CANDIDATES FOR OFFICE GIVEN 5 DAYS TO ACCEPT

Two Gubernatorial Aspirants Fail to Accompany Petitions With Required Filing Fee.

Lincoln, Feb. 9.—(Special.)—Where petitions are filed in the office of the secretary of state for nomination for office at the primary, the party named in the petitions, with the exception of presidential nominations, must, within five days, file an acceptance, stating that it affiliates with the party for which the nomination is to be made. This ruling of Secretary of State Ambsbury was given on Monday.

Petitions have been received naming Grant L. Shumway for the democratic nomination for governor, but as the filing fee has not been paid, the petitions are not in force.

Petitions from Douglas and Cass counties were received Saturday for E. M. Pollard as a candidate for governor, and from Hamilton county, but no receipt showing that the filing fee has been paid has been received.

Candidates who have filed for the state senate with the secretary of state so far only disclose the name of A. F. Sturm of Nebraska, and the district composed of Cass and Otoe counties. Mr. Sturm was a member of the last senate and one of the five wives of the majority membership, and a member of the special committee which investigated the board of control.

It is also understood that Dennis Cronin, also a member of the senate last session from Holt county, has filed in his home county, but the receipt has not reached the office of the secretary of state. Senator Cronin has had much experience in legislative work, having served several terms in the lower branch before serving in the last session in the upper body, and was considered one of the strong men of the last session.

Attorneys for Cole and Grammer Keep Up Efforts to Save Them

Lincoln, Neb., Feb. 9.—(Special.)—Attorneys for Alton B. Cole and Allen V. Grammer, who were twice snatched from the jaws of death by reprieves from electrocution last Friday and Saturday, today filed a motion with the clerk of the district court of Howard county asking that the decision of that court upholding a plea for dismissal of a motion for hearing by jury of an investigation into Grammer's sanity be set aside.

The attorney general's office filed an answer to this motion in which it is stated that there is nothing new in the case which would warrant a change in the court's decision. It points out the fact that motion for a hearing of insanity must be carried to the court by either the warden of the penitentiary or the sheriff of Howard county.

Nominate Cook Postmaster.

Washington, Feb. 9.—(Special Telegram.)—Herbert O. Paine was nominated to be postmaster at Cook, Neb.

Everybody Likes 'em at the first taste

POST TOASTIES

GIVEN UP TO DIE OF STOMACH TROUBLE

But Mr. Baker is well now. Feels like he did at sixteen.

"One year ago in September I was taken down; couldn't eat, sleep or work. The doctors didn't know exactly what was the matter. Some said I had catarrh of the stomach, others said I had indigestion. I was given up to die."

"A friend persuaded me to try Milk Emulsion. In 24 hours the pain in my stomach went out of my shoulders, and I began to eat and sleep and work. Also the miserable lonesome feeling began to leave and that heavy weight in the left side of my stomach that hung like a hair iron ball, disappeared. By the time I had taken 24 bottles, I could eat anything, sleep like an infant, and the old time vim came back. I felt like I did when I was sixteen."

Get the stomach and bowels working right and the milk emulsion. Milk Emulsion is a pleasant, nutritious food and a corrective medicine. It restores healthy, natural bowel action, and away with all need of pills and physic. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milk Emulsion is strongly recommended to those whom sickness has weakened and is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved—usually in one day.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. Truly wonderful for weak, sickly children.

No matter how severe your case, you are cured by Milk Emulsion. Under this guarantee—take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 50c and \$1.20 per bottle. The Milk Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.

Governor McKelvie Urges Observance of Boy Scouts' Birthday

Lincoln, Neb., Feb. 9.—(Special.)—Governor McKelvie issued the following proclamation for Boy Scouts' "Good Turn Week":

"The Boy Scouts of America is just now completing the first decade of its noteworthy history as an organization devoted to the welfare of boys and the making of good citizens.

"It behooves us, both as individuals and as a state, to aid, encourage and support, by every means in our power, an organization which has such a splendid record of progress and service as the Boy Scouts of America has to show for the 10 years of its existence.

"It is fitting that we at this time give due recognition to this great organization.

"I, therefore, Samuel R. McKelvie, Governor of Nebraska, do hereby recognize the period, making the 10th anniversary of the founding of the Boy Scouts of America, February 8 to 14, to be observed in this state as 'Good Turn Week,' and I strongly urge that every man, woman and child in the state for that period adopt the Boy Scout habit of doing a good turn to someone each day.

"SAMUEL R. MCKELVIE, Governor."

Would Raise Marriage Age to 18 and Stop Union by Common Law

York, Neb., Feb. 9.—(Special.)—The section of the Children's Code commission, known as the subcommittee on general child welfare, Mayor A. G. Wray of York, chairman, and W. M. Bradley of Omaha, Dr. Walter Findley of Omaha, Mrs. Emily Hornberger of Lincoln and Mrs. Addison E. Sheldon of Lincoln, met in Lincoln a few days ago and conducted a study of some of the laws coming in this department.

Under the head of "Marriage and Divorce," a number of changes in the present laws were favored. Only one change in the divorce laws was suggested, that one being an amendment to a section of the statutes naming the grounds for the divorce. "Addiction to the use of opium or other drugs."

In Nebraska the age of marriage for females is now 16 and it was proposed to recommend that this age be raised to 18, marriage between 18 and 21 to be legal only with the consent of the parents.

Another proposition tentatively agreed to was the abolition of common law marriage. This is a step which has been taken in a number of progressive states.

Publishers of Central Nebraska Elect Officers

Broken Bow, Neb., Feb. 9.—(Special.)—Publishers of the Central Nebraska district held two days' session at Broken Bow Friday and Saturday. About 25 attended. The association was represented by President Israel of Havelock, past President Cass of Ravenna, Secretary Buck of Harvard and Vice President Purcell of Broken Bow. George S. Johnson of the Western Paper company and G. S. Foxworthy of the Western Newspaper Union, both of Omaha, made addresses. A central district organization was effected, with the following officers: W. R. Dutton, Omaha, president; H. R. Miller, Anselmo, vice president; J. F. Peables, Mason City, secretary-treasurer. These three officers, together with G. R. Hixon of Ansley and E. E. Wimmer of Comstock, were named as an executive committee.

Wyoming Centenarian One Of Posse That Killed Booth

Cody, Wyo., Feb. 9.—Peter Perrin, 100 years old, who was in the audience at Ford's theater at the national capital the night when John Wilkes Booth assassinated President Lincoln, and who came to Wyoming as a settler during the days when this state was a part of the Dakota territory, was a Cody visitor recently.

Mr. Perrin, or, as his friends prefer to call him, "Old Peter," enjoys nothing more than to relate tales of the frontier days—days when he came west to help lay the steel for the Union Pacific and to aid in the construction of Fort Steele. He has not yet been compelled to resort to the use of glasses in reading, and to all outward appearances possesses much of his mental and physical vigor.

Mr. Perrin was a member of the posse which chased Booth out through the stage entrance of the Ford theater and later killed him after he had been surrounded in a barn in Virginia. He was also a soldier in the union army during the civil war.

Girl Member of Burglar Gang Caught Under Bed

Chicago, Ill., Feb. 9.—Hunting through a burglar's flat used as a storage warehouse for their plunder, the police discovered a rug rolled up and thrust under a bed. Unrolling it, they discovered a partially clad and vehemently protesting young woman. Taken to a police station, she gave the name of Helen Pfeiffer, and confessed to being a member of several of the gang.

The girl acted as a "lookout" when burglaries were committed. Thousands of dollars worth of plunder was recovered.

Apply for Guardian for Herrick Family at O'Neill

O'Neill, Neb., Feb. 9.—(Special.)—Application has been filed in the county court by the eldest daughter of Emery Herrick for the appointment of a guardian for his estate, consisting of a fine stock ranch of 240 acres southwest of this city. Herrick, his wife and three of their children now are in the Norfolk asylum. It is proposed to administer the estate for the support of the six minor children, at present being cared for by friends.

FOOD PRICES IN SMALLER TOWNS VARY GREATLY

Reports Received by Director Of Economy Campaign Indicate Profiteering In Groceries.

Lincoln, Feb. 9.—(Special.)—That there is a great range in prices over the state on food products sold is evidenced by reports now reaching Mrs. C. G. Ryan, director of the economy campaign. A week or so ago Mrs. Ryan sent out letters to nearly every town in the state asking for quotations on prices charged by dealers in the vicinity and the answers are beginning to reach headquarters.

Prices on oysters are given all the way from 35 cents a quart to \$1.25. On sugar the price runs all the way from 13 cents a pound to 25 cents a pound.

Potatoes are quoted at 3 cents a pound, while in one town the price is given as 12 1/2 cents. Other towns quote 10 cents, 9 to 11 cents and 1 1/4 cents.

Bacon, sliced, standard grade, runs all the way from 35 cents, the lowest, to as high as 55 cents, although one town quotes 60 to 65 cents as the price per pound.

Rice shows an average of about 15 cents, the prices ranging from 10 to 21 cents, beans run from 12 1/2 to 15 cents.

These prices are out-state prices and do not include Omaha and Lincoln.

It is not the policy of the department to give the location of the towns where the reports come from until after a complete investigation has been made, when an effort will be made to fix responsibility and enforce a more equal price list.

Street Paving Legislation Starts Fight in Convention

Lincoln, Feb. 9.—(Special.)—After a debate which lasted nearly all afternoon, the constitutional convention refused by a vote of 33 to 61 to raise from the indefinite postponement file Delegate Epperson's proposal requiring a vote of the people of a town to issue bonds for paving of intersections of streets.

The fight was bitter, and called for a great deal of oratory from both the advocates of the proposition and those who opposed its being brought back for the general file.

The convention then went into committee of the whole to consider bills on general file, and adjourned.

Hoover's Denial of Presidential Aims Is Put Into Record

Washington, Feb. 9.—Herbert Hoover's statement that he is not a presidential candidate was put into the record by a report from Borah, republican, Idaho, who said he expected to make a speech about it later. Senator Thomas, democrat, Colorado, moved to refer it to "Chairman Hays' committee of 171 on policies," but the only consideration the motion got was a vigorous rebuff from the speaker, a request for order from Vice President Marshall.

Victor Rosewater Attends Hearing on Postal Bill

Washington, Feb. 9.—(Special Telegram.)—Victor Rosewater is in Washington attending a conference of the American Publishers' association which will have a hearing on the Fess bill, fixing second-class postage rates and providing for a commission to investigate and report to a proper classification of mail and postal charges for the different classes. The hearing will be held Tuesday before the postoffice and postroads committee of the house.

Mr. Rosewater is chairman of the postage committee of the publishers' association. The bill makes a decided reduction over present rates of postage on newspapers in the eight zones in which the country is divided.

The bill makes no change in existing law as to free circulation or exemption from the postage of the agricultural literature. The bill makes a decided reduction over present rates of postage on newspapers in the eight zones in which the country is divided.

Swift & Co. Will Build \$130,000 Plant at Beatrice

Beatrice, Neb., Feb. 9.—(Special.)—H. T. Smith, local manager for Swift & Co., yesterday received information from the head office at Chicago that the company expected to soon erect a modern plant in this city, to cost approximately \$130,000. Aside from handling poultry and eggs, the company will manufacture creamery butter.

Beatrice Woman Married in Omaha to South Bend Man

Beatrice, Neb., Feb. 9.—(Special.)—Word has been received here announcing the marriage at Omaha of Mrs. Blanche Scott of this city to Guy Teeter of South Bend, Neb., formerly a resident of Beatrice. The ceremony was performed by Dr. Jenks of the First Presbyterian church. The groom is manager of a milling company at South Bend.

Fire Destroys a \$15,000 Country Home at Kearney

Kearney, Neb., Feb. 9.—(Special.)—Fire, supposed to have been caused by a defective electric light switch, destroyed the modern country home of Mrs. W. A. Keefer on Lincoln highway. The family was sleeping in Kearney. The loss is estimated at \$15,000.

\$10,600 Paid for Bred Sow At Auction in Columbus

Tecumseh, Neb., Feb. 9.—(Special.)—W. M. Putnam & Sons sold 53 head of bred Duroc Jersey sows and gilts at public auction at Columbus for \$53,740. Forty head brought \$49,600. The top sow went to the Diamond Bar ranch at Spadra, Cal., for \$10,600. The owner of the ranch bought two others at \$6,000 each and a few at lower figures.

Four Farmers' Institutes.

Oscola, Neb., Feb. 9.—(Special.)—Four farmers' institutes will be held in Polk county during the present week, all conducted under the auspices of the county farm bureau. Speakers from outside and some local help will attend.

Platform Formulated by International Convention

Washington, Feb. 9.—Formulation of a platform embodying the principal aims and conclusions agreed upon during the three days' session, marked the final day of the national conference of women of the inter-church women's movement here today, in which representatives of 28 denominations and faiths participated. A message, containing plans outlined by the conference, will be sent to church women throughout the country.

The purpose of the conference was defined by speakers as an effort to call all classes of women to definite Christian service.

Charles A. Goss Takes His Seat As Judge of The District Court

Charles A. Goss

Charles A. Goss took his seat yesterday as a judge of the district court to finish the unexpired term of Judge George A. Day, who was appointed to the state supreme court to fill the unexpired term of the late Justice Setwick. Judge Goss received his appointment from Governor McKelvie last Saturday.

He presides over court room No. 2. He re-appointed W. S. Heller to court reporter and Wesley G. Templeton to be court bailiff.

Judge Goss' first case as a judge was that of Joe Thomas, administrator of the estate of Tony Vero, against the Union Pacific Railroad company. The administrator is asking \$25,000 for the death of Mr. Vero.

Hoover's Denial of Presidential Aims Is Put Into Record

Washington, Feb. 9.—Herbert Hoover's statement that he is not a presidential candidate was put into the record by a report from Borah, republican, Idaho, who said he expected to make a speech about it later. Senator Thomas, democrat, Colorado, moved to refer it to "Chairman Hays' committee of 171 on policies," but the only consideration the motion got was a vigorous rebuff from the speaker, a request for order from Vice President Marshall.

Free Seed Friends Win.

Washington, Feb. 9.—Friends of free seed won their annual fight in the house by defeating, 131 to 71, a motion to eliminate from the agricultural bill an appropriation of \$239,000 for seed distribution to their constituents at government expense.

"Flu" Goes for the Lungs—Stop Cough or Sore Throat Now!

Stop Inflammation and Congestion Now at All Costs—This Is the Way to Do It Quickly and Easily.

Any cough, sore throat, or chest cold, especially if it comes from the lungs, is liable to end in pneumonia or broncho-pneumonia. All authorities are warning the people to treat these dangerous symptoms in time—the very first minute they are felt. You can reduce the congestion and inflammation in your throat and nose quickly by an application of "Ulypto Ointment." It is admitted to be a most effective remedy for the purpose. "Ulypto Ointment."

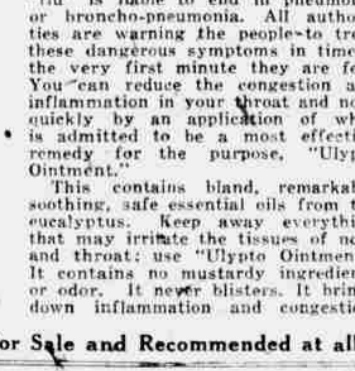

This contains bland, remarkably soothing, safe essential oils from the eucalyptus. Keep away everything that may irritate the tissues of the nose and throat: use "Ulypto Ointment." It contains no mustard ingredients or odor. It never blisters. It brings down inflammation and congestion, and this is the thing to be done at once.

One trial of "Ulypto Ointment" will convince you of its value and perhaps save you from pneumonia. "Ulypto Ointment" will not conflict with any internal treatment you may be taking. A local application is necessary, in any event, use "Ulypto Ointment."

Because of its effective results on inflammation, use "Ulypto Ointment" for sore joints, sore muscles, neuralgia, rheumatism, backache, headache, cold in the chest, nose-bleeds, etc.

"Ulypto Ointment" is sold at all drug stores at 25c and 50c a jar, or sent on receipt of price to the MacMillan Chemical Co., Falls City, Neb.

For Sale and Recommended at all leading drug stores.

ASK YOUR DRUGGIST

RUSH TO OBTAIN LICENSES FOR WHISKY SALES

Doctors and Druggists Both File Applications With the Federal Prohibition Director Here.

More than 100 applications have been received by James Hanley, federal prohibition director for Nebraska, from doctors and druggists for permits to prescribe and dispense liquor for medicinal purposes.

"At least 25 reputable physicians called at my office Friday and Saturday," said Mr. Hanley. "They advocated the use of liquor as beneficial in influenza and pneumonia cases and asserted that they were anxious to obtain their permits as soon as possible.

To Sell 82 Pints.

"Omaha druggists will be enabled to sell whisky at an average price of \$2 per pint. They will buy their liquor from the government for about \$4.50 a gallon and must pay an additional federal tax of \$6.30 a gallon. This will make the cost per gallon to the druggists about \$11 and they will probably sell it for \$16, or \$2 a pint."

No permits have been issued by Mr. Hanley, who is waiting for A. G. Dingley and N. B. Miller, special prohibition field supervisors, who will come to Omaha within 10 days to check receipts, permits, prescription blanks and other material in the local office. Permits will be issued immediately after this checking is completed.

The issuance of permits for the purchase of alcohol for nonbeverage purposes is still in charge of the national revenue office. This business also will be turned over to Mr. Hanley when the field supervisors arrive here.

No Loophole in Law.

"There is no loophole in this federal law," said Mr. Hanley. "The fact that druggists will be permitted to maintain and sell stocks of liquor does not mean that everyone who has a doctor's friend will be able to get booze for beverage purposes. These physicians have their reputation for integrity at stake. Their character is investigated before they are issued permits and they are required to deposit bonds of \$1,000. Druggists must also deposit bonds in the same amount. "Strict supervision will be maintained and the federal law makes adequate provision for the prosecution of all violators. All of the physicians that have called to see me are sincere in their motive. They realize the mistake of abusing the privileges afforded by the new law and most of them declare that liquor has definite medicinal value in certain cases.

"One doctor said he had seven influenza patients for whom he would prescribe whisky, as soon as he could get his permit."

A large quantity of blanks have been received by Mr. Hanley. They include numbered prescription blanks, registered permits and other stationery to be used in the elaborate system which has been devised for controlling the dispensing of liquor.

Conflict of Laws.

Elmer Thomas, Omaha attorney and an advocate of prohibition, conferred with Mr. Hanley about the conflict between the state statutes and the federal law which permits druggists to sell liquor. The Nebraska statute forbids sales even for medicinal purposes.

"This office is not directly concerned with the state law," said Mr. Hanley. "The federal law is plain in its instructions to me, I am obliged to issue permits upon application, for the applicant could mandamus me and force me to do so if I refuse. We cannot abrogate anyone's protection from the state law, but we are not concerned with its enforcement.

Having disposed of "Babe" Ruth, President Frazee now has only 18 of the Red Sox to sign up for the coming season.

Strike Commission Has No Authority Yet To Readjust Prices

Washington, Feb. 9.—Protests of a great number of bituminous coal operators that they are incurring a loss under the present maximum fixed prices and the 14 per cent increase to miners led the coal strike settlement commission to decide on opening of a special committee to bring the compilation of data bearing on the necessity for a readjustment of these prices in all fields.

Announcing that the purpose of the committee was solely to facilitate consideration of the price question by the commission, Chairman Robinson emphasized that the commission was yet entirely without authority to order any readjustment of prices. Such authority, he said, would be asked for only if the commission finally concluded that new price levels were necessary. Appointment of the committee, however, following the reorganization of current losses by many operators, was accepted as a substantial indication that the commission believes that a readjustment of prices to the public must be included in its final settlement.

Personnel of the committee, which

Army History of the War Ordered Speeded

Washington, Feb. 9.—General March has ordered the historical branch of the War Plans Division of the general staff to concentrate its efforts on the history of the World War with a view to its early completion and issuance to the army. The orders specify that research and study be regarded as "of secondary importance" and should be performed by agencies of the department.

will include representatives of operators, miners and the public, probably will be announced tomorrow.

STOP ITCHING SKIN.

Zemo the Clean, Antiseptic Liquid, Gives Prompt Relief

There is one safe, dependable treatment that relieves itching, burning, and burning—Resinol to *stop* the itching and burning—Resinol to *soothe* the eruption. This gentle ointment has been so effective for years in treating eczema, ring worm, itching, burning rashes, and sores, that it has become a standard skin treatment. It contains nothing that could irritate the tenderest skin.

Your druggist will also tell you that Resinol Ointment is excellent for relieving the smart, itch, and burn of mosquito-bites, and insect-stings. It soothes and cools skins burned by wind or sun. All dealers sell Resinol Ointment.

Men who use Resinol Shaving Stick find soothing lotions unnecessary.
