10 HENS LAY 8 EGGS A DAY. HOW IT'S DONE

Mr. Davis Shows How to Wake Up Idle Hens. Easily Tried.

"I have 10 hens and was getting 1 and 2 eggs a day. Since using Don Sung, my hens have improved so much that I am now getting 7 and 8 eggs a day. The results have been wonderful."—Henry Davis, 1224 30th St., Newport News, Va. Mr. Davis writes this letter in February, after a severe test in the coldest weather. Try it, as he did, and watch your hens stop laying and start laying. Here's our offer: Give your hens Don Sung and watch results for one month. If you don't find that it pays for itself and pays you a good profit besides, simply tell us and your money will be promptly refunded. Don Sung (Chinese for egg-laying) works directly on the egg-laying organs, and is also a splendid tonic. It is easily absorbed in the food, improves the hen's health, makes her stronger and more active in any weather, and starts her laying. Try Don Sung for 30 days and if it doesn't get you the eggs, no matter how cold or wet the weather, your money will be refunded by return mail. Get Don Sung from your druggist or poultry remedy dealer or send 50 cents for a package by mail prepaid. Burrell-Dugger Co., 313 Columbia Bldg., Indianapolis, Ind.

How Any Woman Can Remove Hairy Growths

(Beauty Culture) It is no longer necessary for a woman to visit a beauty specialist to have superfluous hairs removed, for, with the aid of a plain delatone paste, she can, in the privacy of her own home, remove even a stubborn growth in a very few minutes. The paste is made by mixing some water with a little powdered delatone. This is applied to the hairs and after 2 or 3 minutes removed and the skin washed, when it will be left clear and hairless. Be sure you buy real delatone.

How to Make Up The Dolly Sisters

For the home, the street and social affairs. Sane, sensible suggestions by

The Value of Massage.

The other day a young woman wrote us and asked if there were tablets one could take to get thin. There are, but unless you want to crawl into a nice silver-handled case for a long rest, we wouldn't advise you to use them.

Tablets, like any other short-cut to beauty, are dangerous if they make you thin in a hurry. We have many friends who have become thin by taking epsom salt baths. But we have noticed, too, that they become lined with tired, drawn expressions creeping into their faces. The body is filled out, and a woman can't expect to remove the fat under the skin and not get wrinkled. The skin can't reduce as fast as the tablets and the strong salt baths reduce fat.

The woman whose skin has for years been stretched to fit her fat body, can't take the flesh away suddenly without the skin falling into aged-looking wrinkles. And remember, if the reducing isn't done very gradually, you will look old, ever so much older than you are. Wouldn't you choose the fat? We would.

There is one sure way of reducing and getting your body into fine condition. Massage, early and often. Massage with good cream, and be sure it is a pure cream. If you can't pick out one that suits you, use cocoa butter or olive oil.

One's shoulders must be rounded and white to wear the new evening gowns. A mud pack is very good to cleanse the skin properly, and then massage the neck and shoulders and face long and earnestly. Massage slightly at night, leaving enough cream on to soften the shoulders. And if you are very thin

or your skin is very dry, leave some cream on during the night. Put a towel over your pillow and don't be afraid of cream. Use it plentifully. That's one reason most actresses have such soft skin. They make up constantly and always use cream for a foundation for the makeup—and they use quantities of it. Care for your shoulders, girls, if you are young. Pretty shoulders are a wonderful asset to beauty.

For Skins Affected By Winds and Weather

This is the season when she who would have a spotless, lily-white, satiny complexion should turn her thoughts to mercerized wax, the firm friend of the winter girl. Nothing so effectively overcomes the despoiling effects of piercing winds and biting cold temperatures. The wax literally absorbs the chapped, reddened or coarsened cuticle, bringing forth a brand new skin, clear, soft and girlishly beautiful.

An ounce of mercerized wax, obtainable at any drug store, applied nightly to the cold cream, and washed off mornings, will gradually improve the worst complexion. It is perfectly harmless, of course.
