SHOTWELL SAYS
ISSUE OF COUNTY
BONDS IS LEGAL

County Commissioner Nebel Also Believes State Will Buy Them If Bond Companies Won't.

County Attorney Shotwell issued a statement yesterday, declaring his opinion to be unshaken concerning the validity of the \$822,000 court house repair bonds which were held to be invalid Monday in a written opinion from Charles B. Wood of the firm of Wood & Oakley, Chicago, attorneys for the Harris Trust & Savings Co., Chicago, which purchased the bonds and will reject them now on the opinion of its attorneys.

"The special session of the Nebraska legislature which authorized these bonds passed an act with an emergency to enable counties of 150,000 population or more to issue

TURN HAIR DARK WITH SAGE TEA

If Mixed with Sulphur It Darkens so Naturally Nobody can Tell.

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's recipe, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound." It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive.—Adv.

and sell bonds without a vote of the people, to raise funds to repair county buildings damaged by riot," says the written statement of Mr. Shotwell.

"The act authorizes the county board to levy taxes not exceeding 15 mills on the dollar on the actual or full market value of the property in the county."

The county attorney underscores the words "actual or full market value."

Based Upon "Misapprehension."

"Up to 1903," the statement continues, "taxes in this state were levied on the full or market value."

In 1903 the legislature enacted what now appears as Section 6,300, Revised Statutes of Nebraska, for 1913, which provides that property shall be assessed at one-fifth of its market or actual value.

"The opinion rendered by Charles B. Wood against the court house repair bonds is based upon a misapprehension of these enactments."

"I am satisfied at this time, after carefully reconsidering the matter that our conclusions were correct. They were reached by myself in consultation with John P. Breen, Ben S. Baker, Mr. Ayres of the attorney general's office, and other eminent attorneys."

"Besides, since this special legislation was procured, two district judges in this state have held in litigation which presented similar questions, that the legislature could authorize the levy of taxes on the actual and full market value in this state."

"No court has decreed this bond issue invalid, and I think if the matter is presented in litigation the validity of the bonds will be sustained."

Suggests a Way Out.

Mr. Shotwell probably will go to Chicago this week to take up the question personally with Mr. Wood and Mr. Oakley, the bond company attorneys.

Another way out of the difficulty has been suggested by Sophus Nebel, county commissioner. This is that the state of Nebraska buy the bonds.

"I believe the state will buy them if the bond companies don't want them," said Mr. Nebel. "The state has the power to invest its surplus funds in these bonds."

County Attorney Shotwell says the state has the right to buy the bonds.

"Of course it would not pay a premium for them. They were sold at a little more than \$101 per \$100 to the bond companies. The state would pay par for them, if it bought them. I believe, however, that we will clear up the matter and convince the bond companies that the bonds are legal."

Little Girl Burned by Bucket of Hot Lard

Little Columbia Ciseno, 6 years old, 815 South Twenty-fourth street, was severely burned late yesterday afternoon in her home when her sister, Greta, walking across the room with a bucket of hot lard, stumbled against the child, spilling the fiery grease upon her. CRAIG GAINED THIRTY POUNDS TAKING TANLAC

Is Enjoying Good Health for First Time In Twenty-five Years, He Says.

"Since I started taking Tanlac I have not only gained thirty pounds in weight, but for the first time in twenty-five years I am enjoying good health," said J. J. Craig, of 421 North Madison street, Bloomington, Ill., recently.

"Yes, sir, I am fifty years of age," he continued, "and twenty-five of these years have been spent in misery and suffering without a let-up until I began taking Tanlac. I was never able to eat a thing without filling up with gas afterwards and having such intense cramping pains in my stomach I could hardly stand them. Why, at times I would have these spells of cramps while at work and have to be taken home, where I would lie for hours almost unconscious. I was all run down and weak and would play out before I had worked half a day, and very often had to quit and go home. But, thanks to Tanlac, this is all a thing of the past now."

"Tanlac has simply made a new man of me, and it has given me good health, something I never expected to have again. I can sit down now and eat anything without it hurting me the least bit. I am never troubled with gas and never have the least sign of a pain in my stomach. I feel strong and vigorous all the time and am able to work every day and all day long with the greatest ease. No, sir, I wouldn't take all the money in Bloomington for what Tanlac has done for me, and I expect to praise it as long as I live."

Tanlac is sold in Omaha at all Sherman & McConnell Drug Company's stores, Harvard Pharmacy and West End Pharmacy. Also Forest and Meany Drug Company in South Omaha and the leading druggist in each city and town throughout the state of Nebraska.—Adv.

Rheumatism
A HOME CURE GIVEN BY ONE WHO HAD IT

In the spring of 1893 I was attacked by Rheumatism and Intermittent Rheumatism. I suffered as only those who have it know, for over three years. I tried every remedy, and doctor after doctor, but such relief as I received was only temporary. Finally, I found a remedy that cured me completely, and it has never returned. I have given it to a number of people who were terribly afflicted and even bedridden with Rheumatism, and it effected a cure in every case.

I want every sufferer from any form of rheumatic trouble to try this marvelous healing power. Don't send a cent; simply mail your name and address and I will send it free to try. After you have used it and it has proven itself to be that long-looked-for means of curing your rheumatism, you may send the price of it, one dollar, but understand, I do not want your money unless you are perfectly satisfied to send it. Isn't that fair? Why suffer any longer when positive relief is thus offered you free? Don't delay. Write today.

Old Time Pedagogue Gone, Boston Editor Tells Omaha Teachers

A. E. Winship of Boston, editor of "The Journal of Education," told public school teachers yesterday afternoon in the auditorium of Central High school, that the day of the conventional teacher has passed.

He told of attending an educational convention in Washington several decades ago when the pioneers of manual training and domestic science in schools were opposed.

"We now know that we must learn by doing things, and that book learning is not all that is to be desired in the school room," he said. "We are learning that pedagogy is a real profession, and we have also learned what child study means."

Dr. Winship reviewed the progress of education, from the days when the teacher's vision was limited to book learning, to the present-day system with its broadening opportunities for the child, and urged teachers to be progressive.

Vacates Injunction Against Change in Bee Building Name

In district court yesterday Judge Troup dissolved the temporary restraining order against a change in the name of the Bee building, which order stopped workmen who had begun to tear out the name at the top of the Panam street side of the building, and announced he would not have time to hear arguments on the merits of the contention for a permanent injunction because of the change of dockets to be made shortly in the Douglas county district courts. The matter will now have to be set for a hearing before some other judge. In the meantime, if the name on the building is torn out, and the Bee Building company is successful in its suit, it will have to be replaced, said Stanley Rosewater of Rosewater, Cotner and Peasinger, attorneys for the Bee Building company.

OUTBREAK OF "FLU" HERE WON'T LAST LONG, PREDICTION

Health Commissioner Says People of Omaha More Careful This Season.

Seventy new cases of influenza were reported to the health department yesterday before 1 p.m. Two deaths from influenza were reported during the last 24 hours as follows:

Olga H. Stout, 21 years old, 1129 South Twenty-ninth street.

Mrs. Nellie Brink, 31 years old, 3520 Poppleton avenue.

One hundred and thirty-eight cases of influenza have been reported this week, as against a total of 101 for last week. The total Monday was 66.

Nine influenza victims were reported from 441 Evans street, where Mr. and Mrs. J. Barnett and six children and a visitor are all ill. The demand for nurses exceeds the supply. The Nurses' exchange reported Monday that it had 75 calls for nurses which it was unable to fill.

The health commissioner conferred Monday with the theater managers, who promised to co-operate in every way they could. Dr. Edwards urged proper ventilation and fumigation.

As a result of a series of precautions against disease, not a single case of influenza has developed either at Fort Omaha or Fort Crook.

Frank Bandle Files for Nomination for County Job

Frank Bandle filed yesterday in the office of Election Commissioner Moorhead for the republican nomination for clerk of the district court. He will look horns with Robert Smith for the nomination, as he did four years ago, when Mr. Smith defeated him.

Richard S. Horton filed for reelection as public defender on the democratic ticket. This is one of the easiest jobs in the county, paying \$3,600 a year, with little work to do.

Peter E. Elsas, formerly county commissioner, will try for the democratic nomination as clerk of the district court. He also filed yesterday.
