**Air Mail Service to Start Before March 1, Says Chicago Aviator**

Air mail to Omaha from Chicago will be an actual fact before March 1, according to Harvey A. Beilgard, of the United Aircraft corporation of Chicago, who arrived in Omaha Thursday to investigate local aerial navigation conditions.

Mr. Beilgard is reputed to be one of the most expert flyers in the country. He was formerly with the Curtiss Airplane company, and flew several of the latest Curtiss models, which are said to be the largest heavier-than-air craft in the country.

He will meet with the several aerial navigation societies of the city, and "boost the air game," he said. "My company is spending more than \$500,000 in advertising this year," he declared. "I am not here, however, to push my own company, but to boost the air game generally."

"When Omaha once begins to realize the benefits of air mail, it will never relinquish the service,"

address the Omaha Jewish churches Saturday at the regular services. Sunday night he will address a mass meeting at the synagogue, Ninth and Durt streets, at 8. Nineteenth and Durt streets, at 8. Nineteenth and Durt streets, at 8. Nineteenth and Durt streets, at 8.

**Charles F. Davis Dies**—Charles Parker Davis, 57 years old, a res-

dent of Omaha for 30 years, died of pneumonia at his home, 3622 North Thirty-sixth avenue, yesterday. He was engaged in the commission business on the South Side live stock market. Surviving relatives are his wife, two sons, Sedely and Parker; his brother, Dr. W. M. Davis, and a sister, Mrs. Wilson Jones, all of Omaha. Funeral services will be held at Gentlemen's undertaking parlors at 2 p. m. Sunday. Burial will be in the Forest Lawn cemetery.

**PREVENTION IS BEST CURE FOR INFLUENZA SAY PUBLIC AUTHORITIES**

**Every Possible Effort is Being Made in Affected Localities to Stop Further Spread of Disease.**

**OUNCE OF PREVENTION WORTH POUND OF CURE**

**Persons Who Catch Colds Easily and Who Are in Run-down Condition in Greatest Danger.**

Influenza continues to spread; the disease is now prevalent over many sections of the country.

It has baffled the medical skill to an unusual extent, and although it has been held in check in most localities it has gotten beyond control in others. The germ has eluded bacteriologists, and medical men now agree that the best cure is prevention.

The surest prevention is to build up the bodily powers of resistance, and to get the system into the best physical condition possible. It is now universally agreed that it is possible to perfect the powers of resistance of the human system so that it can throw off almost any infection, not excepting influenza.

It has been observed that persons who are weak and run-down are more susceptible to the disease than persons who are in robust health, and if you are in a generally run-down condition and below normal weight this warning should be heeded promptly. If you are in this

condition nothing on earth will build you up and strengthen you like Tanlac, which contains the most powerful tonic properties known to science. As a reconstructive tonic and system builder it is without an equal and contains the very elements needed by the system to give you fighting strength to ward off disease germs. This is a statement of fact and it is supported by the recognized authorities and reference works including the U. S. Dispensatory, the Encyclopedia Britannica, and also by standard text books used in the schools of medicine. This statement is further proven by the fact that millions of persons who have actually taken Tanlac have testified to its extraordinary merit as a medicine and by the fact Tanlac is today having the largest sale of any tonic on the American market.

Tanlac is also an ideal strengthening tonic for persons who are suffering from the after-effects of colds, influenza, ordinary gripple, and bronchial troubles, and hundreds of thousands are using it daily with most gratifying results.

In connection with the Tanlac treatment it is very important to keep the bowels open by taking Tanlac Laxative Tablets, samples of which are enclosed with every bottle of Tanlac.

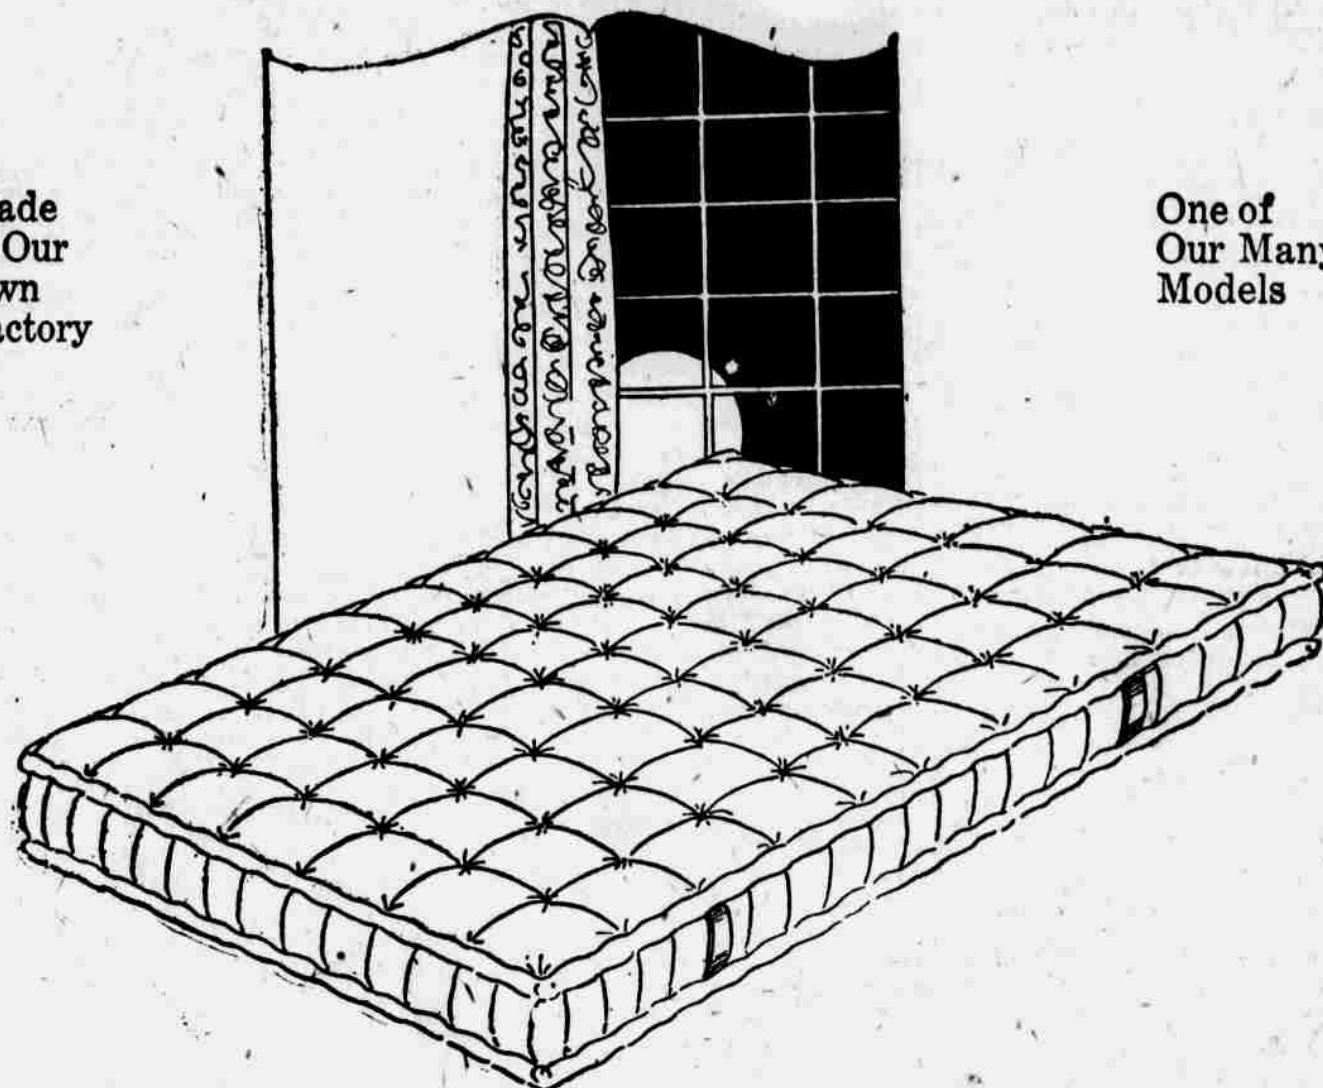

Tanlac is sold in Omaha at all Sherman & McConnell Drug Company's stores, Harvard Pharmacy and West End Pharmacy. Also Forest and Meany Drug Company in South Omaha and the leading druggist in every city and town throughout the state of Nebraska.—Adv.
