In 1919 the same kind of grapes sold for 200 per pound wholesale. It is conservatively estimated that a fully developed vineyard such as are grown at Santa Resa will yield more than 8,000 pounds of grapes per acre, which at 20c per pound amounts to \$1,500,00. These grapes begin to bear the second year and will last practically a lifetime. Demand unlimited. Prohibition will not affect this industry. No special skill or experience required. Grape failures very bre. Safest, most secure and profitable meatures to the same and the second year and will last all the year-found climate in United States. Sait water on two sides. Sunstrokes unknown. Very healthful spot. Good, pure drinking water. Best soil in Fiorida. Two and three crops per year. Plenty of rainfall. Irrigation unnecessary. Good schools, churches, stores, hotel and northern people—no negroes. Superb boating, bathing, fishing and hunting. Lumber at wholesale prices. Land prices still low and good 10-acre tracts available for those who act quick. Beautiful illustrated literature, maps, etc., sont free.

Iowa Lands. WE OFFER FOR SALE

The 10-acre suburban home of Judge
J. R. Reed, situated on McPherson avenue, adjoining the city, about 3 blocks
from car line and paved street, suitable
for either a permanent residence or a
summer home. This property is a natural park, covered with blue grass and
shaded by natural hard wood trees. It
lies baautifully, sloping gently back
from the street to an elevation where
the house stands, said by many to be
the prettiest site about the city for such
a home. The architecture of the buildings is good. The house is well built,
modern, commedious, attractive, and
about as good as when built. There is
a good barn, waterworks system and
electric lights. Land enough cleared for
garden and yards. To those who know
this property it is not necessary to say
it is a most desirable suburban home.
Whether you know it or not, if interested, we would consider it a pleasure to
show you this beautiful place. If you
don't buy it, you may have some friend
who would like it. The price is probably iess than two-thirds of cost to produce such a property, were another such
site available. See us for price and VE OFFER FOR SALE duce such a property, were another such illable. See us for price and McGee Recal Estate Co., 195
