

Lloyd George Takes Up Singing Instead of Golf for Exercise

By FORBES FAIRBAIRN.
London, Feb. 28.—Hitherto Lloyd George's chief relaxation from the cares of state have been golf. It has been his habit, no matter how pressing his duties, to leave his office and seek a few hours rest on the Surrey Downs every week-end. Now it develops, according to Mrs. Nora Langhorne Phipps, sis-

ter of Lady Astor, he has taken up singing as a more refreshing mental stimulant. When a guest at Cliveden, Lady Astor's magnificent country home, he frequently settles down before the great blazing hearth in the hall and, with the fire-light playing across his face, sings for hours, delightful half forgotten melodies from the scores of ancient Welsh bards to the soft languorous strains of Mrs. Phipps' ukulele.
"The prime minister loves nothing better than to settle down before the fire and join in singing old-time melodies," said Mrs. Phipps. "He has a fine silvery tenor voice

and next to the ballads of ancient Wales he likes the darky songs of the south and American ragtime. I think he has spent many of his most enjoyable hours away from Downing street with us."
The prime minister has commented on the absolute mental relaxation obtained by singing, according to Mrs. Phipps. "Golf and billiards necessitate mental effort," she says. "Singing requires a minimum, that is why it does him more good, in my opinion, than the more active forms of amusement."

40 York Women Send Hearty Endorsement To Pershing Campaign

York, Neb., Feb. 28.—A Pershing petition, signed entirely by women of the Fourth ward of York, has been sent to the campaign headquarters at Lincoln by Mrs. John McFadden. All but four of the 40 signers are married women, according to Mrs. McFadden, and many of them had sons in service overseas.

Charges Filed Against Kidnaping Case Lawyer

Tombstone, Ariz., Feb. 28.—Issuance of a warrant for the arrest of Bruce Stephenson, an attorney for the defense in the Bisbee deportations case on trial here, on charges of perjury was the main topic of conversation in Tombstone today.

Pink Paper, Similar to That Found on May Day Bombs, Is Found

New York, Feb. 28.—Evidence of connection with bomb outrages was found today, the police announced, when Vieto Mariani, also known as Mario Viaguro, an anarchist and editor of three Italian newspapers, was arrested on a charge of anarchy. In his room in an east side lodging house was found pink paper similar

to that discovered at the Washington home of Attorney General Palmer and at the New York home of Judge Charles C. Nott after they had been damaged by bombs, last June, it was asserted. The paper also was similar to that wrapped around 36 bombs found in the mails at the New York postoffice last May.
Mariani was held in \$15,000 bail for further examination on March 3. According to the police the initials "K. B." said to have been found on a handkerchief in the home of Attorney General Palmer after the outrage, corresponded to initials signed to a number of circulars found in Mariani's room.

Industrial Plant Employees At Boston Dig Out of Snow

Boston, Feb. 28.—Industrial establishments were asked to divert the energies of their employes today to digging out railroad yards and junction points in New England where thousands of cars have been stalled by recent snow storms. Experts on transportation regard the situation as the worst in history. Many plants have been closed because of fuel shortages and others will follow early next week unless conditions are improved. The question of food supplies is serious in some sections.

Showing the Best Assortment of Linoleums in Five Years

This is due to the fact that we have received from England several splendid patterns of Greenwich Inlaid Linoleum—a whole carload—merchandise that has been entirely off the market during the war period. In addition to this, we are able to show several patterns in 12-foot Inlaid Domestic Linoleum. This width in Inlaid Linoleum, so convenient in large jobs, has also been unprocurable since 1914.

The showing of Domestic Inlaid and Printed Linoleums will enable the most exacting to find patterns suitable to the floor covering jobs they contemplate.

- 6-ft. Greenwich Inlaid, at, per square yard, **\$2.50, \$3 and \$3.50**
 - 12-ft. Wide Inlaid, at, per square yard, **\$3.50**
 - American Inlaid patterns, at, per square yard, **\$1.95, \$2.20 and \$3.25**
 - American Best Printed Goods—
 - 6 ft. wide, per square yard... **\$1.35**
 - 12 ft. wide, per square yard... **\$1.50**
 - 7½ ft. wide, per square yard... **\$1.35**

This is a good looking crib, finished in white enamel. Fitted with link fabric steel spring. Size 34x50.

\$12.50

Steel Cribs from \$7.50 to \$35.00.

Announcement!

In introducing the Round Oak Pipeless Furnace, it is felt that some explanation is fitting. Orchard & Wilhelm Company are very much interested in comfortable homes, because furniture and the other things they sell cannot be enjoyed to the full when the home is cold, dusty and uncomfortable.

For this reason we are in favor of any good heating system, and it is our firm belief that we have in the Round Oak Heating Plant the very best, providing the installation is done under the direction of a properly qualified heating engineer—such a man as we have employed.

If you are dissatisfied with your present heating arrangements or if you contemplate building, it will be time WELL SPENT investigating the Round Oak Pipeless Furnace. We strongly recommend early action and decision to avoid increasing costs and a very probable shortage later in the year—BUY NOW, INSTALL and PAY LATER.

ROUND OAK PIPELESS FURNACE

Here Are Seven Things You'll Want to Know All of Which We Carefully Demonstrate

- 1 Why the quality of heating service assures a comfortable, clean, healthful home in any weather.
- 2 Why the convenience of simple operation, regulation, and quick heating compares favorably with much more expensive types of heating systems.
- 3 Why the low first cost is due to economy of material and labor instead of cheapness of construction.
- 4 Why the fuel bill can be reduced from ¼ to ⅓—enough to save handsome dividends on the amount invested.
- 5 Why the "upkeep," or expense for repairs, is positively less than any other type of heating system.
- 6 How you are protected in the purchase of a Round Oak Pipeless Furnace at this store, because of the manufacturer's refusal to authorize installation where their Trained Heating Engineers cannot safely guarantee it to operate efficiently, their decision being made after careful study of conditions in your home—no "guesswork"—thus protecting all concerned.
- 7 Why the purchase of a Round Oak Pipeless Furnace will increase the value of your property more than the amount invested.

Expert service will be maintained for assisting customers in their plans for using Cretonne to the best possible advantage. There is scarcely a window or grouping of windows, however odd, but what we have already made plans and sketches for its treatment, and if such plans are not in our files we will make them for you.

MAIN FLOOR

A Full Line Detroit Jewel Gas Ranges

These gas ranges not only dominate the gas range business by reason of their perfect construction and design, but because there is a real variety of styles so that almost every kitchen, large or small, and every household, large or small, can be "Fitted."

No style takes more space in the kitchen than is absolutely necessary.

The burners give the maximum heat for the amount of gas consumed.

The oven "bakes better" because of the patented double-wall construction that circulates and distributes the heat evenly.

The size of the burner top gives ample room. The height of the oven eliminates stooping.

A full line of DETROIT JEWEL gas ranges, and COMBINATION gas and coal ranges are shown in our Downstairs Department.

A study of the hundred and one things that go to make these gas ranges efficient is well worth a little time spent with our expert.

You will find that prices on these ranges compare favorably with other makes, while the quality and patented design is overwhelmingly in favor of Detroit Jewels. Prices start at **\$38.75**.

The Brunswick

Most Phonographs have some mechanical device by which they claim superiority. In the Brunswick we have an instrument that has been designed in every detail to conform to the best laws of acoustics and sound reproduction. Such patented features as the—

ULTONA Tone Arm that plays ALL records BETTER with just the correct needle weight, the correct needle, and the precise diaphragm and with the utmost convenience in changing from one make of records to another.

THE OVAL HOLLYWOOD THROAT that amplifies tones and eliminates metallic sounds.

The Filing Devices that differ in the various models. The Automatic Stop.

The Extra Heavy Cabinets that insure the correct timbre.

As well as many other features that you will note, and we will point out.

You may try any Brunswick out in your own home. Just phone Tyler 3000, ask for Brunswick Service, and we will tell you how. This service positively does not obligate you.

Cabinet styles are from **\$115**. Brunswick Phonographs are built in Mahogany, Walnut, Fumed or Golden Oak and Lacquer.
