

DECREASE SEEN IN LIVE STOCK ON STATE FARMS

Lower Horses, Mules, Sheep, Swine and Cattle Than A Number of Years Ago.

Lincoln, Neb., Feb. 6.—(Special)—A decrease in the number of horses, mules, sheep, swine, milch cows and other cattle on Nebraska farms as compared with the number a year ago, is noted in a January 1 livestock report made public here today by the United States bureau of crop estimates and the bureau of markets and marketing of the state department of agriculture.

The number of live stock and the average value per head, are given as follows: Horses, 105,000. Average value, \$75. Mules, 106,000. Average value, \$99. Milch cows, 601,000. Average value, \$84. Other cattle, 2,011,000. Average value, \$45. Sheep, 327,000. Average value, \$11.10. Swine, 3,766,000. Average value, \$9.90.

The report, which gives comparative figures for 1919 and the estimated number of live stock for the state, is as follows: "According to the January 1 livestock report issued by the bureau of crop estimates and the state bureau of markets and marketing, the number of horses on farms is estimated to be 105,000, compared to 109,000 last year and 1,008,000 in 1910. Approximately 951,316 horses are taxed by assessors as on hand April 1, 1919. However, this does not include all colts, which according to the census may be estimated at something like 100,000 head. The average value is considerably less than \$75 compared to \$87 a year ago. The total number of horses in the United States is 21,000,000 compared to 21,482,000 a year ago and 19,833,000 in 1910. The average value being \$94.39 compared to \$84 a year ago.

Mules number 106,000 head compared to 109,000 a year ago and 83,000 in 1910. Assessors reports of number taxed April 1, 1919, total 951,316. The average value is \$109, which is the same as last year. The total number of mules in the United States is 4,999,000 compared to 4,400,000 a year ago and 4,200,000 in 1910. The average value is \$142, compared to \$135.83 last year.

Fewer Milch Cows. "Number of milch cows is 601,000 compared to 602,000 last year and 4,000 in 1910. The average value milch cows is \$83, compared to \$75 last year. The number of milch cows in the United States is 23,747,000 compared to 23,475,000 last year and 20,625,000 in 1910. The average value being \$85.13 compared to \$82 last year.

Other cattle total 2,011,000 compared to 2,040,000 last year and 18,000 in 1910. The number assessed April 1, 1919, was 2,235,383 compared to 1,817,700 assessed in 1910. However, young calves are not assessed in either case. The average value is \$45.50 compared to \$49.93 a year ago. The total number of other cattle in the United States is 44,500,000 compared to 45,085,000 last year and 41,178,000 head in 1910. The average value is \$43.14 compared to \$42.22 last year.

More Sheep in State. "Sheep total 3,766,000 head compared to 3,940,000 last year and April 1, 1919, were 2,189,583. The young lambs are not assessed. The average value \$11.10 compared to \$11.90 last year. The total number for the United States is 48,615,000 compared to 49,865,000 last year and 32,800 in 1910. The average value is \$22.22 compared to \$21.61.

The number of swine is estimated to be 3,766,000 compared to 3,825,000 a year ago and 3,400,000 in 1910. The average value assessed April 1, 1919, was \$9.90 compared to \$10.80 assessed in 1910. The number on April exclusive of young pigs not assessed, is no doubt much lower than January 1, which accounts partly for the difference in figures. Young ring pigs are not assessed. The average value is \$20.00 compared to \$20.50 last year. The total number swine in the United States is 72,900,000 compared to 72,827,000 last year and \$8,180,000 in 1910. The average value is \$19.01 compared to \$20.2 last year.

Never Were the Advantages of Cash Buying More Clearly Shown Than in February Sale Offerings Here

New Trimmed Hats

\$7.95 A Prominent Feature Saturday.

Mail Orders Filled From Daily Ads.

We guarantee our customers satisfaction on all purchases and our expert shoppers will tend to your buying with as much care as if buying for themselves.
