REAVIS FAVORS COURT OF LABOR IN CONSTITUTION

Nebraska Congressman Makes Earnest Plea to Lincoln Convention for Workingmen's Rights.

Lincoln, Neb., Feb. 13.—(Special.)—Congressman C. F. Reavis of the First Nebraska district made a plea before the constitutional convention today for a constitution which will be flexible enough to meet future needs.

Specifically, Congressman Reavis recommended authority to permit

P. A. Barrows, Correspondent

the establishment of an industrial court similar to that recently created in Kansas. Workingmen must not be denied the right to strike, he said, as long as no provision is made for the adjustment of their grievances. On this subject, he said:

Justice for Employe.

"I am fully cognizant of the economic wastefulness of strikes. I recognize the validity of society's protest against them when directed at public necessities, but one thing which should be always borne in mind is that the very social order now protesting against strikes is the social order which in large measure is responsible for strikes. What remedy has organized society offered to labor to redress its wrongs other than that of the strike? To what tribunal provided by law can labor carry its complaints of long or short hours, inadequate wages or insanitary conditions surrounding employment? Suppose the employer refuses to treat with labor, and an instance of this character has been quite recently disclosed, what has society done to require both parties to state

the conditions and provide a remedy? "The public has the right to continued production of those things essential to the public welfare, but common justice requires the public in the exercise of its rights to protect the interests of all others concerned."

To require men to work for inadequate wages and under insanitary conditions under penalty of the law is to be guilty of a system of peonage which is out of harmony with the spirit of our institutions. If we are to deny the right to strike in any public necessity, we must by the same legislation provide a tribunal to hear the merits of the controversy and to remedy whatever of wrong exists.

"Under the present constitution, no such court as this can be provided. The action taken by the state of Kansas in providing what is known as an industrial court would be impossible in Nebraska. The only way in which this need could be accommodated would be by the legislature adding the jurisdiction

to the district courts, which for obvious reasons I believe to be both unwise and inexpedient. I greatly prefer the language of the federal constitution which empowers the legislative branch of the government to ordain and establish such courts, inferior to the supreme court, as the needs and exigencies of the people may require. I have examined the Kansas law with some degree of care, and while I believe experience will disclose the need for changes, nevertheless the principle is sound. Under the terms of this enactment, strikes are forbidden in public necessities, but a court is created to hear and determine the issue between labor and capital, so that in the end the rights of all, including the rights of the public, are fully protected.

"I did not favor the anti-strike provision of the so-called Cummins bill because no adequate or workable provision was contained in the measure to protect either the rights of the public or of labor. I favor the provision contained in the conference report on the railroad bill if it is as reported by the press."

POLLARD ACCEPTS FILING AND WILL OPPOSE M'KELVIE

E. M. Pollard Friends to Handle Campaign, He Declares In a Statement.

Lincoln, Feb. 13.—(Special.)—E. M. Pollard of Nebraska, Cass county, announced today that he would accept the filings made for him with the secretary of state for the republican gubernatorial nomination of Nebraska.

In an official statement Mr. Pollard declared that if elected he would enforce the laws of the state to the fullest extent. He stated that his candidacy would remain in the hands of the people responsible for the filing of the necessary papers.

Because of his commission in the state constitutional convention, now in session, he stated his candidacy would have to wait until the session closed, as he would continue to devote his attention to his duties in the convention.

Mr. Pollard is a member of the board of directors of the Farmers' State exchange, and a national director of the Farmers' Educational and Co-Operative Board of America.

He served in the sessions of the state legislature in 1897 and 1899; was a member of congress from 1905 to 1907 from the First district, and was a candidate for the republican nomination for governor of the state in 1916, but withdrew in favor of A. L. Sutton of Omaha, in order to unite the prohibition forces.

Sutton Will Not Oppose Pollard for Governorship

A. L. Sutton yesterday announced that he will not be a candidate for the republican gubernatorial nomination if Mr. Pollard gets into the race in good faith, and Mr. Sutton further stated that he will support Mr. Pollard.

"If Mr. Pollard announces that he will make the race in good faith and will make an active race, I will not file," Mr. Sutton said.

Mr. Sutton is suffering from a slight attack of influenza.

State Exchanges School Lands in Forest Reserve

Lincoln, Feb. 13.—(Special.)—The state board of public funds has completed a trade proposed by the government which transfers to the government 14 sections of school land now in the forest reserve belonging to the state, the state taking its pick of the same number of sections outside the reserve.

This will give the government a chance to improve the land and at the same time give the protection necessary in order to make the trees grow.

Shumway Accepts Filing for Gubernatorial Nomination

Lincoln, Feb. 13.—(Special.)—Grant L. Shumway of Scotts Bluff has accepted the filing made for him for the democratic nomination for governor.

Mr. Shumway says that he makes the sacrifice because he believes it is necessary to have a candidate who believes in the long ballot and will take a full out of protesting.

Dwight T. Griswold of Gordon filed for representative for the republican nomination for the legislature, last year represented by Mr. Briggs.

CONSTANT BRONCHIAL COUGH FOR 16 YEARS

Then Mrs. Crawshaw stopped her cough so quickly it alarmed her.

"I suffered with bronchial trouble and asthma for 16 years. In January, 1904, I had an unusually severe spell, resulting in pneumonia and was confined to bed for 4 months. Then I began to mend, but my cough never left.

"The following October, I tried Milk's Emulsion. After a few days my cough gave way, and ceased entirely after another bottle—so sudden that I became alarmed. Getting over my fear, I took 6 bottles more. For 9 months previous I had coughed night and day, but my relief came. Getting over my fear, I used all kinds of medicines until I became skeptical. But the results from Milk's Emulsion were nothing short of marvelous." Mrs. J. B. Crawshaw, 1438 Grand Ave., Des Moines, Ia.

For all chronic or severe coughs, or hard colds, Milk's Emulsion is really remarkable. The system is built up and strengthened. It throws off the trouble. Milk's Emulsion is a pleasant, nutritive food and a corrective medicine. It restores health, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickens the digestive organs in the same way as assimilate food. As a builder of flesh and strength, Milk's Emulsion is strongly recommended to those whose sickness has weakened, and is a powerful aid in resisting and repairing the effects of wasting diseases.
