

DRIVE AWAY HEADACHE

Rub Musterole on Forehead and Temples

A headache remedy without the dangers of "headache medicine." Relieves headache and that miserable feeling from colds or congestion. And it acts at once! Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister. Used only externally, and in no way can it affect stomach and heart, as some internal medicines do.

Remove Those Hairs—Roots and All!

The new way to remove disfiguring growths of superfluous hair, roots and all, will astonish and delight you. You never saw or heard of anything like it before. It is not a depilatory and not electrical. You simply get a stick of phenacetin from your druggist and follow the simple directions at home. In a few seconds you have removed the offending hairs, roots and all. With your own eyes you see the roots come right out. Phenacetin is absolutely harmless, non-poisonous and perfectly odorless.

BAD COUGH; NIGHT SWEATS; LOST WEIGHT

Mr. Coleman thought his time had come. But he's well now.

"I was taken with a dry, hard cough about 6 months ago. Finally I got so sore across the chest I could hardly breathe; had night sweats and everything would be wringing wet, and coughed continually until I thought it would kill me. Had no appetite, spent over \$100 on doctors and medicines, and was worse off than when I started. The first bottle of Milks Emulsion did me more good than all the \$100 spent for other treatment. It soon gave me a good appetite, my cough left me, and I have regained the flesh and strength I had before I was sick. You need an appetite, a good stomach, and some real strength if you want to get off disease. Give Milks Emulsion a trial at its maker's risk. Milks Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and cathartics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milks Emulsion is strongly recommended to those whom sickness has weakened, and is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved—usually in one day. This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. No matter how severe your case, you are urged to try Milks Emulsion under this guarantee—Take six bottles home with you, use it according to directions, and if not satisfied with the results, your money will be promptly refunded. Price 60c and \$1.20 per bottle. The Milks Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.

HANLEY BLASTS HOPES FOR SALE OF WHISKY HERE

Dry Director Tells County Treasurers In Convention Attorneys General Must Battle Law's Difference.

The rift which many former devotees of "the flowing bowl" saw in the prohibition "cloud" during the last few weeks when James Hanley, federal prohibition director for Nebraska, announced that permits would be issued to druggists to sell whisky on physicians' prescriptions, was bottled out to some extent by this same Mr. Hanley, speaking yesterday before the 10th annual convention of the county treasurers of Nebraska at the Hotel Rome.

"I will issue the permits to the druggists to sell whisky," said Mr. Hanley. "But if the state officers catch a druggist selling it they can arrest him under the state law and prosecute him."

It is perfectly legitimate under the 18th amendment of the federal constitution to sell whisky for medicinal purposes. It is not legitimate under the Nebraska state law to sell whisky for medicinal purposes.

Let the Fight Be On. "It is a question for the state and federal legal officers to decide and maybe for the courts finally to adjudicate. The attorney general of Nebraska has decided that the state law must govern. This would mean no whisky sales for any purpose. The attorney general of the United States has not yet given a decision. I expect more light on the subject when the special federal prohibition field supervisors arrive here. It may be that the courts will have to render a decision on a test case."

County Treasurer Endres of Douglas county presided at the session of the convention. Philip Bross, secretary of the state finance department, presented the budget system as it is proposed to adopt in Nebraska, and made a general talk on state taxation.

GENERAL WOOD WOULD MODIFY LEAGUE PACT

Gives Views on Covenant and Peace Treaty at Behest Of Borah.

Chicago, Feb. 11.—Gen. Leonard Wood, replying today to the request of Senator William E. Borah for views of republican presidential candidates on the league of nations and the peace treaty, said he believed "that we should accept the league of nations as modified and safeguarded by existing Lodge reservations."

General Wood declared that in his opinion the people at large had indicated they favored the treaty, provided America's rights were fully safeguarded and that he did not believe it necessary to delay consideration for a general election.

Wood's Reply in Full. The reply, made public tonight, follows: "I believe that we should accept the league of nations as modified and safeguarded by the existing Lodge reservations, reservations that Americanize it and safeguard our traditional policies, reservations which leave America absolutely free and untrammelled to follow the will of her own people in all questions of foreign and domestic policy."

"I, of course, at all times favor getting the views of the people of the country where it is practicable. However, in view of the fact that the people have clearly indicated—as I see it—that they are in favor of the treaty if our traditional policies are safeguarded, it seems unnecessary to delay this most important question for a general election in which their views could

hardly be more decisively expressed than they have already been. Favors Foreign Policy.

"With reference to your question as to my views on the foreign policy of this government, I am in favor of, and shall continue to be in favor of, the well established foreign policy of this government which conserves and promotes the interests of our own country. I do not think this treaty, with the reservations, impairs that policy. It does not entangle us, it leaves us free to exercise our own judgment; it is temporary if we choose to have it so; we can retire on two years' notice.

"One aim of America's foreign policy has always been the promotion of the peace of the world. In order to accomplish this end, its people must be free in any situation to stand for righteousness according to their judgment. As an important means to that end, instrumentalities should be created and developed by which, consistently with this freedom, the momentum of the other free and peace loving nations of the world acting concurrently with us, can be added to our efforts."

Republican Heads Confer on Details of National Convention

Chicago, Feb. 11.—Will H. Hays, chairman of the republican national committee; A. T. Hert, chairman of the convention committee, and Fred W. Upham, formerly national treasurer, conferred on details of the national convention here June 8. It was announced that 13,400 seats would be provided in the Coliseum, several hundred more than for the 1916 convention. A gold badge, with a medallion of Lincoln suspended from an American flag, was decided upon for the delegates and sergeant-

at-arms and his assistants. Alternates will wear a bronze badge similar in design.

30 Injured in Wreck.

Louisville, Feb. 11.—Thirty persons were injured, 10 of them seriously, when a heavily loaded street car and a Louisville & Nashville accommodation train crashed here on a grade crossing. Mrs. Felix Dunas, wife of a city councilman, and Mrs. H. H. Metz suffered internal injuries and doubt as to their recovery is entertained.

Teachers Get Raise.

Chicago, Feb. 11.—Teachers in the Chicago elementary schools Wednesday obtained a salary increase of \$450 a year and high school teachers an increase of \$400 under a decision by the board of education. The increases are retroactive to January 5.

Stop the "Flu" in Your Head Before It Gets to the Lungs!

Stop Congestion and Inflammation Quick By Using Safe, Soothing "Ulypto Ointment."

The "flu" germ enters the body at the nose or throat and at once causes inflammation and congestion. If you sneeze, have pains in the eyes, ears, head or back; if your eyes look bloodshot, your nose runs, or you cough, feel weak and look sick, either one or several of these symptoms point to the dangers of the "flu" for you. Whatever internal trouble you take, one fact is certain, a local application to relieve the inflammation and congestion in the nose or throat is imperative. You cannot do better to relieve these inflammations than a simple application of a compound of eucalyptus essence, called "Ulypto Ointment." Physicians know the great value of various extracts taken from the eucalyptus tree. "Ulypto Ointment" gives splendid results on inflammations and congestions; it is exquisitely soothing, never blisters, contains no mustard or other ingredients. One application usually produces quick relief—quick, that's essential. "Ulypto Ointment" is splendid in cases of headache, neuralgia, rheumatic pains, stiff muscles or joints, sprains, chest colds and head colds. "Ulypto Ointment" is sold at all drug stores at 25c and 50c a jar, or sent on receipt of price by the MacMillan Chemical Co., Falls City, Neb.
