## PLAN TO DRAFT POLLARD TO RUN FOR GOVERNOR

Republicans in Lincoln Circulate Petitions for Candidate to Oppose McKelvie in Primary.

Lincoln, Neb., Jan. 26.—(Special.)—Nebraska republicans are going to draft E. M. Pollard of Nehawka to oppose Gov. S. R. McKelvie in the nomination for gubernatorial honors. A petition is now being circulated in Lincoln and will be filed with the secretary of state in a few days.

On account of his prominence in public affairs and his being identified in a large way with the agricultural and fruit-growing interests of Nebraska, Mr. Pollard is considered by those active in his behalf as the most available man and one who will command a large personal following.

It is understood that while Mr. Pollard is not putting forth any personal exertion as a gubernatorial aspirant, he has been consulted and has agreed to make the race if it is shown that a strong demand exists for him to do so.

Some of the most active boosters of the Pollard for governor movement are members of the constitutional convention.

Mr. Pollard represented the First district of Nebraska in congress for several terms. He is now serving as delegate from Cass county in the constitutional convention. He was a candidate for the republican nomination for governor four years ago, but was induced to withdraw in favor of A. L. Sutton, who became the party nominee and was defeated at the polls.

## Receiver Appointed for Defunct Valparaiso Bank

Lincoln, Neb., Jan. 26.—(Special.)—Judge E. E. Good, in the district court at Wahoo, has appointed B. E. Fike, who recently removed from Lincoln to Valparaiso and is cashier of the Nebraska State Bank recently incorporated there, as receiver for the failed Valparaiso State Bank. His bond as receiver was fixed at \$100,000.

The Saunders County Bankers' association recommended Mr. Fike's appointment and local shareholders in the closed bank requested it. Probably considerably more than \$100,000 will have to be advanced from the state guaranty fund to pay depositors. Total deposits were in excess of \$400,000 and the shortage in the bank's funds is believed to be from \$150,000 to \$175,000.

### TODAY'S BEAUTY HINT

It is not necessary to shampoo your hair so frequently if it is entirely and properly cleansed each time by the use of a really good shampoo. The easiest to use and quickest drying shampoo that we can recommend to our readers is one that brings out all the natural beauty of the hair and may be enjoyed at very little expense, by dissolving a teaspoonful of canthox which can be obtained from any drugist, in a cup of hot water. This makes a full cup of shampoo liquid, enough so it is easy to apply it to all the hair instead of just to the top of the head. This, when rubbed into the scalp and onto every strand of hair, chemically dissolves all impurities. It is very soothing and cooling in its action, as well as beneficial to both scalp and hair. After rinsing out the lather so created, you will find the scalp is fresh, clean and free from dandruff, while the hair dries quickly and evenly, developing its bright luster and a soft fluffiness that makes it seem very heavy.

## SAVE COLOR IN CHEEKS Be Better Looking—Take Olive Tablets

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days, you must keep your body free from poisonous wastes. Dr. Edwards' Olive Tablets (a vegetable compound mixed with olive oil) act on the liver and bowels like a magnet and have no dangerous after effect. Take one nightly and note results. They start the bile and overcome constipation. That's why millions of women buy annually, 10c and 25c.

## Committee Work Is Only Activity for New Constitution

Lincoln, Neb., Jan. 26.—(Special.)—The state charter diet met Monday afternoon and after a brief session adjourned until Tuesday. Practically no business was transacted. The delegates received a report of the committee on bill of rights recommending that four proposals be killed. Committees were at work as usual during the afternoon.

The bill of rights committee will hold a hearing Tuesday afternoon on the Rankin proposal forbidding lawyers to defend guilty persons or continue to defend justice by means of technicalities.

At the same meeting the Oleson proposal requiring plaintiffs in libel cases to prove that truthful statements were published maliciously and without good motives will also come up for consideration.

## Attorneys for Grammer Appeal From Decision In His Mandamus Suit

Lincoln, Neb., Jan. 26.—(Special.)—Attorneys for Allen V. Grammer today appealed to the state supreme court from the decision of the district court in his mandamus suit, which refused to issue a writ compelling Governor McKelvie to grant him another formal hearing on his appeal for a pardon.

Grammer and Alton B. Cole are under sentence of death by electrocution for the murder of Mrs. Lulu Vogt, Grammer's mother-in-law, in Howard county in 1917.

The execution, which is scheduled for Friday, will probably be postponed, since John Hulbert, chief executioner of the New York state prison, will not be able to come here this week.

Tomorrow, Grammer's counsel will appear before the state supreme court to present argument against the state's motion that appeal for writ of habeas corpus, denied by the district court, be dismissed. At the same time Cole's case will come up before the United States circuit court of appeals in St. Louis.

## State Confronted By Danger of Loss Through Soft Corn

Lincoln, Neb., Jan. 26.—(Special.)—Nebraska is confronted with another soft corn crisis similar to the one which caused losses to farmers and grain handlers several years ago, according to information gathered by the State Railway commission. The board has been advised that a large amount of corn now on hand awaiting shipment contains 19 to 22 per cent of moisture, and unless it can be shipped within the next 60 days it will deteriorate with the advent of mild spring weather, so as to bring 20 cents to \$1 per bushel less than it is now worth.

The fact that railroads in Nebraska are not supplying more than a fraction of the cars needed to ship corn aggravates the situation.

## Interurban Company Must Own Tracks, Manager Says

Lincoln, Neb., Jan. 26.—(Special.)—If the plans of the Omaha, Lincoln & Beatrice Interurban Railway Co. to develop its service and complete the projected line between the two large cities of the state are carried out, the railway company must be allowed to use and control its own tracks in Lincoln, University Place and Beatrice and necessitate the termination of contract with the Lincoln Traction Co. for their joint use.

General Manager J. M. Bramlette of the O. L. & B. has filed a detailed statement to this effect with the state railway commission, before which body a hearing was held last week in the dispute between the two companies.

Freedom of its own tracks as it may desire to do is vital to the plans of the interurban, Mr. Bramlette points out.

## Witness Subpoenaed for Hearing of Warden Fenton

Lincoln, Neb., Jan. 26.—(Special.)—Subpoenas have been issued for the state board of correction on behalf of Warden V. Fenton, for seven witnesses to appear at the hearing before the board Wednesday to investigate charges made by M. F. McWilliams, former guard, who attacked the warden's administration. The original date of the hearing was set for last Tuesday. McWilliams failed to put in an appearance, but his counsel asked for additional time to prepare his showing.

Witnesses for whom subpoenas have been issued at the request of J. S. McCarty, attorney for the warden, include Will Owen James, Phil Wadlams, newspaper men; Jason Evans, Nick Reisdorf, John Dorr, Dr. J. A. Leavitt and McWilliams himself.

## FEDERAL AGENTS MAKING A SURVEY IN THIS SECTION

Report Will Guide Chief H. A. Larson at Denver In Appointing of 100 Inspectors.

R. B. Leady and H. C. Davidson, federal prohibition agents, working out of the office of Henry A. Larson, supervising prohibition agent for the northwestern department, with headquarters in Denver, were in Omaha yesterday making a survey of local conditions preparatory to making a report to Mr. Larson.

Mr. Leady and Mr. Davidson spent the entire forenoon conferring with J. J. Gillin and the members of his field squad.

The visiting prohibition agents, it was said, are concerned particularly with the number and character of violations in this territory since the eighteenth amendment became effective. Mr. Larson will use the information, it was declared, as a guide in selecting his organization to work in the Omaha and Nebraska territory.

Mr. Leady and Mr. Davidson are touring all the states and cities of the northwestern department. Mr. Gillin, who will relinquish his authority over the eight field agents he now has working under him as soon as Mr. Larson has perfected his organization, already has recommended 100 agents to take care of the Omaha and Nebraska territory.

Attorney James H. Hanley, recently appointed Nebraska state agent for national prohibition enforcement to work under the supervision of Mr. Larson, left Thursday night for Washington to confer with heads of the department there and receive his commission. He is expected to return to Omaha today or Wednesday.

## AFTER EATING PLAY SAFE

It is a Wise Precaution to Take a Stuart's Dyspepsia Tablet After Eating to Avoid Gas, Sour Risings, Heaviness and the Lazy, Logy Feeling So Apt to Follow.

The range of food is so great, its preparation varies so widely that

few stomachs are strong enough to grapple with all conditions of restaurants, hotels, clubs, depots and banquets. The safe plan is to be provided with Stuart's Dyspepsia Tablets, that you may eat rich and palatable foods served or selected and not be troubled with gas, sour risings or such forms of indigestion. The tablets digest food, they assist the stomach secretions and for this reason people who travel away from home and must eat as it is served may play safe by taking one or two Stuart's Dyspepsia Tablets after each meal.

You can get these tablets in any drug store anywhere in the United States or Canada, which shows in what general favor they are among those who have learned how to enjoy their meals.
