

### SOME RELIEF IN EXEMPTIONS OF THE INCOME TAX

#### Unmarried Men Having Dependents Are Treated Gentily, According to Interpretation of the Rules.

Unmarried men and women, who are bread winners for others, are granted special exemption on their earnings before calculating the income tax now being collected, according to word received from the department at Washington yesterday by the local internal revenue office.

Although, it is pointed out, a return must be filed by every unmarried person living apart from wife or husband, who had a net income of \$1,000 or more during 1919, recognition is made of the home burdens carried by many such persons, and relief from excessive taxation is provided.

In addition to the personal exemption of \$1,000, an additional exemption of \$1,000 is granted to heads of families, and there also is provided an exemption of \$200 for each dependent under 18 years of age, or who is mentally or physically defective, declared George L. Loomis, collector of internal revenue.

The exemption of \$200, it is said, for each dependant may be claimed by any taxpayer who is the chief support of such dependant, and this is not confined to dependants who are members of the family or relatives.

### TEST OF CENSUS INDICATES MANY PERSONS MISSED

#### Reports to Bureau of Publicity Reveal Probable Shortage Of 8 Per Cent.

The bureau of publicity of the Chamber of Commerce started five girls telephoning names in five exchanges, Harney, Webster, Colfax, Walnut and Tyler to determine how many people have been missed by the census enumerators. Out of 2,399, representing 12,000 people, it was discovered that 932 people had been missed, or 8 per cent.

The bureau of publicity has put on additional girls and will call every telephone in Omaha. The name of the parties missed will be turned over to John H. Hopkins, supervisor of census who will assign special enumerators to check up these reports to secure enough information to have them counted in the final census.

The McGraw Co. reports to the bureau that out of 53 employees, 19 had been missed. The Nebraska Seed Co., reports the names of four employees who were missed. All employers of labor in Omaha are asked to call the roll of their employees and report to the bureau of publicity the names and addresses of those who have not been seen by the census enumerators.

### Would Stop Smoking

Columbia S. C., Jan. 23.—Smoking in eating places would be prohibited under a bill passed to second reading by the state senate. Restaurant and hotel keepers would be required to display "no smoking" signs and enforce the rule under penalty.

### PARIS COMMERCE CHICAGO SCHOOL BODY IS SEEKING TEACHERS TO GET AID FROM OMAHA BLANKET RAISE

#### Secretary Writes the Local Chamber That France Will Advertise for American Capital.

Keen competition among the cities of France during the present reconstruction period is indicated by a message received by the Chamber of Commerce publicity bureau yesterday from Etienne Damour, secretary of the "Conférence des Chefs de Publicité," a commercial boosting organization of Paris.

Secretary Damour says his club is the largest advertising organization in France. Paris is making every effort to bring industries and the right kind of people to its doors, he states, and his organization has been attracted by publicity circulated from the Omaha Chamber of Commerce.

### CHICAGO SCHOOL BOARD ANSWERS DEMAND FOR 60 PER CENT INCREASE BY GRANTING \$400 TO \$500 MORE.

#### Chicago, Jan. 23.—Chicago school teachers, who yesterday appealed to the board of education for a 60 per cent wage increase, will receive a blanket raise of \$400 to \$500 per year, George P. Arnold, chairman of the board, announced today.

Representatives of the teachers indicated they would accept the award as temporary relief, but would continue their fight to put teaching on a wage plane at least equal to that of common laborers. At present the laborers receive considerably more than highly trained teachers, the instructors claim.

They asked a minimum of \$1,200 and a maximum of \$2,500 for the 6,365 elementary teachers, with other classes in proportion. Jesse J. Walther, instructor of subnormal children, who teaches a class of 20 ranging from boys simply backward to others who are feeble-minded, threw the hearing into an uproar when he declared that two of her feeble-minded pupils, both 17-year-old boys, had gone to work at higher salaries than she received.

### Necessary Expense Eats Up More Than Regular Pay Of Omaha School Teachers

#### Questionnaires Being Returned to Superintendent Beveridge Indicate \$190 Yearly Deficit On an Average of 26 Teachers—Information Sought by Board of Education to Guide Fair Salary Scale.

Omaha public school teachers seem to be spending more for necessary expenses than they are earning in the form of regular salaries, according to questionnaires being returned to J. H. Beveridge, superintendent.

The purpose of obtaining this information is to enable the Board of Education to act intelligently when considering what should be a fair salary scale for the teaching staff. A tabulation made yesterday afternoon of the expenditures and earnings of 26 teachers showed an average of \$190 deficit. These overlaps were made up by some who had extra work in evening schools, summer schools, and by living at home with parents, and in other ways.

For Single Teachers. The average cost of various items of living expenses for the 26 teachers whose questionnaires were tabulated, are given as follows, these figures being for last year and these teachers all being single: Board and room, \$607; laundry, \$53.50; apparel, \$410; street car fare, \$48; philanthropy, including church, \$68; culture, \$23; entertainment, \$41; personal attention, \$50; professional advancement, \$50; travel, \$86; sickness, \$45; dentist, \$19; insurance, \$53; savings, \$95; payment of debts and other expenditures, \$77.

These 26 teachers are believed to be fairly representative of the rank and file of more than 1,000 of the public schools, 750 of whom are paid \$1,400 or less per year. The item shown as "savings" includes bank, building and loan, bonds and war savings stamps.

One teacher listed her wearing apparel at \$800 for the year, another at \$785, four at \$500, one at \$450, one at \$425 and four at \$400. The lowest annual expenditure for apparel was \$100. The items of philanthropy ranged from \$10 to \$200; laundry, \$15 to \$104; entertainment, \$10 to \$100; sickness, nothing to \$300.

Affects Teaching Value. A man teacher listed his expenditure for apparel at \$98 and entertainment at \$3 for last year. On the back of his questionnaire he wrote the following statement: "Clothing allowance is not enough to keep us from being shabby. I have had only one new suit in two years and my wife has had one new.

### Mrs. N. B. Updike Continues To Show an Improvement

Mrs. N. B. Updike continues to show an improvement, according to an announcement made yesterday at the Updike home. She underwent an operation for appendicitis last week.

### Jugo-Slav Property Owning Women Will Be Given Ballot

Belgrade, Jan. 23.—Women administering property in their own right will be permitted to vote at the first national election in Jugo-Slavia next month, according to an announcement made by the cabinet.

### OFFICERS DENY POLICE CONNIVED IN BURGLARIES

#### Both Inspector Patullo and Detective Chief Dunn Say Story Is False.

Absolute denial of a story printed in a newspaper yesterday afternoon in which Chief of Detectives Dunn was quoted as having charged Omaha policemen with conniving in collusion with burglars and thieves was made by Police Inspector Patullo and the detective chief.

"The alleged charge against the policemen is unwarranted and there was no basis for the statement against them," Detective Chief Dunn declared.

Dunn's statement is alleged to have been made following the arrest of Frank Grady, 1115 South Twenty-eighth street, in connection with the robbery of the L. & B. grocery, 2403 Hickory street.

Though the policeman on the beat in the vicinity of the robbery was questioned by Chief Dunn as to whether any burglars had been seen operating thereabouts, at no time was the policeman under surveillance, the chief said.

"No word concerning suspicions of policemen operating in collusion with thieves has come to me," Inspector Patullo said.

The inspector and the detective chief declared that Grady, who was arrested while attempting to sell stuff that had been stolen from the L. & B. grocery, implicated no policemen in the burglary.

### Five Soap Peddlers Held In Connection With Thefts

Five soap peddlers were arrested Thursday for investigation in connection with the burglary of the residence of R. M. Johnson, 2411 Templeton avenue, Thursday afternoon during the absence of the family. Five silk shirts, a revolver and a scarf-pin were taken by the thieves.

The five men arrested gave their names as P. H. McFillen, Merchants hotel; L. C. Cherry, Chicago; Lee Tebb, Peoria, Ill.; Donald S. Gleason, Davenport, Ia., and Arthur Heckin, Chicago.

Neighbors informed police they saw several men who had been canvassing in the immediate vicinity for the sale of soap, enter the Johnson home. Police have received no reports of robberies of other houses in that neighborhood during the past week.

### First Arrest In Violation Of Anti-Cigaret Cafe Law

The first arrest in Omaha for violation of the anti-cigaret cafe statute in public eating places, according to police records, was made Thursday, when Policeman Warrin took into custody W. J. Dunn, Reo hotel, Sixteenth and Cumings streets, off the charge.

Judge Fitzgerald discharged Dunn in Central police court yesterday, when the officer failed to appear against him. Dunn is a chimney-sweep.

### A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headache, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women and men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep them fit. 10c and 25c.
