Coffee. New York, Jan. 24.—The market for coffee futures was extremely guiet again today but an cearly decline was followed by May selling up from 15.63c to 15.96c and closing at 15.94c. There was scatter ing liquidation at the start owing to the lower Brazilian cables, but later private advices were received reporting a sharp advance in the Rio market which led to covering around the local ring. The opening was 3 to 5 points lower and the market closed at an advance of 4 to 3 points.

Closing bids: January, 15.60c; March S.75c; May, 15.94c; July, 15.14c; Septem-her, 15.85c; October, 15.75c; December,
