able to lend a helping hand here and there. I should also save so

that I may help those who cannot go to school on account of money affairs. I may help educate them. I should have my little account so that I may give freely to my church and those belonging to it."
