Crowd Ever at High School Game Here Is Expected.

Friday night at Creighton gymnasium the High School of Commerce and Central High school basket ball squads will clash for the city championship. South Side High was eliminated from the city title

years, but this year the Bookkeepers are the favorites for the city championship.
Although the business lads are

the favorites in Friday's contest, the Purple and White squad is confident that it will be the victor.

The largest crowd ever witnessing high school basket ball-game here is expected to be present at this game. The manager of athletics at Central High is arranging accom-modations for 2,500 spectators. The Purple and White band will be present at the game.
Otto Nelson, president of the Stu-

lent association at Central High, will have a mass meeting Friday morning to practice yells. Several speakers have already been aranged for. Saturday night at the Y. M. C. A.

the Centralites will tackle the Iowans from Sioux City. The last game between these teams resulted in a victory for the former cagers. This game will probably be the last game played by Central-High before the state tournament.

IF AN English walking suit is appropriate for Easter morning, then an English running suit should be correct for G. Washington's birthday. Old Pussyfoot Johnson is over in the monocle department now, trying to flatten the theory that the red nose never sets on the British empire.

Over on the edge of the works, the old boy has been successful. The loving cup is a lacrimatory and the stein is an urn. The booze industry in the mitts of the pharmacists, and all the boys are going back to the pharm. But keeping the country dry is just as easy as pulling a silk shirt over a mad porcupine's back.

A doctor's prescription is the Open Sousame, pronounced with the oil on the first syllable, that unlocks the magic door. In the original barbecue, Sesame meant wheat. Sousame means rye. Both mean grain, only now we are being rubbed against it.

Any time that you feel that you ought to feel sick, get clubby with the old family fizzician and he prescribes a little fizz. Instead of writing out prescriptions, the docs now scribble out season tickets to the drug store. A chain of apothecary garages is the new Underground Railroad by which the emancipated rum slaves go through all the gestures of escaping to Canada. A guy will grab a commutation ticket on the corner powder works and stagger back home with the old drink ticket looking like a crib-

When cashing a booze check, the druggist makes out the order in triplicate. One document goes back to the doctor, one to the druggist and the third to the Government officials. The Government keeps a list of every pint that is sold. A rummy is now a guy who looks upon the tape

Some years ago the town of Tenafly, N. J., threatened to print menu containing the names of all the bar cooties in town. It wasn't a big list, because Tenafly isn't a big town. No citizen of that roll of honor could grab a snifter in the village glue pot. The law still holds good. But while the honest villagers are sleeping, while the aldermen are snoring, Tenafly's bay rum hounds have been working on three formulas that are bound to revolutionize the red nose industry. Here they are, but don't tell anybody we buzzed you.

Side Swipe: Side Swipe is a new intemperance drink that acts just the way it sounds. It's a secret recipe. Nobody knows how it is made, as it requires an autopsy to determine its ingredients. One drink is a colision. Two drinks are Gates Ajar. The third drink is unnecessary.

Jump Steady: Yea,b o. One swig of Jump Steady will crack any safe in the world. Should be taken with a slow fuse and plenty of paid-up insurance. Wood alcohol is a chaser compared with Jump Steady.

Wolf Syrup: Farmers used to use this stuff to poison rats, but now

Formal Order Signed Granting Injunction In German Ship Sale

Drawn for The Bee by McManus United States Acquires

Washington, Feb. 24.-Associate Justice Bailey of the district supreme court today signed the formal order of injunction against the shipping board to prevent the sale of 29 former German liners.
