

HEAD OF HORSE BREEDERS ASKS STATE OFFICE

H. J. McLaughlin Announces Candidacy for Governor At Annual Sale in Grand Island.

Grand Island, Neb., Feb. 19.—(Special Telegram.)—Scores of horsemen from all over Nebraska and from other states are gathered here at the sixth annual convention and sale of the Nebraska Pure-Bred Horse Breeders' association.

President H. J. McLaughlin, who announced his candidacy for the republican nomination for governor, presided at the business meeting and explained the purposes of the new national organization of horse interests.

In the annual election of officers Mr. McLaughlin was re-elected president, S. Z. Williamson of Albion, vice president, and C. F. Way of Lincoln, secretary-treasurer.

In opening the sale of the horses brought here by the breeders, Auctioneer P. McGuire briefly addressed the gathering and said he would first introduce one of the biggest teams in the state, the president and secretary of the association, who had done much to make the meeting a success.

A banquet was attended by all visitors and a number of representatives of the Chamber of Commerce of the city.

Grand Island Man Seeks Nomination by Republicans Lincoln, Neb., Feb. 19.—(Special.)—H. L. McLaughlin of Grand Island today filed with the secretary of state for the republican nomination for governor of Nebraska.

He announced himself against the present code bill and pledged his efforts to restore the management of state affairs to the regular constitutional officers.

Mr. McLaughlin also said: "I am persuaded that the question of law enforcement is the most important matter now before the people. We need, by the example of a forceful, respect-commanding administration, by education, and by means of the wholesome aid of all religious and civic organizations, a revival of that patriotism which shall inculcate a more general and clearer conception of the blessings of organized society as compared with the laws of the jungle."

LANGUAGE BILL PASSED AFTER FIGHT IN DIET

Overwhelming Vote Favors English as Official Language in State And Schools.

Lincoln, Neb., Feb. 19.—(Special.)—After a hard and windy battle in the constitutional convention the English language won out by a decisive vote in which only nine members voted against its recommendation for passage.

Amendments were voted down by so close a vote that friends of the bill became agitated for fear the bill would be defeated. The amendments, while not vital to the bill, gave opportunity for oratory.

Those voting against the bill were Albert of Platte, Alder of Brown, Bryant of Cedar, Cornell of Cherry, Donohoe of Douglas, Eperson of Clay, Lahners of Thayer, Landgren of Fillmore, Thielens of Platte and Votava of Douglas.

The bill reads: "The English is hereby declared to be the official language of this state, and all official proceedings, records and publications shall be in such language, and the common school branches shall be taught in said language in public, private, denominational and parochial schools."

At the close of the discussion Judge Nelson instead of Delegate McDonnell, who made the closing speech in favor of the proposal, it was the intent of the proposal to cut out the Latin phrases in legal matters. Mr. McDonnell said it would not. Judge Norval created some amusement by declaring, "I hope so."

Raise Debt Limit. Half a million dollars is the limit to which the state can go into debt as reported by the committee on public indebtedness.

NEED OF CHURCH TRAINING TOLD AT CONFERENCE

Typical Conditions in Nebraska Counties Explained At Interchurch World Movement Sessions.

Lincoln, Neb., Feb. 19.—(Special Telegram.)—The religious story of a typical Nebraska county was told at a state-wide meeting of Nebraska ministers by Karl W. G. Hiller of Lincoln, supervisor of the interchurch world movement survey.

Mr. Hiller's story was a part of the program which is being devoted to telling the need of the world for preachers, missionaries and workers.

More than 600 Nebraska ministers were in attendance when the conference was called to order. The announcement was made that all the speakers of the interchurch world movement team which will address the conference have arrived and there will be no further delays in the program.

Dr. Hiller's time was cut short and he was unable to give in detail the story which he had prepared of a typical Nebraska county, but he told the conference enough to whet their appetites and open their eyes.

Three Pastors at Work. "There are," he said, "720 square miles in this county and enough trade territory in adjoining counties to make up a territory of 2,400 square miles. There are three villages in this vast territory, their population aggregating 700. The total population of the territory is 1,350."

There are just two Protestant and one Roman Catholic pastors at work in the county and two of these also work in adjoining counties. The total parish area is 440 square miles and the total membership of the churches in the area mentioned is just 76. One of these pastors has been in the work 45 years and another one for 35 years."

Others who addressed the conference were Dr. Dolvi Harlam, secretary of the Baptist Home Mission society; and the total membership of the interchurch world movement literature department.

Education Is Discussed. The afternoon session of the conference was devoted to the problem of education. Dr. H. O. Pritchard of Indianapolis, president and president of the Interchurch Americanism educational department, presided.

In spite of a permanent annual expenditure of \$1,000,000,000, the United States has not yet taken her work of education seriously," said Dr. Pritchard.

J. Kirkwood Craig, director of surveys of special groups, pointed out that there are in the state of Nebraska 426,940 Protestant and non-Protestant children and youth who are not in any school for religious instruction. "If you were to point to the weakest spot in the Protestant church you would point to the 27,000,000 children and youth who are growing up in spiritual illiteracy and to the 16,000,000 more whose religious instruction is limited to the brief half-hour once a week on Sundays. A church that cannot save her own childhood can never save the world."

Bishop Stuntz Talks. Dr. Lyman P. Powell, ex-president of Hobart college and associate director of the speakers team, spoke in behalf of the spiritual resources department of the Interchurch World Movement.

Dr. J. H. Potter, chief compiler of the World Survey Statistical Mirror, who was to have spoken during the afternoon, was taken ill and Dr. George E. Farrar presented the matter.

Bishop Homer C. Stuntz of Omaha, although not on the program, was invited to address the conference on the needs of the far east for missions and mission workers. His address received the warmest welcome accorded any of the speakers.

Illustrated Lecture. In the evening Dr. J. H. Potter of Anderson, Ind., field representative in the world-wide movement, delivered an address on the "Statistical Mirror," using lantern slides to illustrate the subject. He spoke of the rise and fall in membership in both churches and Sunday school, as well as financial support, and said if the membership of Protestant churches were on a salary equivalent to that of an Alabama waitress, which is about 57 cents a day, and they would tithe that salary, the complete budget of the local church and all the benevolent interests would be paid in full and leave a nice margin of more than \$2,000,000 for extension work.

State Commercial Club Secretaries in Session at Columbus

Columbus, Neb., Feb. 19.—(Special Telegram.)—The State Association of Commercial Club Secretaries, of which Harry Elliott is secretary, is in session here. It will be its province to decide on a place to hold the annual meeting some time in June. President Miller presided at the opening session and welcomed the visitors to Columbus.

Frank H. Beals of Norfolk was chosen as chairman of the meeting and gave the visiting members a talk on what he considered the duties of a commercial club secretary.

There were eight visitors present at the opening session and others who signified their intention of coming are expected on later trains. Those present are: Miss Esther Stock Grogan, Kearney; E. M. Beatty, Blair; J. M. Gillan, Omaha; Harry H. G. Desher; D. J. Thomas, Grand Island; F. H. Beals, Norfolk, and A. P. Schnell, Broken Bow.

The local commercial club gave the secretaries a banquet at which a short program of toasts and music was enjoyed.

Nebraska Jewelers Select Omaha for 1921 Convention

Fremont, Neb., Feb. 19.—(Special Telegram.)—Omaha was chosen as the meeting place in 1921 of the Nebraska State Jewelers association at the closing session here. The following officers were elected: President, F. A. Hannis, York; vice-president, R. A. Goodall, Ogallala; secretary-treasurer, E. B. Fanske, Pierce. Executive committee, Grover Spangler, Fremont; E. O. Frien, Omaha; H. I. Herrin, Sargent. The action of delegates to the national convention was left to the executive committee.

The forenoon session was given over to business. The Ku Kus entertained the jewelers and their ladies at a dance and program at Hotel Pathfinder.

Say Bridge Payment Fought Because Loan Was Refused

Fremont, Neb., Feb. 19.—(Special.)—In a motion for a change of venue in the case of Robert Drake, president of the Standard Bridge company, against Dodge county and the state of Nebraska to collect for work done in making the fill at the North Bend bridge a "certain member of the board of supervisors whose name is not mentioned, is alleged to be waging the fight against payment of the plaintiff's claim because he had endeavored to borrow \$3,000 from the plaintiff and had been refused."

Plans Revived for World Agriculture Conference

Washington, Feb. 19.—Plans for a yearlong conference on agriculture were revived today at the meeting of the National Board of Farm Organization, at which more than 30 agricultural bodies were represented. A committee was appointed to arrange an early conference with representatives of farm organizations of foreign countries.

Charles S. Barrett, president of the National Farmers' union, who presided at the conference, explained the reason for the abandonment of a similar project last year. He said that while abroad "persons in authority" had asked him not to proceed to Ireland for this purpose.

LAY PLANS FOR INTERNATIONAL FARMERS' MEET

Victor Murdock Speaks Before National Board of Farm Organizations in Capital. Washington, Feb. 19.—Back of every basic commodity exist "movements which should give the country gravest concern," Victor Murdock, chairman of the Federal Trade Commission, told the annual conference of the National Board of Farm Organizations.

Explaining to the delegates representing more than 30 agricultural bodies the work of the federal trade commission, Mr. Murdock said it was the "economic eye" of the government to ascertain the facts regarding these movements in order that the public might be protected.

The work of the commission in the past has been "almost elementary," said Mr. Murdock, adding that the commission was about to embark on the study of "other and graver problems" affecting the nation's business. Further than that he did not elaborate his statement, which aroused keen interest among the delegates in view of recent investigations into meat packing, coal mining and other primary industries.

Revive Plans for Congress

Almost the first act of the conference was to revive plans for an international farmers' congress. A committee was appointed with instructions to communicate at the earliest possible moment with similar organizations in foreign countries.

Other committees were organized to report on the modus operandi of the investigation committee of the federal trade commission to report on the outlook for importation of foreign fertilizers and to examine into the foreign exchange situation as it affects American trade.

Charles S. Barrett, president of the National Farmers' union, who presided as chairman of the conference, said that while it would be very pleasant to be able to say that "it is well with agriculture and that in the farmers' mind there is no discontent, nothing left to be desired," the facts were that "the farmer is not content or satisfied."

Farmers to Pool Efforts

Answers to the recent questionnaire sent out by the Postoffice department, he said, came nearer to revealing the truth about agriculture than anything that has received equal publicity in the city press.

"The farmers, at least the organized farmers, from now on will pool their efforts in exploring what in the past has been forbidden ground," said Mr. Barrett. "They will employ trained research workers to investigate affairs affecting agriculture. With trained research publicity and legal talent, farmers need no longer be impotent in dealing with the questions of marketing, distribution and finance."

Practically the entire membership visited Secretary Meredith of the Agriculture department, who has asked the counsel and co-operation of the national board.

In 1918 only 110,618 aliens came to the United States, the smallest number since 1862.

Plan Reclamation of West and South Land Through Bond Issues

Washington, Feb. 19.—Reclamation of unused lands in the west and south through bond issues, operating similar to the federal farm loan system, would be authorized by a bill introduced by Senator Fletcher, democrat, Florida. A similar measure will be offered in the house Friday by Representative Smith, republican, Idaho.

Under the plan \$20,000,000 worth of bonds would be sold the first year, \$30,000,000 the second, \$40,000,000 the third and \$50,000,000 the fourth, with a total not exceeding \$350,000,000.

The measure represents the concerted action of the south and the west for a great national rather than a sectional plan. The southern interests, including the governors of states and officials of the Southern Commercial congress, met here last month and evolved a bill which the representatives of the west, under the chairmanship of Governor Davis of Idaho, later approved.

Former Governor Spry of Utah has remained in Washington in charge of the legislative program of the west. The Southern Commercial congress estimated that the program, if adopted, would make feasible the reclamation of 5,000,000 to 7,000,000 acres of land by the end of the tenth year.

4,500 Officers of Army Debated Since Armistice

Washington, Feb. 19.—In response to a resolution regarding the War department's demotion policy, Secretary Baker informed the senate today that its plan was "to demote officers when they become surplus in their temporary grades."

On November 11, 1918, about 7,600 regular officers were holding advanced grades, but this has been reduced to about 3,000, with demotion continuing, the secretary said.

Unearth Much Cocaine When Three Men and Woman Held

Montreal, Feb. 19.—Mr. and Mrs. Everett J. Cameron of San Francisco, Sydney Kahn of Chicago and Reuben Petrie of Texas City were arrested here upon request of the police at San Francisco and Chicago. The arrests were made in an apartment house where the four had lived a month and in their possession was found \$2,000 worth of cocaine and \$500 worth of jewelry.

15,000 Sheep Perish in \$1,000,000 Prairie Fire

Buenos Aires, Feb. 19.—A great prairie fire, 60 miles wide, has swept through the territory of La Palmita, in the central part of the republic. Fifteen thousand sheep and much other live stock are reported to have perished while the material damage is estimated at \$1,000,000. The fire is said to have been the biggest ever known in Argentina.

Date Fixed for Final Decree in Packers' Case

Washington, Feb. 19.—Attorney General Palmer announced that February 27 has been fixed as the date for the filing of the government's bill, the answers of the defendants and the final decree in the meat packing dissolution case. The jurisdiction in which the proceedings will take place was not disclosed, but is expected to be Chicago or New York.

FARMERS OF U. S. DISSATISFIED WITH CONDITIONS

Additional Answers to Questionnaire of Postal Department Accentuate Feeling of Disgust.

Washington, Feb. 19.—Additional replies from farmers to the questionnaire recently sent broadcast by the Postoffice department accentuate the feeling of dissatisfaction expressed in the first 40,000 of the answers, which James I. Blaklee, fourth assistant postmaster general, reviewed recently before the senate postoffice committee.

"About 70,000 communications are now at hand," said Mr. Blaklee, "and of those who make any comment beyond an explicit answer to our questions, there are none who do not complain bitterly of the shortage of labor, of the high price they must pay for the same, of the cost of fertilizer and farm implements, and cite as indication of their attitude that they propose to reduce and suspend production, and that they did not propose to labor 14 and 16 hours daily, to supply the necessities of life for high paid, short hour, urban resident consumers."

McNary Bill Stops Cases Against Omaha Zone Sugar Brokers

Thomas S. Allen announced in Omaha yesterday there is little prospect of charges being pressed against three beet sugar brokers of the Omaha district, against whom he heard evidence here two months ago.

"Dealers testified these three brokers completely controlled the beet sugar supply in the Omaha zone and were supplying only favored customers," Mr. Allen said. "A month after the Omaha hearing was held, and before action on the cases had been taken by Department of Justice officials, congress passed the McNary bill abolishing the sugar zoning system. Dealers in this territory may now buy sugar anywhere and the alleged restrictive combination of sugar brokers loses much of its power."

Mr. Allen said federal agents were still collecting evidence of alleged profiteering by Nebraska coal and clothing dealers and that a large amount of evidence was ready for presentation to the next federal grand jury. No Omaha firms are involved, he said.

America's World Trade Is Endangered, Alexander Says

Washington, Feb. 19.—American trade with the world is endangered by the action of the appropriations committee in cutting the foreign trade estimates in the Department of Commerce from \$1,565,000 to \$494,000, Secretary Alexander declared in a formal statement.

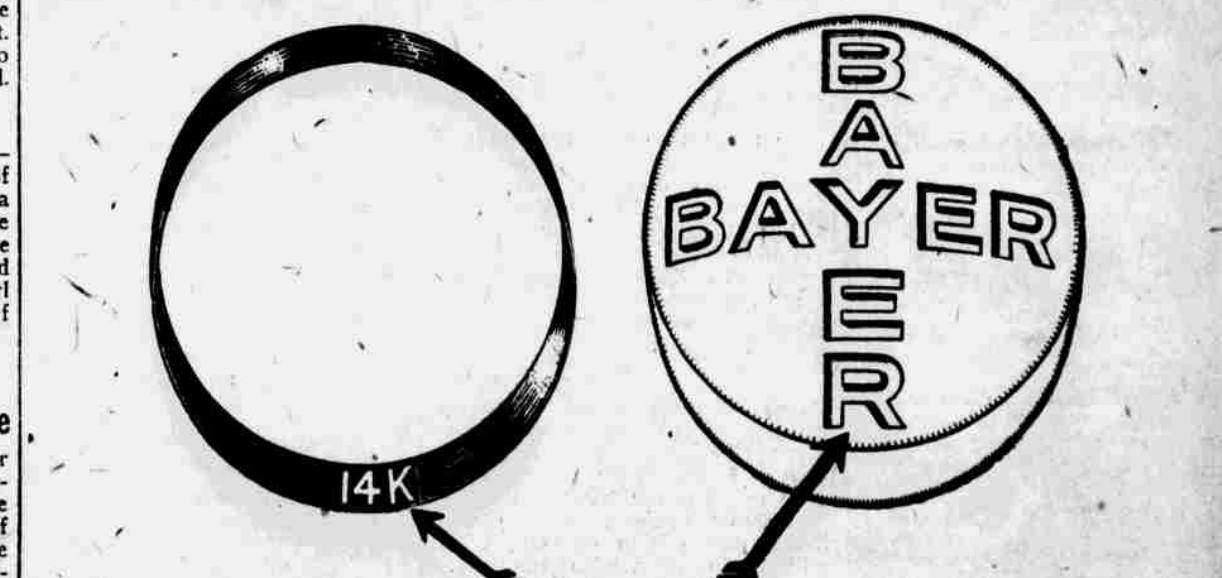

"This is the most serious blow ever aimed from within at our foreign trade," the secretary said. "The sum allowed is only one-half of the appropriation now used. At the very time when European and Japanese governments are striving strenuously to perfect their trade-promoting machinery through, enormously increased appropriations, this bill proposes to scrap the American machine, the most effective and smoothest-running that any government has ever been able to assemble."
