Announces Non-Partisan Campaign Committee to Elect "True and Tried" Friends of Unions.

(Continued From Page One.) ... of our people are threatened, the circular begins.

Says Congress Failed. "The congress of the United States has failed to its duty. It has failed to meet the emergency.

Restrictions Are Intolerable. "It is intolerable that a people who have paid no cost to maintain the safe for democracy should be forced to submit to any restriction of the glorious liberties inherited from the founders of our nation.

Conscious of its responsibilities, impressed by the grave problems resulting from the great war, the American Federation of Labor at its convention in June, 1919, adopted a reconstruction program.

Plan Proved Success. "Confronted by a succession of hostile congresses, the American Federation of Labor in 1906 announced its historic 'Bill of Grievances'.

FROM FORTY-FIVE TO SIXTY A Word of Help to Women of Middle Age From Mrs. Rany.

Morse, Okla. — "When I was 45 years old Lydia E. Pinkham's Vegetable Compound carried me through the critical period of the change of life in safety. I am over 60 and have raised a family of eight children and am in fine health.

Change of Life is one of the most critical periods of a woman's existence. This good old-fashioned root and herb remedy may be relied upon to overcome the distressing symptoms which accompany it and women everywhere should remember that there is no other remedy known to carry women so successfully through this trying period as Lydia E. Pinkham's Vegetable Compound.

ESSAY TROPHIES ARRIVE IN OMAHA FOR EXHIBITION

War Hero Brings Prize Cups to Show School Children Participants in Army Contest.

Omaha school children will get their first glimpse of the silver cups offered by the War Department for the national winners of the essay contest in which 20,000,000 high school and grammar school students in all sections of the United States will compete on Friday, February 20.

The cups arrived in Omaha yesterday in charge of an officer and Sergeant Robert L. John, circulation manager of the Ft. Sheridan Record, the wounded men's newspaper, and will be on display at the Burgess-Nash store today and Tuesday, after which they will be taken to Denver, Salt Lake City and San Francisco.

Thousands of children have viewed the big loving cups in New York, Chicago and Milwaukee, the only cities outside of Washington that have been visited. In Chicago the interest shown by the school children was so great that it was necessary to place extra police details to handle the crowds.

Sergeant John, who was the first United States soldier to step into No-Man's Land, acts as guard of honor during the exhibits and explains the details of the contest and tells the children of his experiences on the fighting front as a member of Company A, 18th Infantry, First Division.

All school children are eligible to compete in the contest, either in public or private schools. The subject of the essay is to be: "What Are the Benefits of an Enlistment in the United States Army?"

The best essays from the 57 recruiting districts in the United States will compete for the three big cups with Secretary of War Baker, General Pershing and General March acting as judges. The three winners will get a free trip to Washington, where Secretary Baker will present gold, silver and bronze medals and the cups, which are the gifts of the Come Back, the wounded men's newspaper, printed at Walter Reed hospital, Washington.

Demos Ready to Accept G. O. P. Reservations

Hitchcock will submit the changes to the president before he will permit a final vote to be taken on ratification. Unless the president signifies his willingness to deposit ratification with the modified reservations, Senator Hitchcock and a score of other democratic senators are prepared to join forces with the "irreconcilables" and prevent ratification for a second time.

Hitchcock Is Hopeful. Senator Hitchcock, leader of the administration forces in the senate, was hopeful tonight that the treaty will be ratified in a form the president will accept.

Plan to Co-operate. Republican and democratic leaders plan to co-operate in untangling the parliamentary restrictions which must be removed from about the treaty to permit it to be considered. Although the first move will be made at Monday's session, these parliamentary technicalities are expected to delay actual debate until Tuesday or Wednesday.

Some declared the letter an uncompromising reiteration of the stand taken by the president on the eve of the November ratification vote and asserted that publication of his letter at this time again had widened the breach between the democratic and republican senate forces. Others, professing to see new evidences of concession in the president's words, predicted an opposite effect.

Although the president's letter was written before publication of the statement of Viscount Grey, British ambassador to the United States, regarding reservations, in some quarters it was suggested that the letter would not have been permitted to become public if the British statesman's views had resulted in any change in the president's position.

Bryan-Hitchcock Fight Likely Within Nebraska

When he read letters of regret from Senator Hitchcock, Private Secretary Tumulty and several other prominent democrats, at the time of the November ratification vote, what must have been a very interesting message sent by Lieut. Gov. Edgar Howard.

Mr. Mullen, when asked why he did not read the letter, answered that he was not the toastmaster, while Edgar Howard insists that the letter was sent to be read.

Further Sore Spots. The "harmony" dinner developed further sore spots when Bryan demagogues were shipped for England aboard two naval vessels. An airplane accompanied the vessels until they were well out of sight of land to guard against any attempt to escape.

PALMER WILL NOT APPEAL OIL LAND CASES OF S. P. R. R.

Attacks Gifford Pinchot for Protests to Government Action.

Washington, Feb. 8.—Holding that it is not the government's duty to clog the courts with frivolous and hopeless appeals, Attorney General Palmer, in a statement tonight, outlined the basis for the government's decision against carrying to the supreme court the Southern Pacific oil land cases, which decision has been the subject of protest by Clifford Pinchot, former chief of the bureau of forestry, in letters to Mr. Palmer and to President Wilson.

Indisputable evidence, the attorney general's statement asserts, was presented in the trial of the oil cases in the lower court that at the time the tracts in question which are located in southern California, were granted in 1892-1897, the Southern Pacific Railroad had no knowledge that the lands were oil bearing.

"In such circumstances," the statement continues, "no lawyer would advise a client to enter an appeal, and any appellate court would consider such an appeal to be almost frivolous. I cannot assent to the practice that is the government's duty to clog the courts with frivolous appeals, or to harass business in the country by prolonging litigation entirely without hope of recovery on the part of the government."

Nothing but the most perverted imagination could suggest any relation between some cases, involving oil leases which I tried some years ago in Oklahoma for Pennsylvania clients—small independent oil producers and this Southern Pacific litigation. Pinchot's studied effort to create the impression that these cases are similar to the Southern Pacific litigation is cowardly because he avoids a direct charge, and contemptible because he seeks to create a false impression.

WHISKY BRINGS \$1,500 GALLON AT PRIVATE SALE

Remainder of Three Barrels Is Water—Sellers Sent to Prison.

London, Feb. 8.—Alfred Harris of the Red Lion hotel, Sutton, paid \$1,500 for a gallon of whisky recently sold in London for the remainder of three barrels. Harris said \$300 for the barrels, it being agreed that Phillips should receive the balance of \$1,200 later, which he did.

Following day, on further examination of the barrels it was found that connected with the vent pegs were thin tubes which ran in whole length of the barrels. The tubes contained about a gallon of whisky, and the remainder of the barrels were filled with water.

Phillips was sentenced to three years' penal servitude and Howes to three months' imprisonment.

14 HENS LAY 13 EGGS A DAY. EASILY DONE

Mr. Moore's Hens Lay When Eggs are Scarce. Here's the Plan.

"I had been getting 2 or 3 eggs a day from 15 hens. Then I commenced putting Don Sung in the feed, and am getting 11 to 13 eggs a day, with one hen setting. Don Sung is the best thing I ever found for making hens lay."—E. L. Moore, 318 Clayburn St., Danville, Va.

Mr. Moore used 50 cents worth of Don Sung in January. Figure his profit with eggs selling at 40 cents a dozen. And this is no better than Don Sung is doing for thousands of others. Accept our offer just as Mr. Moore did.

Give your hens Don Sung and watch results for one month. If you don't find that it pays for itself and makes you a good profit besides, simply let us and your money will be promptly refunded.

Don Sung (Chinese egg-laying) works directly on the egg-laying organs, and is also a splendid tonic. It is easily given in the feed, improves the hen's health, makes her stronger and more active in any weather, and starts her laying.

Try Don Sung for 30 days and if it doesn't get you the eggs, no matter how cold or wet the weather, your money will be refunded by return mail. Get Don Sung from your druggist or poultry remedy dealer. Burrell-Durger Co., 373 Columbia Bldg., Indianapolis, Ind.

Bee Want Ads Produce Results

A Letter From Parfumerie ED. PINAUD To American Men and Women Making the Present Defer to the Future ESTABLISHED for a century with headquarters in Paris and a general agency in New York, we have had this for the last 70 years a large increase in the demand for ED. PINAUD'S Dental Cream, Loria Powder, Brilliant, ED. PINAUD'S Eau de Cologne Hair Tonic and Lilac Vegetal. Believing that in prosperous times the wisest policy would be to build for the future, we decided to maintain a low level of prices on our goods, although a large increase would have been justified. We knew that by refraining from profiteering and by judicious advertising of the superior quality of the ED. PINAUD preparations, we could become more firmly established than ever in the esteem of the American public. We now advise our friends that we do not intend to raise prices during the next six months, although conditions would warrant making our prices double what they were before the war. By increasing our production and proceeding on the principle of small profits and large sales, it has been necessary to increase our prices only 35% since the war began. We want more than ever to have the name ED. PINAUD stand for fair dealing and to cultivate a genuinely friendly feeling toward our house and our merchandise, by pledging not to increase prices except when it becomes an absolute necessity. We feel that the fine old word "trustworthiness" justly applies to the ED. PINAUD preparations. You can rely thoroughly upon their merit. They are guaranteed to contain no wood alcohol or other injurious ingredients, and have been approved in every respect by the authorities. What is even more important, they have retained the esteem of the American public for over 40 years because of their QUALITY. This fact we deeply appreciate and assure our friends we will keep faith with them.
