High Cost of Government

Declaring one big same of the high cost or ng is the high cost of folleral government. dor Arthur Capper of Kanson wants exnditures out down and wants the tranking civilege taken usen, timulers of congress and hat cost saved the taypasses. In 1919, he noted out the high rost of frong was triet showing and the corporation taxes leved then amounted to \$21,000,000. In 1915 they had resolved 1000 fort, and now they are about \$2,500,000,000. And this leve on corporations is taken from the public by lugher prices leved by the compora-tions. The public pays the cost of government and of business. He declares Washington and the government are in a reliculous position, preaching their and maintifical economy and then spending year after year more and more money, more than it has more than it can raise from ordinary methods. He wants the cost of should bestow the bonor as best serves their government reduced, that reductions may be started toward the taxpaper and the consumer. Ohio State Journal.
