

TRUCKS ARE NO LONGER A SIDE ISSUE OF SHOWS

Vice President Marphew of Patriot Line Says They Draw Good as Pleasure Cars.

The motor truck is coming into its own at automobile shows as well as in the workaday world, declares C. F. Marphew, vice president of the Omaha Patriot Motor company, distributors of Patriot trucks.

Now Attract Crowds.

"Everyone is aware that truck exhibits not so long ago formed only a minor adjunct of the annual shows," he says. "Pleasure cars held the center of the stage and trucks were consigned to the rear and wings. But at the shows I have attended this year there is noticeable a big difference. The crowds are just as thick around the truck displays as around any of the pleasure car exhibits."

"We expect the same thing to be true at the Omaha show. Dealers and prospective buyers are showing much interest in the models of Patriot trucks to be shown and will flock to Omaha from over Nebraska and western Iowa."

Two Patriot Models.

The "Reverse" model, 1,500 to 2,500 pounds capacity, and the "Lincoln," 2,000 to 5,000 pounds capacity, will be the two models on the floor of the motor show. Space was insufficient for exhibiting the heavier "Washington" model, which has a carrying capacity of 5,000 to 7,500 pounds. The "Washington" will be shown at the Patriot salesrooms, 2010 Farnam street.

Mr. Marphew points out that Patriot dealers in this section are able to obtain unequalled service through having the Patriot factory at hand.

"No War Profiteer,"

Says Lloyd George

Paris, Feb. 28.—Even Lloyd George cannot afford the luxury of prices.

A Parisian Pekinese at present day Desiring to carry home a handsome specimen as a souvenir gift for his daughter, he recently essayed to purchase a Pekinese at a fashionable dog fanciers' shop in the Avenue des Champs Elysees.

"How much for this one?" said the British premier.

"Three thousand dollars, and a bargain at that," replied the fancier. "I'm not a war profiteer," answered George. "I'm only a poor British premier. Sorry, but I can't afford it." And he regretfully patted the valuable animal and left the shop to hurry to an appointment with M. Clemenceau.

Patriot Trucks Becoming Popular Here

Denman Enters Truck Field

C. King Denman, formerly secretary of the Trans-Mississippi Grain company, has become office manager for the Truck and Tractor corporation, distributors of Master and Commerce motor trucks in Nebraska and western Iowa.

Mr. Denman was in the days of the bicycle one of Nebraska's champions and was manager of the bicycle department of the Columbus Buggy company. He has been an athlete all his life and it is not surprising, therefore, that he should associate himself in business with W. J. Foye and W. A. Pixley, president and general manager, respectively, of the Truck and Tractor corporation, both of whom have been practically all of their lives well known athletes.

Mr. Foye is a champion golfer and Mr. Pixley was a champion bicycle rider and former foot ball star.

Broker Trades Sugar for Several Bottles Whisky

Nutley, N. J., Feb. 28.—J. C. Horter, a Wall street sugar broker who lives here, was going to stage a certain celebration the other day, but discovered his wine cellar was empty. While thus distressed he met another Wall street mah, to whom he confided his trouble.

"Well, if you can get me about 110 pounds of sugar," said the other broker laughingly, "I'll give you some of my stock."

After convincing him that he had 100 pounds of the precious staple, Mr. Horter asked what he would offer for it.

"I'll give you a bottle of gin, two bottles of 100-proof whisky and four bottles of Burgundy wine," his friend told him.

The bargain was then gone through with in the most serious manner possible.

Mourners Hear Deceased Sing at Funeral Services

Mt. Vernon, Ill., Feb. 28.—The widow of W. N. Smith, who was his second wife, with other mourners heard "Rock of Ages" sung by Smith and his first wife at his funeral services here.

Husband and wife sang the hymn into a phonograph six years previously and the record was played as part of the burial service.

Baby Is Scalded to Death; Drank a Cup Of Boiling Water

New York, Feb. 28.—Biosco Del-savero, 2 years old, of 52 Fifth street, Long Island City, died at St. John's hospital under strange circumstances. According to the child's mother she had some boiling water in a cup, prepared to make coffee, when the child seized the cup and drank the water. Death was caused by internal burns.

The Medical Examiner's office is investigating the case.

To Breed Philippine Hump Cattle With Texas Cows

Fort Worth, Tex., Feb. 28.—More than 100 Texas cows have just been purchased by the United States government and will be shipped to the Philippines to be cross-bred with the native Indian or humpback cattle of the islands. The purchase was made by Dr. A. S. Shealy, purchasing agent for the Philippines, who said the island cattle were poor beef producers. By crossing the Indian breed with the hardy Texas stock, he said it was believed the home supply of beef could be increased in the islands, thus decreasing the heavy importation of meat.

Being Maid to Queen

Mary Is No Sincere

London, Feb. 28.—In these days of high cost of clothes, being a maid to Queen Mary is no sinecure. The maids, never of lower rank than grand-daughters of barons, receive \$1,050 annually, the title of "honorable" and a badge-miniature of her majesty, surrounded by diamonds. The maids of honor serve in pairs for a month at a time. Two have just retired through ill health.

Chinese Laundrymen Use Buttons as Poker Chips

Cleveland, O., Feb. 28.—Have you ever wondered what became of the buttons which were missing when your washing came back from the laundry?

Maybe this is the answer: Sixteen Chinese laundrymen were fined \$10 and costs when arraigned before Municipal Judge Sawicki. The Chinamen were convicted of gambling.

As evidence, the detectives introduced a box filled with buttons. According to the arresting officers, these buttons were used as poker chips.

Capture Golden Eagle

Glenwood Springs, Colo., Feb. 28.—A rare specimen of golden eagle, said by experts to be the finest ever captured in this section of the country, was trapped recently on Mt. Sopris, near this city. The eagle is full grown and will be presented alive to the city park zoo in Denver.

Chicken Pickers Suffer

From Mysterious Malady

Concordia, Kan., Feb. 28.—Nine persons employed as chicken pickers at the Metz Packing Co. plant here are suffering from a mysterious malady, said by physicians to be similar to blood poisoning.

The first victim of the strange disease was recently "spurred" by a rooster. Other workers in the department have, they declare, contracted the "disease" through similar accidents.

Soldering Aluminum.

An ingenious method of soldering aluminum is as follows: Drill the surface of the aluminum with as many small holes as possible at a slight angle. Drive in brass plugs that are a tight fit and smooth off the pegs even with the surface. The surface should next be cleaned thoroughly and paste solder be applied with a hot soldering iron, after which the two surfaces are put together, heated and treated exactly as copper or brass.

"Happiest Girl" Says Husband Is a Jewel As Well as Jeweler

London, Feb. 28.—The "happiest girl in all the world" lives in Rawlins, U. S. A., according to her own confession. She is Mrs. Charlotte Ruby Halle, and she was married a few days before Christmas in New York City to a man she had never seen before.

Charlotte formerly lived in Crosby, Lincolnshire, England. She sent her photograph to a cousin

in Rawlins as a Christmas present in 1918. Her cousin showed it to W. Hale, the town's leading jeweler. He wrote and she answered. On December 18, 1919, she said goodbye to England. He came on from Rawlins and met her at the pier. They were married and arrived in Rawlins Christmas day. She looked the town over—she was already in love with her husband—sat down and, writing to her friends here, told of her happiness. She said her husband was a jewel as well as a jeweler.

From home to home her marriage trip totalled 6,000 miles. The first pneumatic tire ever put into practical use was 30 years ago.

See the Kissel Trucks at the Motor Truck Show this week

A TRUCK feature that will interest you at the Motor Truck Show this week is that the units in the Kissel truck chassis are oversized—the Kissel-built motor, the frame, springs, axles, brakes—big sturdy dependable truck units—each are built for real truck service.

The dominating thought in every step of Kissel truck construction for fourteen years has been to "build to prove equal to exceptional service."

Other exclusive Kissel truck features of special interest to Omaha business men are—

Special display of all Kissel truck chassis for every line of business—a size for every purpose. Special body equipment—the original ALL-YEAR Cab that insures truck operation the year around, and other transportation cost-reducing features. Motor Truck transportation experts in attendance. Data Catalogues free to bona-fide business men.

PHILADELPHIA DIAMOND GRID BATTERY

with Philco Retainers is Guaranteed Two Years

Bridge-like Diamond Construction, Quarter Sawed Hardwood Separators, plus the new, exclusive, patented feature, the Philco Retainer, makes this extraordinary guarantee not only possible but conservative.

AND this guarantee, to you as a car owner, carries a very worth-while message. Such a guarantee by a manufacturer of country-wide reputation, such as the Philadelphia Storage Battery Co., can only be based on proven facts—facts that show definitely that not one, two nor a hundred batteries will last two years, but that not one in a thousand will fail to outlive its long guarantee.

Because, then, of these advantages, which make the Two-Year Guarantee possible, you are assured a better battery, more snappy starting, more dependable lighting and fewer repair bills.

We still have some good territory open for high-grade representatives, and to those so located that we are able to accept them we offer an opportunity to get in a business where real work brings a very real return. And a connection with the Philadelphia Storage Battery Co. is usually a lifetime connection, for we have the "big family" way of doing things that means pleasant business relationship. So if you want to join in with us, come around and particularly ask about the 50-50 plan of helping you pay for your advertising.
